BRITISH WARSHIPS IN HOT PURSUIT OF FLEEING FOES

NURNBERG OVERTAKEN AND SUNK BY BRITISH

London, Dec. 10.—(7:48 p. m.)—The official bureau announced this afternoon that the German cruiser Nurnberg, one of the warships which escaped from the English in the engagement of December 8, has been sunk.

GERMANS FIGHT BRAVELY.

Deliver Six Furious Counter Attacks at One Spot in France.

Paris, Dec. 10.—(2:39 p. m.)—The day of Dec. 9 passed quietly in Belgium as well as in the vicinity of Arras, according to the official statement given out at the war office in Paris this afternoon. The communication says:

"Further to the south in the region of Lequesnoy and around Andechy, we made advances varying from 200 to 600 yards. Our gains were maintained and consolidated.

"In the region of the Aisne and in Champagne there has been no change. The German artillery over which we gained the advantage during the past few days, yesterday evidenced increased activity, but was again mastered by our heavy artillery.

"In the environs of Rheims the French compelled the Germans to evacuate several trenches. This evacuation was carried out under the fire of our infantry.

"In the region of Perthes, the enemy, by means of two counter attacks, endeavored to recapture the intrenchments which he lost to us Dec. 8. He was repulsed. The ground taken by us has been effectively protected.

Six Counter Attacks.

"In all the Argonne region we have continued to make progress. We have occupied new trenches, repulsed with complete success six counter attacks and completed and consolidated. the ground won from the enemy.

"On the heights of the Meuse there has been artillery engagements in which we maintained an advantage and this in spite of the very great activity of the enemy.

"In the forest of Lepretre we have taken some new trenches.

"There is nothing to report on the remainder of the front as far as the Swiss frontier."

REPORTS FRENCH REPULSE.

Germans iVctorious in Forest of Argonne, Says Berlin.

Berlin, Dec. 10.—(By Wireless to London, 3 p. m.)—Today's official communication by the German army headquarters' staff asserts that a French attack resumed in the forest of Argonne was repulsed, the allied forces losing heavily. The text of the statement reads:

"In the district of Souxn. the French yesterday confined themselves to heavy artillery firing.

"A renewed French attack on Rocroi and Courcullies did not make any progress. The attack broke down under the fire of our artillery, the enemy sluffering heavy loss.

"Yesterday three of the enemy's aviators dropped about ten bombs on a town situated outside the range of operations, the town of Freiburg, (Baden.) No damage was done. The incident merely shows again that an open town, not within the range of operations, has been attacked with bombs by the enemy.

"To the east of the Mazurian lakes, (East Prussia,) onlv artillery encounters are taking place.

In northern Poland our columns advancing on the right bank of the Weichsel, (Vistula,) took Przasnysz by storm. Six hundred prisoners and some machine guns were captured. The attack along the river Weichsel is being continued.

"In southern Poland the Russian attacks were repulsed."

WORKS HAVOC TO SHIPPING.

Presence of German Cruiser Terror to Merchantmen.

New York, Dec. 10.—The will o' the wisp movements of the German cruiser, Karlsruhe, in South American and West Indian waters, and the belief that German secret agents are keeping her informed of movements of merchant vessels, is working havoc with shipping along the South American coast, according to officers of the steamship Scottish Prince that arrived here today from Santos.

The Scottish Prince left Santos for New York on Oct. 31. She received wireless reports that the Karlsruhe was watching for her and altered her course to the extent that she steamed more than 100 miles out of her way on the trip to New York. Nothing unusual was sighted, however, and she completed her voyage in safety.

At various ports of Brazil and Argentina, between the Amazon and Platte river, officers of the ship said, on this voyage, they counted 87 German and Austrian steamships interned because of the war. At Santos they passed close to the German steamship Prussia that was interned by the port authorities on Sept. 24, after being fined $1,000,000 for failure to comply with navigation laws of the country with particular reference to supplying fuel to warships of a belligerent nation.

Today's War News Given in Summary.

The German line that stretches across France for more than 200 miles is said by the French war office to be giving way before the attacks of the allies. The official statement from Berlin today gives few details of the fighting in France, although asserting that the allies in one instance were repulsed with heavy losses.

The French announcement says that the allies have prosecuted the offensive successfully at points scattered much of the way across the country. Specific mention is made of the capture of trenches and victories in artillery duels and of advances of 200 to 600 yards. These onslaughts have led to spirited counter attacks by the Germans, who yesterday are said to have made no less than six of these attempts in the Argonne.

The German statement is confined, so far as the fighting in the west is concerned, to a reference to the conflict in the Argonne, where it is stated an attack of the French was repulsed.

The German military authorities say that in the east the advance along the Vistula river is being continued and that a small Polish town has been captured. As to the campaign in southern Poland, where, according to unofficial advices from Berlin the Russian wings have been thrown back, the war office statement merely says that attacks of the enemy were repulsed. To the north in East Prussia the fighting has diminished in intensity, apparently pending the outcome of the main battle to the west of Warsaw. In the northern region, says the German war office, only artillery encounters are taking place.

The naval battle in the South Atlantic and the illness of Emperor William diverted attention today from the great struggles now in progress in Belgium, France and Poland. The fate of the small German cruisers, Dresden and Nurnberg, which at last accounts were being pursued by British warships, had not been disclosed. The British admiralty preserved its silence as to the make up of the squadron which sent to the bottom the formidable German cruisers Scharnhorst and Gneisenau, and the smaller cruiser, Leipzig, but it was intimated at Tokio that the warships which avenged England for the loss of the Good Hope and Monmouth, were all Brit[illegible]

DRY VERDICT AT MUNCIE IS UPHELD

Indianapolis, Dec. 10.—Muncie, a city with a population of more than 25,000, will continue to get along without saloons. The supreme court of Indiana today affirmed the Delaware circuit court which ruled that the option election of March 9, 1914, in which Muncie was voted dry, was legal.

The election was contested by the liquor interests on the ground that voting machines were used in violation of the state constitution, which provides "that all elections by the people shall be by ballot."

The supreme court in overruling the contention declared that the constitution was not intended to retard the progress of the state by preventing the adoption of improvements.

300 ILL AS RESULT OF CHICKEN SUPPER

Battavia, N. Y., Dec. 10.—Three hundred persons who attended a chicken supper at a church here last night are under a physician's care today. P. A. RANDALL ON THE PROGRAM TODAY

Waterways Congress Also Hears Half a Dozen Congressmen.

Washington, Dec. 10.—Speaker Champ Clark and five other members of congress were on the program for addresses at today's sessions of the national rivers and harbors congress. They included Senators Weeks, of Massachusetts; Sheppard, of Texas; Smith, of Michigan; Saulsbury, of Delaware, and Representative Raker, of California. Among the other speakers was Perry A. Randall, of Fort Wayne, Ind., president of the Erie and Michigan Deep Waterway association.

Senator Weeks had prepared an address in which he advocated the appropriation of a lump sum for waterway improvements to be expended under direction of a commission composed largely, if not entirely, of army engineers. In this manner, he declared, there would be a development of projects which most urgently required it. Senator Weeks deprecated the appropriation of large sums of money for projects which would not pay a reasonable return on the amount invested.

IS STATE QUESTION, SAYS WILSON AGAIN

Washington, Dec. 10.—President Wilson was asked today to endorse a constitutional amendment for woman suffrage and reiterated that the question was one for the states.

Miss Anne Martin, president of the Nevada Suffrage association, was introduced to the president by Senator Pittman and told of the recent victory of woman suffrage in Nevada. The president congratulated Miss Martin on the success of the cause in her state and declared that was the way to bring about woman suffrage. He said that no locality should have such a question forced upon it.

BUT ONE-FOURTH OF PAROLED GO WRONG

Indianapolis, Ind., Dec. 10.—Only 26.02 per cent of paroled inmates of the state's penal institutions have gone "wrong" after being released during the 17½ years the indeterminate sentence law has been in effect in Indiana. This information was collected in a report made public here today by the board of state charities.

SETS UP BOGEY MAN OF STRAW

Is Way Gardner Describes Wilson Discussion of National Defense.

MASSACHUSETTS MAN URGES HIS INQUIRY

Says Coast Defense Ammunition Supply Would Not Last an Hour.

Washington, Dec. 10.—Representative Gardner addressed the house today on his resolution for investigation of the preparedness of the nation for war. He prefaced his remarks by announcing that he had introduced a bill to enact into law Secretary Garrison's recommendation in his annual report, published today, to recruit the United States army to its full war strength.

A large portion of his speech Mr. Gardner devoted to an analysis of President Wilson's reference to national defense in his annual address to congress Monday. He declared the president had set up "a bogey man of straw" and that "if war were to break out today it would be found our coast defenses have not sufficient ammunition for an hour's fighting."

"We must depend in every time of national peril upon citizenry trained and accustomed to arms,' says the president," said Representative Gardner. "But how are we to get enough citizenry, as he calls us, in the ordinary people? Does the president realize that there are only 120,000 militiamen in this whole nation? Does he understand that 23,000 of them did not even show up last year for annual inspection? Does he know that 31,000 did not appear at the annual encampment? Is he aware that 83,000 or nearly half of this citizenry, never appeared at the rifle range during the whole course of last year?

Where Get Weapons?

"Where is this citizenry to get the weapons of war? According to the last report of the chief of staff we are short 316 field guns and 1,322,384 rounds of ammunition necessary to equip our militia in time of war. Last year General Wood asked for enough guns and ammunition to bring the United States up to the standard of Bulgaria. That immodest demand was gently, but firmly rejected.

"I will not say that we have only enough field artillery ammunition to last for a single day's battle if all our guns were engaged, but I will say that such is the statement that has been made to me by one of the highest officers in the United States army. I do not believe [illegible]

WILL NOT COMPETE AS MILITARY POWER

Daniels Puts Climax on Two Days of Discussion of Defense.

Washington, Dec. 10.—Secretary Daniels told the house naval committee today that while the American navy should be "steadily strengthened each year, the sentiment of the American people was against making the United States into a military nation in competition with the heavily armed powers of Europe."

The secretary's declaration today, close upon the remarkable testimony of Rear Admiral Fletcher, commander of the Atalantic fleet, who yesterday told the committee there was only one navy in the world—England's—to which the United States was not equal, came as a climax to two days' discussion of the preparedness of the nation for defense.

Secretary Daniels declared he decried demands for great increases in the array of battleships and submarines and declared the United States already was a strong nation. He outlined this year's plans for two dreadnoughts, six torpedo boat destroyers, eight or more submarines, including one of the sea-going type, and the others for coast defense, one gun boat and one oiler.

"There is no occasion," said the secretary, "to have as big and powerful navy as England, for instance, but we ought to have a powerful navy steadily strengthened each year. My opinion is that universal disarmament will come, but never by the action of any one nation and we would not further it by stopping construction now."

TRUSTEES TALK OF RURAL EDUCATION

Indianapolis, Ind., Dec. 10.—Problems connected with rural education and business matters relative to the work of the trustees took up much of the time of the meeting of the Indiana State Trustees' association which was to close at Tomlinson hall today.

The nominating committee decided on the following recommendation for offices of the association for the ensuing year: President, W. D. Carter, Muncie; vice president; Michael Storen, Lexington; secretary, C. A. Biller, Staunton, and treasurer, G. W. Pfleger Fowler.

An important division of the work of the association next year will be the activities of the legislative committee in keeping in touch with matters pertaining to the trustees which might come up at the coming session of the Indiana general assembly.

One little girl who wants to be included in the distribution of gifts purchased by the contribution to The Sentinel-Empress Christmas fund asks a new set of legs and arms for her dolly. She says:

"I can't hardly wait until you come and please bring me a writing desk and china cupboard, little broom. Will you put arms and legs on my dolly? I will lay it out for you. I want a Christmas tree, candy, nuts and slippers. Please remember papa and mamma."

While it is not likely that old Santa will find the old doll and repair it because he can not stop long enough on his rounds to do this kind of work, it is certain that a new doll will be found to replace the armless and legless one that perhaps has done all that can reasonably be expected of one doll.

Busy times are being experienced in classifying the lists of children submitted and investigating the cases that are brought to th eattention of those in charge of the fund.

Prospects are bright for a repetition of the big celebration of last year as the fund is growing and people are responding to the good cause that is designed to prevent any empty stocking in Fort Wayne this year.

BARS FOOD AND CLOTHING.

Stringent Bill on Exports is Proposed by Weeks.

Washington, Dec. 10.—Food, clothing or any commodity which would in the slightest degree serve to prolong the European war, as well as contraband, will be barred from export by a bill introduced today by Senator Weeks. Direct prohibition of export would include "food, clothing, supplies, arms, ammunition, horses or war supplies of any kind, whether the same be contraband of war or not."

ECONOMY TALK ON ALL SIDES

Indiana Democratic Legislators Meet to Get Acquainted.

SOME CRITICISM OF RALSTON IS HEARD

Voters' Registration Law Comes in for Sound Rapping.

Indianapolis, Ind., Dec. 10.—Democratic members of the 1915 legislature met here today to get acquainted and discuss the speakership and matters that will come up in the session which starts early next month.

Economy and the repeal of the voters' registration law were two of the topics talked about. The economy talk was so persistent by some it was feared the state institutions would suffer from lack of funds necessary to their maintenance. The workings of the present registration law were freely condemned by many.

Lining Up Forces.

While the democratic choice for speaker of the house is not to be made until at the caucus the night before the legislature convenes the candidates for that position were busy lining up their forces among the members who gathered early at the Denison. Among the candidates who were at work were: Charles H. Bedwell, of Sullivan, who has the support of Governor Ralston, and who, according to local politicians, probably will be picked for the place; Mason J. Niblack, of Vincennes, who is backed by the First district; William Habermet, of Corydon; John C. Branaman, Brownstown and Fred L. Feick, of Garrett.

Ralston is Criticised.

The indictments against thirteen officers and employes of the 1913 legislature which were returned by the Marion county grand jury last Friday night, also entered into the conversation about the hotel lobbies. Some of the members were inclined to criticise the governor for insisting on the investigation.

Patronage Committee, Perhaps.

It was not expected that any definite and binding action would be taken on any important subject, although there was some talk before the conference opened that it might appoint a "patronage" committee.

There were two candidates for chairman of the conference, Sam Benz, of English, and Jos. F. Boyer, of Terre Haute. The conference chairman would be the chairman of the majority until a floor leader and chairman is elected at the party caucus to be held the night

LAST-MINUTE NEWS

BRITISH WARSHIPS IN CLOSE PURSUIT.

Montevideo, Uruguay, Dec. 10.—Wireless reports received here indicate that the German cruisers Dresden and Nurnberg, the survivors in the engagement with an English fleet December 8, in which the Scharnhorst, the Gneisenau and the Leipzig were sunk, closely pursued by British warships, are fleeing in the direction of Port Santa Cruz. Port Santa Cruz is on the Argentine coast, north of the Atlantic entrance to the straits of Magellan and west of the Falkland islands.

LOSS OF 3 CRUISERS BLOW TO GERMAN NAVY

London, Dec. 10.—12:57 p. m.—The British naval victory in the South Atlantic is being discussed in England today almost to the exclusion of all other phases of the war news.

The last word regarding the naval engagement was that the British squadron, after sinking the German cruisers Scharnhorst, Gneisenau and Leipzig, with the loss of nearly 2,000 men, was pursuing the fleeing Dresden and Nurnberg, the other two vessels present when the action opened. The British public is waiting anxiously for news of the outcome of this case.

Naval observers, commenting on the action off the Falkland islands made note of the fact that in all naval engagements in the present war there is great disparity between the losses of the victors and the vanquished. In the case of the British boats, the Monmouth and Good Hope, sent to the bottom by German squadrons off the coast of Chile early in November, the Germans were practically unscathed, and the same is true of the British in their victorious engagement in the South Atlantic. In other words, defeat at sea means virtually annihilation and the loss of all crews with the exception of such men as the victors may be able to save.

Official Statement Brief.

The announcement of this engagement and victory which was the most important naval engagement of the war with the exception of that off Helgoland last August, was made last evening in a statement by the admiralty of less than one hundred words, as follows:

"At 7:30 a. m. on the eighth of December, the Scharnhorst, Gneisenau, Nurnberg, Leipzig and Dresden were sighted near the Falkland islands by a British squadron under Vice Admiral Sir Friedrick Sturdee.

"An action followed, in the course of which the Scharnhorst, flying the flag of Admiral Count von Spee, the Gneisenau and the Leipzig were sunk. The Dresden and Nurnberg made off during the action and are being pursued.

"Two colliers also were captured.

"The vice admiral reports that the British casualties are very few in number.

"Some survivors have been rescued from the Gneisenau and the Leipzig."

Went Down Fighting.

The statement makes reference to some survivors rescued from the Gneisenau and the Leipzig, but no mention is made of any of the crew of the Scharnhorst, which was the flagship of the German admiral, being saved and it is thus presumed that Count Von Spee, his officers and men went down fighting.

The British casualties were light, but beyond the fact that the British squadron was commanded by Vice Admiral Sturdee no information is vouchsafed regarding the ships engaged, and the newspapers are enjoined not to speculate as "other combinations may be effected."

The greatest enthusiasm prevailed in London over the victory and the general impression is that it will be completed as the admiralty would not be likely to send ships that could not overtake the Dresden and Nuremberg, which are 24 and 23 knot vessels respectively and probably even slower after their long service.

They are at a disadvantage also because of their small coal capacity. The British squadron which engaged the Germans left England without the knowledge of the general public and until his name was mentioned, it was believed that Vice Admiral Sturdee was serving in home waters. The fact that he was taken from the post of chief of the war staff is indicative of the determination of the British government to clear the Pacific and south Atlantic of all German warships. It is believed therefore that the British commander is at the head of a formidable squadron.

In addition to the Dresden and Nurnberg, only one German warship—the Karlsruhe—is now unaccounted for in those waters, although there may be one or two armed merchantment which the allies have not rounded up.

As the Scharnhorst and Gneisenau each carried a complement of 763 men the Leipzig 286, the Nurnberg 322 and the Dresden 261, the total German loss is estimated at not far from 2,000 men, although the actual losses to the Dresden and Nurnberg cannot yet be known.

EUROPE PREPARED FOR WAR AND GOT IT

Richmond, Va., Dec. 10.—Preparedness for war as means of preventing armed conflict was denounced here last night by Secretary of State Bryan, addressing the annual convention of the Federal Counsel of the Churches of Christ in America.

"If preparedness prevented war there would be no war in Europe, for they were prepared," said Secretary Bryan. "They had been preparing for a long time. The fallacy is exposed. Preparedness may help you if you get into a war, but it will not keep you out.

"More than that, preparedness almost with absolute certainty will lead you into war because you cannot prepare for war unless you either are afraid of somebody or hate somebody. The people will not bear the burden of taxation. You cannot make them bend their backs to the load unless you can make them believe it is necessary. To make them believe it is necessary you have got to have somebody to whom you can point and say: 'If you don't get ready they will eat you up.'"

ALLIES STILL MAKE VERY STRONG CLAIMS

London, Dec. 10.—There has been little or no change in the situation along the battle line in France and Belgium, but the tone of all the French and British official statements reflects more and more the contention of the allies that slowly and surely they are gaining a superior position. The belief prevails that when the moment is ripe an aggressive allied offensive will set in with the idea of clearing the Germans out, but it is not thought this effort will be made until spring.

In the eastern arena of the war, the occupation of Lodz by the Germans has been temporarily eclipsed by reports of development of activity at two other points notably north of the Vistula from the southern part of East Prussia, whence the Germans are advancing in a southeasterly direction toward Warsaw, and in the country to the southeast of Cracow, where combined Austro-German forces are endeavoring to outflank the Russian left. This latter movement, according to Russian announcement, has up to the present time been repulsed.

Confirmation of the death in South Africa of Gen. Beyers and official news of British successes on the Tigris, by which they established themselves onefourth instance along the road to Bagdad, were other developments read with interest in England today.

The reported illness of Emperor William continues to be variously described. Some dispatches say it is serious and perhaps pneumonia, while others declare he is a victim of mental depression or that he is suffering from fever, chills and influenza. About all that is definitely known beyond the official bulletin, which admitted that his majesty is suffering from bronchial catarrh, is that the emperor has returned quietly and unexpectedly to Berlin.

FORT WAYNE FIRM GETS BIG CONTRACT

Deister Company is Awarded Contract for 112 Double-Deck Tables.

The contract for the installing of all concentrating tables in the mill of the Inspiration Consolidated Copper company's mine at Globe, Arizona, has been awarded to the Deister Machine company of this city. The order was secured through Emil Deister, who has arrived home to superintend the manufacture of the tables.

The contract is for 112 double-deck tables and is said to be the largest single order for machinery that ever has been placed in the Arizona mining district.

While the installation of the tables is ordered without delay it will be several months before they are completed, even though the work of building them will be started at once.

There was much competition among manufacturers of the country for this contract, the aggregate amount involved is a huge sum.

BELVA BROWN HAS THEM ALL PUZZLED

Mysterious Girl Despairs of Fashionable Suburb of Louisville.

Louisville, Ky., Dec. 10.—"Belva Brown," about 22 years old, and apparently a young woman of refinement, who walked into Louisville a month ago in County, the undersigned as receiver in has proven the despair of the police and a mystery to a number of wealthy residents of Anchorage, a suburb, where she has found shelter. She declared she came from Chicago and was seeking relatives at St. Matthews, another Louisville suburb. Investigation failed to locate them and finally she was given a temporary home in an Anchorage family. She sid her father was a member of the Wall street firm of Brown & Roth, Rochester, where she gave the address of her family as 1223 East avenue. Telegrams sent by the Louisville police to the address were returned with notation, "Could not be found."

She avers she left home to escape an undesirable marriage. Notwithstanding the inability to verify her stories she has convinced a number of wealthy residents of Anchorage she is a person of consequence, whose memory may be temporarily clouded.

HERRICK REFUSES TO TALK OF PRESIDENCY

Cleveland, O., Dec. 10.—Myron T. Herrick, former ambassador to France, accompanied by Mrs. Herrick, arrived here early today and was escorted to his home here where he will rest up for a public reception to be given in his honor in Central armory late this afternoon.

"It feels good to get back," said Mr. Herrick as he stepped off the train on which he had been accompanied from New York by a delegation of prominent Clevelanders.

He declined to discuss the plan of friends to boom him for president in 1916 and said he would have "to earn some money" as his duties in Paris cost him $400,000.

The reception this afternoon will include an address of welcome by Mayor Baker and a response by Mr. Herrick. It is planned to have a hundred or more automobiles escort Mr. Herrick to the reception hall.

WAR TAX ON WEDDING KNOT.

Man Who Ties It Must Pay, Rules Collector Niles.

Toledo, O., Dec. 10.—Clergymen and justices who tie the matrimonial knot are the latest sufferers from the national war tax, for to each marriage certificate they hand out must be attached a ten-cent revenue stamp.

When this new skeleton in the family cupboard was put up to Internal Revenue Collector Frank B. Niles it was held that those who contemplated marriage must not be taxed, as this constitutes a bar to marriage. Niles ruled that it is up to the man performing the ceremony to pay the fee.

If the law is violated, ministers will be penalized, Niles ruled.

NEWS OF FORT WAYNE'S NEIGHBORS

DEATH DUE TO APOPLEXY.

Jasper Gordon, Near Churubusco, Dies in Sudden Attack.

Churubusco, Dec. 10.—Jasper Gordon, age 61 years, well known farmer of this vicinity, died very suddenly at his home, five miles northwest of here, death resulting from cerebral apoplexy. Mr. Gordon retired Tuesday evening at the usual hour and Wednesday was suddenly stricken with the attack. Deep sighs and moans from his bedroom attracted the attention of Mrs. Gordon, who was soon at his side. He was then unconscious and expired within a few minutes after her arrival. Coroner Louis Berhalter, of Kendallville, was summoned and in an inquest gave his verdict as death being due to cerebral apoplexy. Mr. Gordon was enjoying his usual health Tuesday and was uptown during the day. His sudden death has proved a shock to his many friends. Surviving besides a widow are five children: Mrs. Lloyd Claxton and Mrs. Tony Campbell, of near Churubusco, and William, Stella and Jesse at home.

WOMAN FOR HEALTH OFFICER.

Hartford City Mayor Appoints Dr. Hachat Secretary of Board.

Hartford City, Ind., Dec. 10.—Mayor Secrest has given Hartford City its first woman executive official in the appointment of Dr. Fernande Hachat secretary of the board of health to succeed Dr. Samuel Hardin, who resigned because his work in trying to combat smallpox was interfered with by other health authorities in raising quarantines he had established. Dr. Hachat as secretary will be executive officer of the health board. She is thoroughly capable and it is believed will have a thoroughly successful administration. Clarence Bowser, who has been deputy health officer, will remain in his position. Dr. Hachat is investigating homes where it is said there have been concealed cases of smallpox.

LONG DISTANCE COURTSHIP.

Bluffton, Ind., Dec. 10.—William Donnelly, aged 68 and giving his home as Springfield, O., is here to attempt to get back whatever he can of $100 for which he was stung, according to his statement, by Mrs. Mary Chambers, a Bluffton woman about his own age who lives in the west side of this city. Donnelly says he answered her advertisement in a matrimonial paper and by correspondence fix up the preliminaries and came here in September to be married to her, but found obstacles in the fact that she had not yet procured an expected divorce. This was given her in the Grant circuit court last week, but instead of making Donnelly happy Mrs. Chambers chased him away from her premises and told him to keep off. He says she got a good deal of money out of him besides what he paid for board while he was "hanging around" waiting, he says.

CHECKER ARTIST INVADES.

Bluffton, Ind., Dec. 10.—A tramp checker player, who refused to give out his name, stormed the city this morning taking across the best players in match games. While Charles Turner, the Bluffton champion, and others have taken games from the state wide champions, and have even taken a game from a nation wide player, they were given a severe setback this morning by this tramp player. He showed them plays not even found in the rule book, and blasted some of the pet plays of the local man. The stranger claims to have defeated Jordan, a national champion, and to have played other professionals to a standstill. He is anxious to play match games with the best in the county and Rem Johnson, of Ossian, has been suggested as a likely opponent.

WIFE GOT VERY BUSY.

Goshen, Ind., Dec. 10.—Mrs. Lon Cripe took her husband in tow and haled him before Justice Wood, where she swore out a warrant for his arrest on a charge of immoral association. Cripe pleaded guilty and was fined $5 and costs, which rifled his purse for a total of $19.50. Friend husband disposed of, Mrs. Cripe then filed charges against the woman in the case and the place of Martha Dunlap was raided by the officers and the Dunlap woman and Claude Cripe were found together. Martha was held on a charge of conducting a house of ill-fame and put under bond and Claude under $100 bond for associating. Then Mrs. Lon Cripe took a breathing spell.

GETS AWARD OF $1 DAMAGES.

Bluffton, Ind., Dec. 10.—George D. Snyder, insurance agent, was given damages in the sum of $1 against Ed S. Jones, farmer, by a jury in the Wells circuit court. According to the verdict Snyder recovers costs in the same amount of damages he receives and outside of the one dollar each man pays his own costs. Mr. Snyder alleged he was assaulted by Mr. Jones in front of the Club restaurant on October 17, 1913. The complaint said that Jones struck Snyder, breaking his eye glasses and damages in the sum of $5,000 were asked. The trouble between the two men started over an insurance policy.

SMALLPOX DELAYS TRIAL.

Portland, Ind., Dec. 10.—The epidemic of smallpox at Bluffton may stay the administration of justice in the Jay circuit court. Ed Ruthford, aged about 65 years, who is charged with assault and battery with intent to rape little Fay McBride, aged nine years and a stepgranddaughter of the defendant, has written his attorney that he has been exposed to the disease and that the period of incubation, according to modern medical science, will not expire until Friday of this week, the date set for his trial.

BALL PLAYER TAKES BRIDE.

South Whitley, Ind., Dec. 10.—Ward Crist, drayman of South Whitley, and Miss Dorothy May Watson, of Richland township, are the couple whose names have been kept off the court house marriage book for a week and have caused a lot of questions. The grandfather of the bride, Rev. J. W. Eastom, of South Whitley, performed the ceremony at 4 o'clock Wednesday afternoon at the home of the bride's parents, Mr. and Mrs. A. L. Watson, in Richland township.

DEATH ENDS DIVORCE SUITS.

Portland, Ind., Dec. 10.—The grim reaper held the winning hand in two divorce suits pending in the circuit court which have just been dismissed. One was the case of Bessie Whitridge against Frank Whitridge, of Indianapolis. The defendant died from consumption ten days ago. The other case was that of Amelia I. Ayers, of Redkey, against Clyde Ayers. The defendant died several weeks ago and since then his wife has remarried.

THE GARVIN FAMILY ARRESTED.

Warsaw, Ind., Dec. 10.—Sheriff C. A. Kintzel, on Wednesday afternoon, went to the Joseph Garvin home near Claypool to arrest the four members of the family, against whom indictments were returned by the grand jury. There are twenty-one indictments as follows: Eight against Joseph Garvin; six against Sadie Garvin; six against James H. Garvin and one against George K. Garvin.

INDICTMENT IS ATTACKED.

Van Wert, O., Dec. 10.—Counsel for Carl J. Simon, Van Wert county surveyor who was recently indicted by the grand jury on a charge of having issued a false and fraudulent voucher, filed a motion to quash the grand jury's bill when Simon was arraigned to-day. The motion will be argued within five days.

Don't Merely "Stop" a Cough

Stop the Thing that Causes It and the Cough will Stop Itself

A cough is really one of our best friends. It warns us that there is inflammation or obstruction in a dangerous place. Therefore, when you get a bad cough don't proceed to dose yourself with a lot of drugs that merely "stop" the cough temporarily by deadening the throat nerves. Treat the cause—heal the inflamed membranes. Here is a home-made remedy that gets right at the cause and will make an obstinate cough vanish more quickly than you ever thought possible.

Put 2½ ounces of Pinex (50 cents worth) in a pint bottle and fill the bottle with plain granulated sugar syrup. This gives you a full pint of the most pleasant and effective cough remedy you ever used, at a cost of only 54 cents. No bother to prepare. Full directions with Pinex.

It heals the inflamed membranes so gently and promptly that you wonder how it does it. Also loosens a dry, hoarse or tight cough and stops the formation of phlegm in the throat and bronchial tubes, thus ending the persistent loose cough.

Pinex is a highly concentrated compound of Norway pine extract, rich in guaiacol, and is famous the world over for its healing effect on the membranes.

To avoid disappointment, ask your druggist for "2½ ounces of Pinex," and don't accept anything else. A guarantee of absolute satisfaction, or money promptly refunded, goes with this preparation. The Pinex Co., Ft. Wayne, Ind.

THE SENTINEL'S DAILY SCRIPTURE READING.

Revelation 7:9-17

9 After this I beheld, and, lo, a great multitude, which no man could number, of all nations, and kindreds, and people, and tongues, stood before the throne, and before the Lamb, clothed with white robes, and palms in their hands;

10 And cried with a loud voice, saying, Salvation to our God which sitteth upon the throne, and unto the Lamb.

11 And all the angels stood round about the throne, and about the elders and the four beasts, and fell before the throne on their faces, and worshipped God,

12 Saying, Amen: Blessing, and glory, and wisdom, and thanksgiving, and honour, and power, and might, be unto our God for ever and ever. Amen.

13 And one of the elders answered, saying unto me, What are these which are arrayed in white robes? and whence came they?

14 And I said unto him, Sir, thou knowest. And he said to me, These are they which came out of great tribulation, and have washed their robes, and made them white in the blood of the Lamb.

15 Therefore are they before the throne of God, and serve him day and night in his temple; and he that sitteth on the throne shall dwell among them.

16 They shall hunger no more, neither thirst any more; neither shall the sun light on them, nor any heat.

17 For the Lamb which is in the midst of the throne shall feed them, and shall lead them unto living fountains of waters: and God shall wipe away all tears from their eyes.

THURSDAY, DECEMBER 10, 1914.

Mr. Roosevelt as a Critic.

T. R. has filled four columns of fine print with briefs of outrages in Mexico, some that make the blood boil. But his purpose in teling of them is a peculiar one. It is to put the blame on Wilson; to discredit the president of the United States.

He doesn't make it clear how Wilson could have averted or halted them. Certainly it couldn't have been done short of many years by sending in our army. While, had Wilson recognized and supported Huerta, as T. R. intimates he would have done, the outrages might have been different in kind, but they probably would have been far greater in numbers and longer prolonged.

It is not true that "Wilson has supported Villa." The policy at Washington has been to give whatever friendly aid this country could to the people of Mexico during their desperate effort to work out their own problems. So far as Villa has stood for the common aspirations of the common people in his native land; so far as the has battled for justice, Wilson, like others familiar with the facts, has no doubt sympathized with his cause and work.

He has not, however, been a partisan of Villa, Carranza or anybody else. It isn't a square deal for T. R. to say that he has. He has merely waited watchfully for the pot to boil off its scum. Uncle Sam's duty is to attend to his own knitting. There is enough of that to keep him busy without hunting for trouble beyond the borders.

Can't anything be done right unless Roosevelt does it?

Republicans over in Whitley county are said to be organizing a political club with the avowed purpose of launching a presidential boom for Myron T. Herrick, recently retired from the place of United States ambassador to France. It is now clear that Whitley county's purpose is to be permanently immortalized, and it is taking precautions against the itme when somebody may succeed in crowding Tom Marshall out of the arena of public life.

We may well be rather proud of the fact that, in proportion to its population, Fort Wayne is far ahead of all other central west cities in the sale of the Red Cross Christmas seals which supply no small part of the funds for the war on tuberculosis. But as a matter of fact you will uusually find Fort Wayne well up near the front in any good work that confronts the American city today.

With recent disasters to each of them fresh in mind, the English and the German view of the need of a larger navy for fighting purposes ought to constitute valuable supplementary evidence in America's present discussion of the question. Building 'em only to have 'em sunk is not an inviting sort of pastime, viewed from any possible angle.

Hartford City has appointed a young woman, Dr. Fernande Hachat, as secretary of the city board of health. That town might as well make up its mind to clean up without unnecessary delay, for no woman is going to tolerate the sort of municipal housekeeping most of the cities do with mere men in charge of affairs.

Coal operators of Indiana and Illinois have united in a complaint against what they assert are the hardships of the laws, and declare that they are heartlessly ground between federal laws on one hand and state laws on the other. Perhaps—but you ought to hear the plaint of the consumer who is paying for the coal!

find employment in the shops and workrooms during the holiday season, and he needs your Christmas patronage. When you make the customary gifts this year, you will not only please those who receive, but will help a bit to restore business to a prosperous plane.

Christmas morning this year will dawn on a dramatic panorama. Here will be puffs of smoke and cannonading, as one mass of men fights another; there a scuttling, shrouded warship running for port; here a tumbled-down town, with desolate people, lacking even food; a peaceful New England village turning out to church service or crowds of bustling New Yorkers jostling toward the subway—there will be all kinds and conditions of Christmas, and many of them will be happy ones.

Here are a few Christmas mornings, taken at random, for you to choose from. Which will you have in exchange for yours?

PRESS ON STATUS OF PROGRESSIVE PARTY.

"Has Had Its Day."

Anaconda Standard:—"There is room in the United States for only two great parties. Like other third parties, the progressive party has had its day and has failed and it must disappear."

"Down to Defeat."

Pittsburg Sun:—"Everybody knows where the progressive party is going. Down to defeat as a lingering remnant of what was once the most spectacular bolt ever seen to advance the ambitions of one ambitious man."

"Considerably Reduced."

Boston Globe:—"The number of Moose in the country has been considerably reduced since 1912, when 4,119,507 ballots were cast for Colonel Roosevelt, but they are yet far from extinction as a family."

"A Bit Sorry."

Brooklyn Eagle:—"With little sympathy for his aims or methods, the Eagle will be a bit sorry when the Bull Moose is buried. He added drams to American politics."

"Nothing to Lose."

Sioux City Journal:—"The third party leaders have nothing to lose by playing out their string."

"The Best Service."

Philadelphia Public Ledger:—"The best service that the progressive party at this time can perform for the country is to keep the republican party abreast of its responsibilities to the people."

"No Room for It."

Ohio State Journal:—"The progressive party will never be built up as an effective organization. There is no room for it, because there is no room for more than two parties, and standing aside and not helping to make either of them better is very poor policy."

"Element of Uncertainty."

Oshkosh Northwestern:—"A progressive national ticket in 1916 will add an element of uncertainty to the election of that year that will keep the professional politicians guessing."

Alvin, the little son of Mr. and Mrs. G. C. Fuchshuber, was taken home from school Tuesday quite ill and it was feared he was developing pneumonia.

Misses Nellie Myers and Susie Thro, teachers in the Ossian schools, have been instrumental in securing the benefits of a traveling library from the Indiana state library commission for Ossian. The books will be kept in the V. C. Taylor jewelry store and will be free to the people of the town for general reading.

Mrs. James Crabill was hostess for the Pleasant Word circle Tuesday evening. An interesting program was given, followed by contests and a social hour, when the hostess served refreshments. Those present were their teacher, Mr. T. V. Rector and his wife, also Mesdames Ruth Roe, Oda Henline, Ina Miller, Margaret Kellogg, Bessie Richey, Carrie Melching, Floyd Henline, Maud Swihart, Thomas White, Emma Vananda, Hazel Mahensmith, Goldie Rector, Dessie Swaim, Clay Bowman, Hazel Wilson, Elizabeth Norwalt, Orin McMullen and Miss Mary Buck.

Fred Vananda moved his household goods into his newly purchased home on Lefever street on Wednesday.

Harold Roe left Wednesday morning for Tularosa, N. M., to join Dale Kreigh and Halden Hunter, who are spending the winter there on a ranch.

The Christian Endeavor society of the Presbyterian church have arranged a special program for Sunday evening at 6 o'clock. Miss Lulu Summers will be leader of the meeting. The program will be a quartet selection by Mrs. C. F. Goshorn and Misses Augusta Yager, Helen Roe and Vita Somers; "History of Freedman's Board," by Rev. F. K. Baker; piano duet, Mary Roe and Phebe Summers; "The Board's Work," Beth Chalfant; reading, "Yo' Little Xmas Basket," Phebe Summers; solo, Augusta Yager; "The Watermelon Story," Alda Woodward; Arkadelphia academy, by Arthur Fisher.

Members of S. W. Stirk circle, Ladies of the G. A. R., will elect officers Friday evening.

ANTWERP NEWS.

Antwerp, Ohio, Dec. 10.—Frank Armstrong went to Woodburn Wednesday, where he is employed in putting in electric light fixtures for the citizens of that live little city.

That horses suffer the pangs of home sickness is evidenced by the fact that a horse recently purchased by Everett Bryan, of the Paulding Lumber Co., would not be contented in his new quarters and refused food or water until in sympathy the Lumber Co. bought him back and put him to work in the yards again, where he appears to be again happy, and now takes his provender at regular intervals.

Mrs. James Langham in company with Mrs. Harry Donat, were passengers to Fort Wayne, Wednesday, where they spent the day, the guests of the former's sister, Mrs. Harry Onstott and family.

Miss Clara Billman was a Fort Wayne visitor Wednesday, where she spent the day, the guest of friends.

A large barrel full of good things, the contribution of Mrs. Grace H. Graves, to the war victims of Belgium, consigned to Hon. Perri Mali, Baltimore, Md., from the members of the Thimble club, was started on its long journey Wednesday.

The High School basket ball team has been reorganized and is now vigorously practicing.

Mrs. C. H. Graves was a passenger to Fort Wayne Wednesday, where she will visit her daughter, Auline, who is a student at the Academy of the Sacred Heart.

Miss Olive Calkins, who has been a visitor at Toledo the past two months, where she has been the guest of her sister, Mrs. Frank Pio and family, returned to her home at this place Wednesday evening.

Miss Bulah Peffley, who has been visiting at this place, the guest of her aunt, Mrs. James Langham and family, returned to her home at Fort Wayne Wednesday.

After several months spent here, the guest of her parents, Mr. and Mrs. H. M. Higenbotham, Mrs. Paul Neer departed Wednesday to join her husband, who is a mining engineer with a syndicate mining company at Guanajuato, Mexico. Her little daughter, Pauline, will remain here with her grandparents and go to school.

Ervin Ames, accompanied by his brother, Loren Ames, were among those that visited Fort Wayne Wednesday, where they visited Mrs. Ames at the Lutheran hospital, where she is convalescing from an operation.

Mrs. Warren Rumbaugh and Mrs. John Smith were passengers to Fort Wayne Wednesday.

James Chorpening went to the Summit City Tuesday, where he spent the day in the home of his nephew, James Swartz and family.

Mrs. Steven Gunther, who has been spending a few days in this vicinity, the guest of Mrs. William Crawford and family, returned to her home at Fort Wayne, the forepart of the week.

James Chorpening went to the Summit burn Wednesday, where he spent the day, the guest of his nephew, Geo. Keesler and family.

Henry Schmidt, who has been visiting here the past two weeks, the guest of Laurence Reising and family, out at the farm home, south of town, returned to his home at Columbia City, Ind., Wednesday.

A. A. Pointer, with a force of men, went to Woodburn Wednesday, where they will commence work on an electric line to Grabill, that town having decided on having electric lights.

William Hill was a business visitor at the Summit City, Wednesday.

Mrs. O. R. Monroe, who has been the guest of her mother, Mrs. J. Reeb, at this place, returned to her home at Fort Wayne Tuesday evening.

Clothing for the poor of Fort Wayne will be received at the Sentinel office, on West Wayne street, and distributed to worthy people through the Fort Wayne Mother's club and the various charitable organizations.

AMERICA AHEAD IN THE CURE OF EPILEPSY

American City Has Only One Epileptic to 3,000 Inhabitants, But Malady is Increasing.

That America is far ahead of the old world in its knowledge, management and frequent cure of epilepsy, although that disease has existed among the Oriental people from time immemorial, is stated by Mr. Matthew Woods, a widely known specialist on that subject, and president of the Society of Letters and Arts, just returned from a three months trip to study epileptic conditions in the east, including Turkey, Egypt and Greece. He found that the "falling sickness" was increasing in the old world.

The supposed percentage of epileptics to population in Greece, for instance, now being 1 to every 1,000. Dr. Woods admitted that the disease was also increasing in this country, although the proportion is not so large, the percentage of epileptics in Philadelphia, for example, being 1 to every 3,000. In this country the Inter-State Doctors have distinguished themselves as being among the most foremost in the scientific treatment of this terrible malady. One case of particular interest to be reported is that of an Ohio man living at East Liverpool. He writes as follows:

Dear Doctors:

To any one who may be suffering the same as I have I gladly and willingly give this testimony for their benefit. My name is Thomas Foster, and I have lived in East Liverpool since last July at 736 Lincoln avenue, and am 33 years of age.

I have suffered from fits, epilepsy, for over two years, and have had fits every two weeks, becoming unconscious and without warning. Since I have doctored with these specialists, beginning Sept. 19, 1913, I have had no fits and no tendency to have them. Am feeling strong and at present without pain, doing hard day's work as bricklayer.

My bowels are regular, no headaches, and am very much pleased to have had the treatment, and for the gentlemanly manner which I have received at the doctors' hands.

I make this statement voluntarily and only hope that it may reach any one who may be suffering the same as I was. Any letter of information wanted I will gladly answer.

THOMAS P. FOSTER,
736 Lincoln Avenue,
East Liverpool, Ohio.

The doctors have made a grand free offer of free examination, free consultation and free treatment to all who begin treatment before Dec. 15. No charge will be made for professional services, but a small cash charge will be for medicines.

This is indeed a generous offer on the part of these great specialists and hundreds of the sick will no doubt take advantage of the offer. They want to prove to Fort Wayne people what their system will do in curing chronic, deep-seated diseases of long standing. The Fort Wayne institute is located at 205 Berry street, and is open every day from 9 a. m. to noon, 1:30 to 5 p. m., after supper from 7 to 8. Sundays from 10 to 12.

TURNVEREIN PLANS XMAS CELEBRATION

Arrangements were made for a big Christmas celebration to be held on December 25 at the regular monthly meeting of the Vorwaerts Turnverein, Wednesday evening. The following committee was appointed by President Richard Daenell: Emil Bretschneider, John Koch, Otto Rohland, Joseph Schmitt, Gustave Ludwig and Robert Stein.

The members voted an additional appropriation of $500 to carry out proposed improvements in the hall. Six applications for membership were favorably acted upon and two new members were obligated.

The following report was made by Prof. Henry Meyer, physical instructor:

First girls, class membership 9, average attendance, 8; second girls, class membership 13, attendance, 9; first boys, class membership 6, attendance, 5; second boys, class membership 17, attendance, 13; third boys, class membership 26, attendance, 18; junior class, membership 40, attendance, 28. Total average attendance during month of November, 200.

CHICAGO MAN BUYS ROSENTHAL STORE

Albert Guthman, Formerly Connected With the Fair, is the New Owner.

Albert Guthman, for years a buyer for the Fair store at Chicago, and with years of experience, has purchased the Rosenthal store and will devote his entire time to the management of it.

While a page advertisement in Wednesday's Sentinel told of a change of management of the store the name of the new purchaser was not given for the reason that Mr. Guthman desires to remain in the background as much as possible and will continue the use of Mr. Rosenthal's name. Mr. Guthman is a most pleasant gentleman to meet and will no doubt be given a most cordial welcome to the city. He expects to make Fort Wayne his future home.

When E. M. Rosenthal was made general manager and vice president of the Rothschild's store at Chicago he found that his new duties were so strenuous that he could devote no time whatever to his store here. For that reason the transfer of the business was made to Mr. Guthman. The new owner has been associated with Mr. Rosenthal for many years and will make no radical changes in the policy of the store. He hopes to maintain the good name of the store, which is recognized as one of Fort Wayne's leading ready-to-wear establishments.

Mr. Rosenthal started in business here nine years ago and during that time has built up a splendid trade, which it is assured will be continued under the new management.

WILL HOLD SPECIAL CONCLAVE.

Knights Templer Will Confer Degrees on a Number of Candidates.

A special conclave will be held this evening by Fort Wayne commandery, No. 4, Knights Templar, at which time the degrees of the Order of the Temple and Knight of Malta will be conferred upon a number of candidates.

The annual election of officers will be held one week from tonight. The secretary also will make his annual report, which will show that the commandery has had a most successful year.

Cured His RUPTURE

I was badly ruptured while lifting a trunk several years ago. Doctors said my only hope of cure was an operation. Trusses did me no good. Finally I got hold of something that quickly and completely cured me. Years have passed and the rupture has never returned, although I am doing hard work as a carpenter. There was no operation, no lost time, no trouble. I have nothing to sell, but will give full information about how you may find a complete cure without operation, if you write to me, Eugene M. Pullen, Carpenter, 92 A, Marcellus avenue, Manasquan, N. J. Better cut out this notice and show it to any others who are ruptured—you may save a life or at least stop the misery of rupture and the worry and danger of an operation. nov 12-26 dec 10-24

PUTS HOT STUFF IN HIS CROSS-COMPLAINT

Moses Jacobs Comes Back at Wife With Charges That Have a Sizzle.

That Moses Jacobs believes he ought to have his say in court is given ample evidence in a cross complaint he filed Thursday in the superior court in answer to the earlier suit filed by his wife, Anna Jacobs. He charges her with cruel and inhuman treatment since their marriage in 1900, has associated with immoral men and women and that during the big flood in 1913 corresponded with an insurance man named Albright, whom she met and stayed with in dark rooms "without any lights" at the home of her sister, who is described as a bad character. He says she was so friendly with her brother-in-law that he committed suicide when she cast him off and that last summer she "got in with a fellow named Nulf, a railroader," who called her up over the telephone and whom she would meet at the city market place. Now, he says, she gets letters from a man in Columbus, Ohio, who addresses her as "my sweetheart," whose picture she wears on her neck and who carries her picture in his watch. The wife is charged with continually using foul language to the plaintiff in the presence of their two children, aged 9 and 11 years, and calls them vile and indecent names. She has left him repeatedly, but always has returned, he taking her back because of the children. He asks custody of the children. Mrs. Moses filed a suit for divorce September 1, 1914, and December 10, about the time the cross complaint was filed, she brought in a supplemental complaint. They were divorced in April, 1913, and a few days later were remarried.

Fined for Selling to Minors.

Charles Gephart, who was running a saloon on the Bluffton road just beyond the Broadway bridge, was fined $25 and costs on his plea of guilty in the circuit court. The case was up on appeal from the city court, where Gephart was convicted and given a similar fine. Judge Eggeman warned him that if he were ever brought before him and convicted for such an offense the penalty would be made extremely severe. Last June Gephart sold a case of beer to Ervin Price and Herman Rockhill, two lads that do not look a day beyond their 17 or 18 years.

For Partition, Ejectment and $4,000.

Eugene Dingman and Harriet Nuttle have brought suit in the circuit court against Joseph Reichart for partition of real estate, ejectment, accounting and $4,000 damages. The defendant is alleged to have been for twelve years occupying land in which the plaintiffs and others have an interest and to have made use of his tenantship solely for himself.

Abused Wife Seeks Divorce.

In the superior court Carrie Manier has begun action against Norman Manier for divorce, charging that he has called her vile and indecent names, cursed and swore at her, struck her, has associated with other women and has remained away from home all night. They were married December 21, 1912, and separated the 1st of November this year. She has obtained orders of court restraining the defendant from molesting her at 1330 Rockhill street and the Corrugated Paper company from paying him his wages. She asks that her maiden name, Carrie Meyers, be restored.

Notes of the Courts.

In the circuit court Arthur D. Bohn has filed suit against George Dager to foreclose a mechanic's lien, demanding $50.

The Sessions Clock company has sued George W. and Anna McCan in the superior court for $700 on account.

The Elaborated Ready Roofing company has filed action in the superior court against George Bollinger and Charles LaMore for $800 on account.

The superior court has granted a divorce to Myrtle Morrison from Vern Morrison.

In the circuit court Judge Eggeman assessed a fine of $1 and costs against James Freeman and sentenced him to 120 days in the Allen county jail for drawing a deadly weapon on Patrolman W. A. Lawhead, of the Pennsylvania railway police last August. Freeman, who is a youth, tried to shoot the officer. He made his escape when a companion knocked Lawhead down with a blackjack. Lawhead recognized Freeman on the streets a few weeks ago and captured him after a hot chase.

The suit against Elgie Netterfield for failure to support his child has been dismissed from the circuit court.

Judge Eggeman has designated Hon. Edward O'Rourke as special judge to hear the suit of Grosjean vs. Helligmann in the circuit court.

The suit of Kaleel Bashara vs. Mary Maloley for $3,000 damages has been dismissed from the circuit court.

The suit of the Seavey Hardware company vs. Henry Hilgemann and the suit of Frank J. Martin vs. Mary Frederick have been dismissed from the superior court.

FIRST ATTACK MADE ON SEASON'S SNOW

Street Department Puts on Men and Teams to Clear the Streets.

The first attack on the season's snow was made Thursday afternoon by Street Superintendent Strodel and his street cleaning outfit. A large number of men and many teams and scrapers were put to work in the business district to relieve traffic and pedestrians of a condition that had begun to grow serious. It is hoped with the aid of the street car company after midnight to get the business district in tolerable condition.

ONE NOTICE; THEN AFFIDAVIT.

Police Ordered to See That Snow is Removed From Sidewalks.

Chief of Police Lenz has directed Captain Kelly, night commandant, and Lieutenant Bevelheimer, day commandant, to order policemen on the beats to notify all property owners and persons in charge of property to remove snow from their sidewalks as the city ordinances provide. The chief's instructions read that each person disregarding the ordinance is to be once notified and no more. If warning is not observed affidavits are to be filed, arrests made and violaters will be prosecuted in the city court. The police order goes even farther than the removal of snow. All dirt and filth on sidewalks must also be removed, as the city ordinances direct. Many property owners permit the soil to be washed on their sidewalks and allow it to remain until the accumulation become a serious obstruction. Chairman Singrey, of the board of works, and Chief Lenz conferred Wednesday afternoon on the widespread neglect of sidewalks and the police order has followed.

TO CLEAR STREETS OF SNOW.

Traction Company Will Haul it From the Business District.

The traction company will put cars and gangs of men to work after midnight to haul the snow from the streets in the down town business district. Street Superintendent Strodel will have his crews at work getting the snow conveniently heaped up so that it may readily be loaded on the flat cars for hauling away. A severe frost at this time would put the down town streets in a serious condition by freezing the heavy accumulation of snow. Moreover, the system of "near-side" stops under which city cars are now operated, renders it necessary for public comfort and convenience that the streets be kept clear of accumulated snow. Laborers in considerable numbers probably will be able to get employment either with the city or the traction company for this work.

WILL AID TAPP COMPANY.

General Manager Greenland of the traction company has stated to the board of works that he will make any necessary arrangement for lowering the water in the St. Joe river so that the Tapp Construction company may proceed with operations on the Spy Run avenue retaining wall. The dam that raises the water for the traction company's condenser pool at the big power house on Spy Run avenue will probably be temporarily breached to let the water run off.

WILL CONFIRM RESOLUTIONS.

At the meeting of the board of works Thursday night resolutions will be confirmed for the following improvements: Sewer in territory east of St. Mary's avenue, south of the Lake Shore railway, west of Sherman street and north of Herman street; sewer in alley west of Hanna street from Madison to the alley west; sewer in alley south of Pontiac street, from Holton avenue to Reed street; sewer in alley south of Pontiac street, from Winter street to Reed street.

WILL FURNISH LABORERS.

Persons who want to employ men to shovel snow from their sidewalks can obtain all the help they need by applying at police headquarters during the night or before 6 o'clock in the morning. The station furnishes a sleeping place every night for large numbers of wayfarers, most of whom are willing to work at odd jobs to get a little money.

WILL SOON REMOVE PILING.

Carmichael & Cryder, contractors for the Wabash Railway company's track elevation work here, have taken the forms from the concrete columns at the Taylor street subway and within a few days the concrete will be cured so that the piling that support the bridge may be removed. This will permit Taylor street to be opened to traffic under the railroad.

PLEADS NOT GUILTY TO OLD INDICTMENT

New York, Dec. 10.—Carleton Hudson, wealthy Chicago real estate operator pleaded not guilty today to the long dormant indictment found against him twenty years ago in this city. In this indictment it is charged that he, as Charleton H. Betts, forged the name of a woman client to a check for $500.

In accordance with an arrangement made by Clarence Darrow, Hudson's counsel, bail was fixed by Judge Mullinquen at $3,500 and was furnished in cash. Darrow and Hudson, or Betts—Darrow admitted the other day that his client had been known as Betts in New York twenty years ago—left the building together and refused to say where they were going. Betts has been in seclusion in this city for several days, his whereabouts being known only to his counsel.

ECONOMY TALK ON ALL SIDES

before the opening of the session. It was said the patronage committee, if one was chosen, would have no power to make appointments to jobs in the house, but it would be the duty to make a careful investigation of the statutes and ascertain the exact number of employes which the house legally may employ and to make a report to the caucus with recommendations for the places. It was pointed out that the committee would never again disregard the law in the distribution of patronage and "plums" or assume to make appointments. Nearly all of the 61 representatives-elect were present.

PEDESTRIANS TO BE TAGGED.

Will Raise Money for the Hope Hospital Fund Dec. 12.

Tag day will be observed by the nurses and friends of the Hope hospital on Saturday, Dec. 12, and it is hoped that their efforts will meet with great success. Pedestrians will be tagged and then they may give any sum desired. The nurses will be chaperoned by the Mesdames A. L. Johns and J. B. Harper. In the evening they will be chaperoned by Dr. Ida Moore, Mrs. Mary Kaufman and Miss Johns. The proceeds realized will be added to the hospital fund.

STEAMER CENTRALIA SAFE.

Much Alarm Through Night for Passenger Craft in Pacific.

San Luis Obispo, Cal., Dec. 10.—After a night of anxiety while her anchors dragged and a southerly gale carried her dangerously near to the rocks of Point Arguello, the passenger steamer Centralia rides at anchor this morning, five miles off the California coast, at the western end of the Santa Barbara channel. The Milliner Harvard is standing by, the wind has died down and the Centralia, although disabled by the bursting of a boiler tube, is in no danger.

AUTO TRUCK BUMPS INTO INTERURBAN

An auto truck belonging to J. H. Zimmerman, of Harlan, and driven by one of his employes, bumped into the side of an outgoing Lima and Fort Wayne interurban car at 2:30 o'clock Thursday afternoon at the corner of Washington and Clinton streets. The auto struck the car almost in its center and witnesses state that the men in charge of the interurban are not to blame as they sounded a signal for the crossing.

The radiator and fenders of the auto truck were damaged beyond repair and the interurban car was damaged to the extent that it could not make the trip. The heaters and the rheostat under the interurban in the center were all broken, making it necessary to take it back to the repair shop. The car was in charge of Motorman C. Earley and Conductor W. C. Raymond.

The driver of the auto luckily escaped without serious injury, only sustaining a few bruises caused by flying glass when the windshield was broken.

ONE CAR WAS DEFECTIVE.

Motorman in Wreck Was Operating Train From the Rear.

New York, Dec. 10.—Investigation today of the wreck last night on the Ninth avenue elevated railroad near One Hundred and Sixteenth street, in which two men were killed and more than one hundred persons were injured, disclosed the fact that the motorman of the local train, which caused the wreck by colliding with a standing express, was operating his train at the time from the motor on the third car instead of the first. One of the cars was defective and had been cut out.

"The conductor was giving him a hand signal with a lantern," reads a statement issued by the Interborough Rapid Transit comoany. The motorman, T. McMahon, has been suspended pending investigation.

GIVEN SIX YEARS IN PRISON.

Los Angeles Mine Promoter Sentenced at Cleveland for Fraud.

Cleveland, Dec. 10.—Daniel T. Ray, Los Angeles, Cal., mine promoter found guilty in federal court several days ago of impersonating a government secret service officer and defrauding Miss Emma R. Ewalt and her father, of Cleveland, out of several thousand dollars, today was sentenced by Federal Judge Clarke to serve six years in the Moundsville, W. Va., penitentiary. The sentence was imposed after a motion for a new trial had been overruled. Ray was arrested in Los Angeles August 6 and was brought here, where he has since been confined in jail.

JOSEPH SMITH IS DEAD.

HIGH COURT AFFIRMS TERRE HAUTE CASE

Terre Haute, Ind., Dec. 10.—The verdict of Judge Charles M. Fortune in the circuit court in the contempt case in which Ed Holler, chief of police, was found guilty and sentenced to thirty days in jail and to pay a fine of $100, was sustained by the supreme court of Indiana in a decision received here today. The decision, which was returned on October 9, makes the chief of police subject to the fine and sentence as assessed by the local court. Chief Holler was out of the city and no action has so far been taken to carry out the sentence.

A HARD CASE.

LAST YEAR'S RECORD IS ALMOST REACHED

Up to noon Thursday a total of 167,715 Red Cross Christmas seals have been sold in Fort Wayne and before the end of the week it is predicted that the record made last year will be surpassed when a total of 173,000 seals were disposed of.

On Monday the telephone canvass will start and every person having a telephone who has not already purchased seals will be called. It is believed that in this manner hundreds of seals will be sold that otherwise would not have been. A total of 2,300 seals were sold by the Gilbert girls at the Empress theater Wednesday afternoon and evening.

The sales made up to noon Thursday were as follows: Louis Rastetter & Son, $10; Summit City Restaurant, $5; City Suburban Builders, $5; Phillips and Sprague, $5; Nathan Grain company, $5.

Two sales were made Wednesday afternoon as follows: Cooney Bayer Cigar company, $5; Nuttman bank, $5.

THE DEATHS

SEILER.

John Seiler, aged 69 years, a well known Adams township farmer, died Wednesday evening at 6 o'clock at the family home. Death was due to heart trouble, from which he had been suffering for some length of time, but was not considered serious until recently.

Mr. Seiler was born in Adams township and had lived there all his life and was well known throughout the county. He was educated in the St. Mary's schools and was a member of the same church until the organization and founding of St. Andrew's church.

Besides his wife he is survived by three children, John, Joseph and Miss Martha Seiler; three brothers and one sister, Joseph, Peter, Frank and Mrs. Anthony Moser, all of Fort Wayne.

FUNERAL NOTICES.

BELIEVES THE WORLD OWES HER A LIVING

Mother of Seven Children Says It's Not Her Fault She is Poor.

"I think the world owes me a living." The above startling declaration was made by Mrs. William Hebst, of Piqua avenue, Thursday morning when she appealed at the trustee's office for assistance.

"I have permitted my children to live on nothing more than bread and water for days at a time just because I was too proud to appeal to charity. I have thought this matter over and I am convinced the world owes me and my children a living."

Mrs. Hebst is the mother of seven children, and she says that although her husband has searched high and low for a job he has been unable to earn more than 50 cents a day for weeks. This is scarcely enough to pay their rent and leaves nothing with which to buy clothes and food.

For days she said she was compelled to keep her children out of school even though the attendance officer has ordered her to see that they attend more regularly. She said she could not send them with nothing more to eat than bread and water. She was given a good sized grocery order by the township trustee.

Frank Smock, treasurer of the Bursley wholesale house, has been critically ill at his home on West Berry street for several weeks. It was reported Thursday morning that he was out of danger and now convalescing.

Onslow Orr, of West Wayne street, who has been suffering from an attack of malarial fever, has recovered from his sickness.

SALT RHEUM ITCHED AND BURNED

On Face, Neck and Hands. Scratching Irritated. Face Disfigured. Could Not Put Hands in Water. Cuticura Soap and Ointment Healed.

Boyne City, Mich.—"I had salt rheum on my face, neck and hands and it got so bad that the least itching on my hands would start them to bleeding. It broke out in pimples which had the appearance of small blisters and itched and burned so I would scratch and irritate them. At the time my face was disfigured. My face, hands and neck were one burning, itching sore and I was troubled that way for several years. It would go away for a while then come back again. I could not put my hands in water and could not rest at night.

"I used remedies but none of them did any good until I tried Cuticura Soap and Ointment. First before retiring for the night I bathed my neck, face and hands with Cuticura Soap and after drying well I then used the Cuticura Ointment. I kept this up every night for two weeks and then twice a week and I am cured." (Signed) Mrs. Pearl Sutton, March 21, 1914.

Samples Free by Mail

If you wish a skin clear of pimples and blackheads, hands soft and white, hair live and glossy, and scalp free from dandruff and itching, begin to-day the regular use of Cuticura Soap for the toilet, bath and shampoo, assisted by an occasional light application of Cuticura Ointment. Although Cuticura Soap and Ointment are sold everywhere, a sample of each with 32-p. Skin Book will be sent free upon request. Address postcard: "Cuticura, Dept. T, Boston."

TERRA HAUTE'S WAY UNLIKE ANY OTHER

Hardworking Saloon There Casts 200 Ballots at Election.

(By J. B. Smollen.)

Terre Haute, Ind., Dec. 10.—Oh, you Hinky Dink, Bathhouse John, you Penrose and Murphy—you are pikers, bush leaguers, novices—come to Terre Haute and learn how!

For here they play politics with a zeal that does not even stop at murder—and they get by with it!

In Terre Haute you will find the game a delight to your political souls and a system prevailing that will stand you on your heads in awe and envy.

Surely some of the means employed to obtain victory at the polls are so coarse and raw that you would and perhaps have discarded them as unworthy of your participation. But I maintain that taken all together, the machine carries the elections of this wretched city with a finesse that demands the homage of every gang politician in the country.

Tammany never had anything on Terre Haute.

* * *

If Chicago is rotten and if New York is rotten, Terre Haute is the rottenest city politically in the United States!

I thought I knew all the schemes of the half-world from the shameless pre-election colonization of Chicago's notorious First ward to "trimming an egg out of his dough" in the tenderloin.

But I never heard of a drinking fountain, a stone monument or a "for sale" sign on a vacant lot voting the straight democratic ticket. Neither can I see how a saloon twenty feet wide and thirty feet deep, furnished with only a bar and pool table, can be the residence of 200 registered voters. Those 200 men must have had a time trying to sleep on that pool table.

But then perhaps I do not understand these things because I am awe-stricken by this maze of political trickery and can only marvel at the system and ask myself the inevitable question: "How do they get by with it?"

Yet it is true that a drinking fountain and a stone monument voted at the November election. It is true that a vacant lot cast its ballot like a conscientious—however misguided—citizen. And it is also a fact that 200 men with the same address, and that a saloon, voted—how many times the United States court is now trying to find out—to help the gang.

From one small shed—an opium joint—in the rear of a tough saloon of the slums, 35 voters registered!

Repeaters, ever the standby of gang rule, are hardly necessary in Terre Haute, although frequently used with effect. They are needless, however, because election judges and clerks—many of them—are extremely efficient gentlemen as far as the gang's interests are concerned and exceedingly careful in the distribution of the votes in their precincts.

Of course, there are some citizens who want to fight the gang with their ballots. But good government hardly stands a chance.

Such a citizen steps into a voting machine booth. Slipping under the curtain and at his side in a moment is an election official.

"You want to vote the straight democratic ticket?" asks the clerk quickly.

Puzzled by the maze of names, keys and buttons on the board, the voter hesitates—

Bang goes the lever and the vote is recorded—by the election official!

Rather than argue, the citizen leaves the booth. Sometimes he is not even sure that he, not the official, should manipulate the levers.

Imagine how long a game like that would last in any other city.

It isn't always the straight democratic ticket that is voted in this manner. The gang reaches into every party—but is really a party within itself.

Terre Haute has been in the mire long enough. It now wants a bath. The city is beginning to see the light.

The light is the Terre Haute Post—and Charlie Clowston.

Charlie is a big, good-natured but very busy young editor. He believes Terre Haute deserves good things. He has set out to get them for his adopted city.

But he has been a martyr to his convictions. He has been slugged and beaten and even thrown into solitary confinement in the city jail by the gang's strong arms.

But Charlie and his history make an interesting story, and this will appear as a second installment of these observations in Terre Haute.

In 1912 British Columbia admitted 56,817 new settlers.

ANGELA MADERO IS ANNOYED.

Sister of Assassinated President of Mexico Seeks Refuge From Man.

South Bend, Ind., Dec. 10.—Frightened by a rough looking man, who persistently followed her for several blocks, Miss Angela Madero, a young sister of the assassinated president of Mexico, sought protection in the home of F. A. Bryan here, Monday night. Miss Madero reached the Bryan home in tears, asking refuge from the man following her, of whom she appeared in much fear.

Mrs. Bryan took the frightened girl into her home and later to St. Joseph's hospital, where she is staying as a patient. The sister of the former president of Mexico was at St. Mary's academy until a few weeks ago. Since that time she has been at the hospital.

TERRE HAUTE HAS GOOD LEFT-OVERS

Infield Looks Fair and Vann is Expected to Return to Club.

Terre Haute, Ind., Dec. 10.—Terre Haute has a few good players left over from last season and, although the time for building up a team has not arrived, President Webb Beggs and Manager Larry Quinlan are both preparing to get new talent and expect to strengthen the club so that it will be a contender next season.

Jack Van, one of the best catchers in the league, is spending the winter on a ranch in the west and it is expected that he will return when the call is sent out and this means that the backstopping proposition is settled as he needs only a mediocre second string man. He is a hard worker and can be counted on to carry the heavy end of the work back of the plate.

As long as Ted Anderson took care of himself he made an excellent showing at first base. Larry Quinlan stated when the club owners bought Anderson that he could hold him down and he did for a time, but he slumped and proved that Claude H. Varnell was right when he refused to take him back after Denver had placed him on the market.

He will have to hustle to hold his job in the spring as the owners and the manager are casting about for a man to fight him for the position. There is little probability that Tommy Sheehan will return to the fold. Brooklyn cancelled a draft on him and he still belongs to the Terre Haute club, but his showing last season entitles him to advancement and, failing to get it in organized ball, he may leap to the Federals.

If he does Billy Gray will likely be switched to second, which is his regular position, and this leaves third open for a new man. Quinlan will try again at short. His batting and fielding last season were not up to Central league standard, but his presence in the infield kept it steady and what he lacks in playing ability may be made up in his generalship. He wants to play at Erie and if that city gets a birth in the league he may be at the head of the team there as he is a favorite with the Erie public.

The pitching staff will have to be made stronger. Art Nehf looked like one of the best portside propositions in the league and likely will be strong enough to hold down a berth with the team, but Madden was very erratic and little dependence could be placed in him because he was so very much like the nursery rhyme little girl with the curl.

Tom Cantwell was never very well satisfied here and he may be traded. He is a good pitcher and one that would make a valuable member of any hurling staff on the circuit. George Matteson, who gave promise of big league possibilities, did not show as well as in former years, but he is a youngster and more than likely had one of those bad years that come to all pitchers.

Taken as a whole the Terre Haute outfield was weak all season. Andy Kyle is a good lead-off man on account of his ability to work the pitchers and to beat out bunts. His fielding is good and he may hold his job on this basis, but the club needs a real slugger, a man who can be depended upon to hit in the runs and it has none.

"Yank" Davis did not play up to the advance notices of his fielding qualifications and his batting was decidedly weak. Sapir was a little bit slow in the matter of taking hold and did not learn the inner side of baseball as rapidly as a player in the Central is expected to pick it up.

The management had a most discouraging year in 1914, but the men behind the club are going ahead with preparations just like they intend to keep on trying and if the players can be secured the city will be in at the finish of 1915.

WAIVERS TO HOLD WHEN ONCE ASKED

New Movement Up to Aid Weaker Teams in the National League.

New York, Dec. 10.—A resolution designed to aid weaker teams in the circuit by proposing that hereafter a club cannot withdraw waivers on players once they have been asked, was one of the few questions that remained to be acted upon today by the club owners of the National league in annual session here.

It was expected that the resolution will be adopted. The International league is still confronted with the problem of changes in the circuit. The league magnates are awaiting the advice of the national commission relative to the transfer of the Baltimore and Jersey City clubs to Richmond and Syracuse, N. Y., respectively.

The commission met a committee from the league and further conferences will be held before a definite move is decided upon. Interest in American league affairs centered about the negotiations for the sale of the New York club to Col. Jacob Ruppert, jr. President Johnson, who had been conducting the negotiations said last night that the deal was still a possibility, and this has given rise to reports that a compromise over the purchase price had been effected.

MAY TAKE HOLZHAUER.

Sig Hart Brought Gordon Here to Try Out Local Boxer.

Sig Hart may be able to use Young Holzhauer, local boxer, in some of his bookings as the showing made by the Fort Wayne lad against Frank Gordon at the Elks' temple show Wednesday night was impressive.

Gordon was brought here for the purpose of seeing what Holzhauer had and Hart watched the match with interest. Gordon quit at the close of the fifth round because one of his eyes had been closed and he was in no condition to proceed.

Young Ellenwood and Vance Carpenter put up a rattling mill with honors about even. Ellenwood showed improved form over his previous performances here. The battle royal was the amusing feature of the event and was highly entertaining.

The affair was for Elks only and was held in connection with the old clothes social and all money received will be devoted to charity.

NORMALS EXPECT TO WIN GAME.

Lakeside School is Working Hard for Its Game Against the High Club.

Girl basketball players of the Lakeside normal school are working hard in preparation for the meeting Friday night at the James H. Smart school against the girls of the Fort Wayne high school, and expect to win. Both clubs will present a number of new faces and the normal followers regret the loss of Miss Ehle, the forward of last season, who was one of the stars of the game.

A preliminary between the freshmen and scrubs will be called at 8 o'clock and will precede the regular game. The girls will line up as follows:

Fred Blanding Ready to Take Up the Simple Life of Michigan Farm If---

Detroit, Mich., Dec. 10—Fred Blanding, the big Cleveland right-hand pitcher, whose winter occupation is being one of the leading citizens of Birmingham, Mich., is "off" Joe Birmingham, manager of the Naps.

Blanding stood for Joseph a long time because he is named after the ancestral seat of the Blanding clan, but last season the manager so vexed and annoyed the hurler that he positively will not play ball again so long as the former Cornellian is to be his boss.

The blond flinger conveys this information in a letter to J. C. Weed, of Detroit. He does not threaten to leap to the Federals, nor does he demand more salary. He just says that he and Birmingham can't get along, and that one of them will cease to be a Nap. As he has no authority to oust the manager, he solves the perplexing problem by quitting himself.

According to Frederick, Birmingham used him badly last season. When Fred was ready and anxious to pitch and warmed up with enough speed to throw the ball through a brick wall, Birmingham wouldn't let him work. Other days when he didn't even have a glove and had to borrow one, Joe sent him to the mound and let him stay there until the humane society got out an injunction.

Blanding says that he is not the only one who is opposed to Birmingham's management. There is a general feeling of dissatisfaction among the players, he believes, and unless something is done to improve the spirit of the squad, Cleveland can look for another lowly berth in 1915.

If the Naps do not get a new manager, Blanding says that he will retire to his farm near Birmingham and devote himself to agricultural pursuits.

FAMOUS OLD PARK IS PASSING AWAY

Fame and Fortune Made in National League Enclosure at Boston.

The announcement of President James Gaffney, of the Boston Braves, that the world's champions will have a new ball grounds to play on next year means the passing of one of the most famous baseball plants of the country. More real baseball history has been made on the Walpole street grounds in Boston than on any other grounds in the big leagues, with the exception perhaps of the Polo grounds.

During the early years of the American national game the Boston grounds were plenty large enough to take care of all of the fans that wanted to crowd into the stands, but since Johnny Evers and his fellow Braves started to climb from the bottom of the percentage column last July and then won the league pennant and the world's championship the old grounds could not hold one-half of the bugs. Fifteen thousand was a good sized crowd to squeeze into the old grounds, and that was after it had been considerably enlarged under the present administration.

The Braves started their friends to the old ball park in the summer of 1913 after a decade of poor attendance at the Boston National league grounds. The poor showing of the Red Sox in the old town and the good showing of the reorganized Braves brought back some of the old fans who had not attended the National league games for many years. Then when the Braves started their winning streak last July the fans started coming thicker than ever, and it was necessary for Manager Stallings to find new surroundings or else turn many people away from the games.

At that time Owner Joe Lannin, of the Red Sox, came to the front with an offer to let the Braves use the Red Sox grounds until they could make some permanent arrangement for themselves. The world's series last October was therefore played on the American league grounds in Boston as well as in Philadelphia, although it was the National league team that won the honor of playing in the big series.

The Walpole street grounds could not have been enlarged for the simple reason that the land surrounding the park was too expensive and not for sale. Railroad yards joined the grounds on the left and center, and on the other two sides streets prevented any extension. Under the administration of Soden, Conant and Billings, the owners of the old Boston National team, and known as the triumvirate, the old grounds became known all over the country as one of the worst kept grounds, but one of the best paying propositions, anywhere to be found. The grandstand was a very simple affair and would seat only 1,200 people, and the bleachers and pavilions brought the capacity of the grounds up to 10,000.

In spite of the small seating capacity though, the owners made a great deal of money in the days before the American league nosed its way into the upper circle of baseball society in 1900. Conant and Soden are today very wealthy men but Billings died a few years ago after losing most of the money he had made out of the game. Under the leadership of Frank Selee, later manager of the Cubs, and the man who gave Frank Chance the opportunity to make a world-wide reputation, the Boston Nationals won several championships and thus got the fans started coming their way. Bob Lowe, who came to Chicago to the Cubs with Frank Selee, and Herman Long, a Chicago boy, were famous members of the old Boston infield and made their reputations in the game on the grounds that are now to be discarded.

Kelly and Clarkson, the two famous Chicago players who were sold to Boston, played on the Walpole street grounds. A. G. Spalding made his reputation on the same grounds.

SELECT NOMINATING COMMITTEE.

Board of Directors of Y. W. C. A. Hold Business Session.

At the meeting of the board of directors of the Young Women's Christian association, held Wednesday at the building, the nominating committee for the new board of directors was elected and is composed of the following: Mrs. A. H. Perfect, Mrs. Christian Martz, Mrs. Edward White, Mrs. George Jacobs and Miss Mary Trotter. The following people were also chosen to serve on the evangelistic committee to aid in the Lyon revival campaign: Mrs. J. S. House, Mrs. George Jacobs, Mrs. Edward Willson, Mrs. Garmeyer and Mrs. Humble.

The nominating committee will report in a few weeks and the election will be held January 8 and 9. Instead of a mass meeting and election, poles will be kept open at the association building from the morning until 9 o'clock at night. The next board meeting will be held January 13.

The house committee represented by Mrs. B. Paul Mossman reported that during the month of November 91 transients had been accommodated for one night and 75 for two nights. The lunch committee also reported that 8,969 meals were served during the past month, which exceeds the month of November a year ago by 1,705 meals.

The resignation of Miss Anna Philley as a member of the board was accepted as she was unable to attend regularly as her work does not permit it.

WANTS INTERSTATE LAW STRENGTHENED

Attorney General Gregory Asks Amendment of Carriers' Act.

Washington, Dec. 10.—Attorney General Gregory made his first report to Congress today as head of the department of justice. He recommended several amendments to existing laws and gave a comprehensive review of the work of the department for the fiscal year. His principal recommendation was for an amendment to the commodities clause of the interstate commerce act designed to block the way of any common carrier which seeks to transport products over its lines in which it has any interest whatsoever.

In asking for such legislation the attorney general referred to the difficulty the department has encountered in attempting to break up what is known as the "hard coal combination" controlling a large part of the anthracite fields in eastern Pennsylvania. He told congress that railroads in that field have met recent supreme court decisions, interpreting the commodities clause, by the organization of corporations whose stock is distributed ratably among stockholders of the railroad, with its management dominated by the railroad. To such a corporation, he says, the railroad in question sells coal at the mines under a contract which puts the new corporation "largely, if not completely within the power of the railroad." This plan has been challenged by the government.

What He Recommends.

"I recommend," wrote Mr. Gregory, "an amendment which will prohibit a railroad from transporting in interstate commerce articles which it manufactured or produced, or which were manufactured or produced by any corporation controlled by it or affiliated with it by having the same controlling stockholders, irrespective of whether such railroad or such controlled affiliated corporation has an interest in the articles at the time of transportation. It is also necessary if transportation and production are to be completely divorced, that congress prohibit any railroad owned or controlled by a producing or trading corporation and not operated merely as a plant facility, from transporting in interstate commerce articles produced or owned by such corporation."

Other Recommendations.

Other recommendations include: An amendment making it a federal offense to kill an officer of the United States [illegible]

SHOP AND RAIL ROAD NEWS

INDIANA HARBOR SHOPS ARE FINISHED

Pennsylvania Will Open Them to Car Repair Work Early in January.

The big car shops of the Pennsylvania at Indiana Harbor are nearly completed and will be opened to business early in January. This shop was designed to take care of the car repair work originating on the Chicago Terminal division, some of which is now performed at Fort Wayne. Local shop officials do not expect the new plant to greatly interfere with work at the shops in this city, which will, it is believed, have all they can do to take care of Western division car work. A master carbuilder will be appointed to handle the business at Indiana Harbor and guesses as to who the appointment will fall upon are being made.

LEGISLATION LEAGUE ORGANIZED.

Labor Union Leaders Preparing to Secure Wanted Laws.

At a meeting at App's hall last night the Labor Legislation league was organized. Its object, as announced at the meeting, is to "educate laboring men in the needs of a new constitution for Indiana and to oppose the twenty-two so-called lost constitutional amendments passed by the last legislature." A committee of five was appointed to attend the Labor Forward convention to be held in Indianapolis December 19 and to assist in the arrangements for the proposed meeting of the Labor Forward movement in this city.

OFFICE FILLED WITH SMOKE.

Assistant Master Mechanic E. E. Dildine and the foremen of the departments of the Pennsylvania shops held their morning conference in the office of Foreman H. T. Hogan today. The boiler shop is receiving an asphalt floor and the men engaged in making the same have installed a six furnace heating and mixing plant in the driveway between the shop building and the freight house. The wind was just right this morning to carry the very black and offensive smoke from the furnaces into the office of Foreman J. T. Leach, of the erecting shop, where the daily meetings of the assistant master mechanic and the foremen are held. The office was untenantable and new quarters were sought. Charley Bahlinger and the other clerks had to take refuge in the office of Boiler Shop Foreman Sarver.

FURLOUGHED SOME FIREMEN.

Six Pennsylvania and four G. R. & I. firemen were placed on the furloughed list yesterday because the crew list was so large that the firemen classed as regulars were not getting sufficient work. The traffic situation on the Fort Wayne railways is peculiar because of its fluctuations. One day it may be heavy and the next day it is likely to be so light as to amount to practically nothing. It is going to improve on the Pennsylvania, however, for the company is assembling grain cars at Chicago to be loaded with wheat for export. One contract calls for 350,000 bushels, about 400 carloads. The Pennsylvania firemen who were furloughed are J. P. Seiler, J. M. Cromwell, K. H. Baker, H. Kase, C. A. Traceler and E. Jones and the G. R. & I. firemen furloughed are L. E. Dyer, H. F. Contant, A. F. Medaris and E. Zwach.

OUT ON INSPECTION TRIP.

Vice-President J. J. Turner is this week making inspection trips over some of the Pennsylvania controlled lines. He has just completed a trip over the Vandalia and at 4:30 o'clock this evening his special train was delivered by the Vandalia to the G. R. & I. at LaOtto and is being taken to Grand Rapids. Engine No. 1, with Engineer R. Jones and Fireman S. Dalton in the cab, was sent to LaOtto to take the special north. Returning, Mr. Turner and his party will leave Grand Rapids at 3:30 o'clock tomorrow evening and get here in time to have his two private cars attached to Pennsylvania train No. 8 and taken to Pittsburg.

WILL VISIT CALIFORNIA.

Machinist S. C. Gouty, of the Pennsylvania shops, and Mrs. Gouty will leave the day following Christmas for Los Angeles, Cal., where they will spend two months. Will Gouty, a brother of Clayton and a former resident of Fort Wayne, is engaged in the automobile business in Los Angeles and Mr. and Mrs. S. C. Gouty will spend the greater portion of the time on the Pacific coast with him.

FED THE COAST ARTILLERY.

J. W. Carpenter, manager of the Pennsylvania station restaurant, fed forty-two members of the United States coast artillery band at noon today. The party was on train 21 and because of the short time it stopped at the depot, box lunches were ordered and were delivered to the men on the train. The band had a special car. They came from Delaware City and are going to the Pacific coast.

FUNERAL OF H. O. LUFCY.

The funeral of the late Pennsylvania Switchman Harry O. Lufcy, which will be held at the home at 2 o'clock Friday afternoon, will be private except to the members of Fort Wayne lodge, No. 136, B. R. T., and Loyal lodge, No. 35, Ladies' Auxiliary to the B. R. T.

TRANSFERRED TO SHOPS.

E. J. Jones, a Pennsylvania fireman, has been transferred to the roundhouse to work as a machinist's helper. He expects to go back on the road soon, the prospects for increasing business being good.

FIREMAN BREAKS A FINGER.

J. F. Dawson, a Pennsylvania fireman, had the misfortune to break one of his fingers while manipulating the shaker bar at Crestline yesterday. He had to come home "deadhead" and will be unable to work for some time.

INDUSTRIAL NOTES.

Passenger Fireman E. J. Lewis, of the G. R. & I., is sick and off duty.

Engineer W. J. Wooden is sick and off duty. He is a Pennsylvania man.

Pennsylvania Boilermaker A. V. Zuber is at work after a few days' absence on account of sickness.

Chief Engineer A. L. Hadley, of the Electric works, left yesterday on a business trip to Florida.

H. A. Deihm, Pennsylvania yard fireman, who was furloughed six weeks ago, has been recalled and put in service again.

E. G. Rickey, who had his eyes injured with iron rust a few days ago, reported for work this morning.

Mr. and Mrs. G. A. Hermans are preparing for a visit with friends in Indianapolis. He is a Pennsylvania machinist.

Machinists H. W. Breight and O. Breight, brothers, of the Pennsylvania shops, will go to Toledo in a few days to visit friends.

Mrs. F. C. Eggers was the guest of her brother's family at Woodburn last night. She was accompanied by her little son Delmar.

Mrs. Casey, wife of Wabash Machinist John Casey, has returned from Princeton, Ind., where she spent two or three weeks with relatives.

G. F. Wise will be the guest of friends in Logansport the remainder of the week. He is night engine dispatcher at the Pennsylvania round house.

Machinist T. J. McGrath, who had the palm of one of his hands badly cut four weeks ago, resumed work at the Pennsylvania erecting shop this morning.

Machinist Clark E. Scheid, of the Pennsylvania erecting shop, is badly crippled by a monstrous boil on one of his knees. He is likely to be off duty several days as a result.

Fred Huston, assistant master mechanic of the Eastern division of the Pennsylvania, has returned home, after a business trip to Fort Wayne and a short visit with relatives. This city is his birthplace.

Machinist Charles Miller, of the Pennsylvania machine shop annex, has gone to Taylorsville, Ill., to assist his sister-in-law in the settlement of her husband's estate. The deceased was a victim of an accident in a factory in which he was employed.

R. F. Hoham, a Frank Thomson student at the Stevens Institute at Hoboken, will be here during the holiday week as the guest of his father, Machinist Henry Hohman. The young man will complete his third year at the institute next spring.

Gang Foreman E. W. Koehn, of the Pennsylvania machine shop, has been advised that his daughter, Miss Hilda C. Koehn, a kindergarten training school student at Toledo, will be here to spend the holidays with her parents and other members of the family.

E. T. Drew is very sick at St. Joseph hospital with typhoid fever, the malady first showing itself a week ago. Mr. Drew is prominent in labor circles in Fort Wayne, being vice-president of the Indiana State Building Trades council, financial secretary of the Fort Wayne Building Trades council and financial secretary and business agent for the Painters' local union.

DIRECTORY OF THE SCHOOLS.

D. O. McComb, county superintendent, has had published a directory and handbook of the schools of Allen county. The book contains the names of every teacher, school official and trustee in the county, including the city of Fort Wayne. It also contains a list of the graduates from the eighth grade in 1914, there being a total of 292.

LIVE AND LET LIVE

If I owned a furniture store I would be satisfied with the large, juicy profits and positively I would not take in washing, kalsomining, white washing or sell sauerkraut; that belongs to the people who make their living in that line of business. Some merchants are not satisfied; they want it all. Monopoly: rule or ruin. They would like to fence in the old town, paint it red and say, she is mine.

If I had a farm I would farm it; if I owned a business block I would rent it out; if I wanted a crow bar I would go to a hardware store—not to a barber shop; if I desired a washing machine I would not go to a drug store (altho', at times, we've noted signs at some proclaiming the sale of hot soup and lunch); if I wanted toys I would go to a TOY STORE—to a man who makes a regular business of it—not to a millinery shop nor a dry goods store, nor a shoe merchant, nor a clothing store, nor to a furniture emporium. This is an age when capitalists and monopoly, with self-interest and greed, are driving the little merchants out of business, but I wish to announce that for the 30th consecutive holiday season I am showing the largest and best assortment of dolls and toys in the city and PRICES ARE RIGHT. No stairs to climb, no elevator to ascend to a third or fourth floor, everything right out on display on the first floor and price marked plainly. It is to your advantage to purchase your toys from this city's most experienced toy man.

ANDY DONNELLY WILL TAKE A NEEDED REST

Twelve Years of Free and Faithful Leisure Will Be Rounded Out.

Andy Donnelly, to the best of universal knowledge and belief, has for the past dozen years stuck to a life of free and faithful leisure, holding close to his motto that it is a wise provision in the correct ordinances of human affairs to "let the women do the work." Also it is written in Andy's record that he has been arrested a dozen times within the last few years. Usually he has been charged with getting drunk and mistreating his family or getting drunk and trying to disturb the boarders and lodgers that Mrs. Donnelly has for many years found it necessary to take in order to make a living for herself and Andy. Mr. Donnelly on Wednesday started trouble at his wife's home, 415 Baker street, and the consequence was his arrest. Overwork and worry had finally broken down the wife and she finally became a paralytic. A guardian was appointed for her by the circuit court a few days ago. It was decided on Wednesday that she should be taken to a hosptal for better care. Faithful Husband Andrew's feelings were terribly wrenched and wrecked by this shocking proposal to wrest from his fostering and tender solicitude the wife of his faithful bosom and he started a rough house, committing assault and battery on his daughter, Frances Donnelly. Donnelly declared that to spend money in a hospital was merely throwing good coin away and that he could nurse his helpless partner. The notion of spending for hospitals and nurses perfectly good cash that would purchase no end of red liquor threw him into a frenzy. He was bound to have possession of the bank book, and cut up nasty until Officer Zwick came and got him.

Judge Kerr fined him $20 and costs and added a thirty day jail sentence on the assault and battery charge and he went over to spend two months in the bastile. Judge Kerr promised if he is brought into the city tribunal again to send him over to the circuit court to be dealt with as a chronic offender.

Other City Court Cases.

Jim Connors was given the opportunity to return to his home in Lagrange on condition that he leave $11 of the $12.45 he had in his clothes with Judge Kerr, to be forwarded to him in Lagrange after he arrives. He haggled a bit and consented. The court wanted at first to hold out all but the car fare, but James pleaded for enough additional to purchase breakfast and a shave. He was in Wednesday and turned loose, but was in again by noon.

Mike Fitzgerald, a drunk, drew $1 and costs and went to jail.

Clarence Davis, charged with neglecting his children, promised to pay $6 a week to his wife and his case was continued for two weeks and he was released on his own recognizance.

James T. Reid, prosecuted on a health department affidavit charging him with selling milk without a license, pleaded guilty and his case was continued indefinitely on his promise to procure a license. He explained that he is a dealer in milch cows, but that the foot and mouth disease scare had prevented the sale of a bunch of Jerseys he has on hand and that he had been selling milk to two or three grocers temporarily to help pay the expense of feeding, ignorant that he needed a license for that.

TOOK A FORGED CHECK.

The local police have been trying to identify and arrest the man who a few days ago purchased a valuable fleece-lined overcoat of the Ben Lehman clothing store on Calhoun street, and paid for it with a forged check on the Roanoke bank. The check was drawn on Mort McFerren, a meat dealer in Roanoke, and made payable to Bert Hine. The man tried to get the check cashed at the Commercial bank in this city, and while the cashier was calling the Roanoke bank to make inquiry the fellow walked out. The bank at Roanoke stated that from the description of the man representing himself to be Mr. Hine he judged the person to be that gentleman and that the check probably was good. When the Lehman store inquired at the Commercial bank and was informed of the conversation with Roanoke the check was accepted.

THINKS HORSE STOLEN.

Joseph Stoke, 222 East Superior street, reports to the police and sheriff that a horse rented of him Tuesday by a stranger, has not been returned and he believes it has been stolen. The horse is a dark bay, ten years old and blind in both eyes.

NEED NOT STEAL TO GET BREAD.

Rather than have its customers robbed, the Scherer Baking company announces that it will supply with bread any needy persons who call and prove their necessities. Twenty-five loaves delivered to the Lischsinn & Peters grocery on East Wayne street early Wednesday morning were stolen along with a quantity of pastry.

WANTED IN OHIO.

W. J. Prentice, wanted in Dayton, O., for contributing to the delinquency of young girls, is held for officers from that city. He was out on bond and fled to Fort Wayne. He was arrested by Detective Sergeant Spillner.

Wife Sends Blind Hub to Congress

Mrs. T. D. Schall

Minneapolis, Minn., Dec. 10.—Mrs. Thomas D. Schall can't vote, and she wouldn't run for office if she could, but nevertheless she's considered one of the most brilliant political campaigners in the west.

It was as campaign manager for her husband, Congressman-elect Thomas T. Schall, of Minnesota, that Mrs. Schall made her debut in politics.

Congressman Schall is blind and comparatively helpless, but with his wife as his constant companion he made a strenuous campaign last November.

Mrs. Schall arranged his automobile trips and his campaign meetings, and she made many speeches in his behalf.

WOMAN CAN LIVE ON ONLY $20,000

Mrs. Hayes Didn't Believe It When She Asked for Alimony.

New York, Dec. 10.—Why, yes, by practicing a great deal of self-sacrifice, by living in a cheap sort of house, by curtailing the education of the children, by cutting down on the gifts to charity, by skimping here and doing without there an American woman and her little son and daughter can manage to get along on $20,000 a year. Oh, yes, indeed; you would hardly believe it, perhaps, but she can actually save something out of the twenty thousand.

Mrs. Blanche A. W. Heye, of New York, knows it can be done. She has done it. But before she tried it, she was sure it was impossible. She believed at least $50,000 a year would be necessary, and she said so when she asked for alimony in her suit for divorce against her husband, George G. Heye, a millionaire oil man, last year. She submitted itemized lists of expenditures to show the judge she wasn't fooling. Surely there couldn't be a mistake. There were the long rows of figures and equally long rows of things she said were necessary, and the figures seemed to be added up correctly.

Ten Thousand a Year for Clothes.

There was the apartment in the Langdon hotel on Fifth avenue—eight rooms and five baths. To get it at $10,000 a year was quite a bargain. Another ten thousand was only a fair amount for her own clothes. Then the two cars, and the furs, and the children's clothes, and their toys, and their training—dancing, swimming, language classes, music, riding and elocution—all these things weren't to be had except by paying for them. In fact, when Mrs. Heye went over the list the $50,000 looked rather small to her.

But her husband didn't think so and neither did the judge. Her husband called her extravagant, and the judge administered a little scolding. New York society women look upon divorce with their eyes too much on the size of the alimony, his honor hinted. The outcome of it all was that the amount received would not have been recognized by the amount asked for had the two met in the street.

Now, however, Mrs. Heye is ready to agree that a woman with two children can get along very well on $20,000 a year. They can live very happily, she says, for never have they been happier than during the last year. She even boasts of saving a good part of the alimony, and the sacrifices have not been of the necessities of life, she says.

GOOD FELLOWS ARE ACTIVE.

Arrange to Give Columbus Poor a Merry Christmas.

Columbus, Ind., Dec. 10.—The Good Fellows—and that means any one who is willing to help the poor to have a merry Christmas—have begun their annual campaign here. This organization will have a municipal Christmas tree in Commercial park and will hold exercises there on Christmas eve.

The members have placed contribution boxes throughout the city, where those who wish to contribute may do so. They are going to give a play, the proceeds of which will go to their fund. The management of one of the theaters here has announced one show, the receipts from which will be turned into the Christmas fund.

The Monday Literary club members have agreed to dress two dozen dolls at the next meeting. The Kitzinger Bakery company has contributed 150 loaves of bread and John H. Schaefer, a miller, has given a barrel of flour. These gifts are coming earlier than usual this year and as a result the Good Fellows think they will have a much larger fund to use in spreading Christmas cheer.

SOCIETY

A lovely party enjoyed by a dozen young women was given yesterday afternoon in honor of Miss Irene Comparet at the home of Mrs. Daniel Milligan, of South Webster street. Mrs. Milligan was assisted by her sister, Miss Bowser. The guests spent their time in visiting and sewing and in the enjoyment of most tempting refreshments with such pretty accessories as yellow roses, yellow tulle bows, yellow nut cups and gold and white name cards, forgot all about the lack of sunshine out of doors. Miss Comparet received a shower of silk stockings and a bouquet of roses. The guests were Mrs. Abbott Carter, Mrs. Arthur Rose, Mrs. Herbert Zurmuehlen, Miss Irma Henderson, Miss Gladys Walker, Miss Irma Comparet, Miss Mary Menefee, Miss Eva Smith, Miss Larene Travers. Miss Comparet is a bride-elect of this month.

Miss Linda McKinnie has returned from a visit to New York city.

Mrs. Guy Scott has gone to Minneapolis, Minn., on a visit with friends.

Mr. and Mrs. J. N. Young have gone to Miami, Fla., to remain for some weeks.

Mr. and Mrs. Franklin B. Meade went to Detroit, Mich., today for a visit of several days.

Mr. and Mrs. Frank Randall are entertaining their daughter, Mrs. Austin Melchor, of Detroit, Mich.

Miss Della Kerns and her cousin, Edward Waters, have returned from a five months' trip in the south.

Mr. and Mrs. R. L. Romy and two children left Wednesday for Fort Myers, Fla., to remain all winter.

Mr. and Mrs. Samuel L. Morris, jr., have as their guest Mrs. Morris' mother, Mrs. C. H. Good, of Huntington.

Mrs. A. F. Hall's sister, Mrs. Agnes Brown, who had been visiting here, has returned to her home in Indianapolis.

Misses Gladys and Estella Greek have returned from a theatrical trip for a few weeks' visit with their parents.

Miss Olds' Tuesday evening dancing class of adults will meet in the future in Elks' hall instead of at the Country club.

Mrs. Glenn Ayers, of Montpelier, is the guest of her parents, Mr. and Mrs. George O. Russell, and other relatives, of South Calhoun street.

Mrs. Will A. Fleming returns today from a trip to Chicago of several days.

Miss Claire Hatfield, of Winona Lake, is visiting Mrs. Gray Erick.

Mrs. William Colfax Jones, of Colorado Springs, Col., has arrived to spend some days with Mr. and Mrs. T. J. Rodabaugh, of Washington boulevard west. Mr. Rodabaugh is seriously ill.

Harry Offutt is going to Harrisville, Pa., the latter part of this week to join Mrs. Offutt and little child, who are visiting relatives there. Mr. and Mrs. Offutt will return home in a few days.

Miss Bertha Chaska, who has been with friends in Albuquerque, N. M., for a few days, has gone to Los Angeles, where she expects to spend the winter with her sister, Mrs. August, formerly of Topeka, Kan.

John Langgin, who makes his home with his sister-in-law, A. L. Seiler, will leaave tomorrow for Hardington, Neb., to visit a daughter and on his way back here will stop in Des Moines, Iowa, and vicinity to visit other relatives and friends.

Mrs. Clyde Niles, of Suttenfield street, entertained the Modern Priscilla club yesterday afternoon. This club is in its seventh year of existence. Its members are besides Mrs. Niles, Mrs. Ira Meyer, Mrs. Victor Miller, Mrs. Ben Bennett, Mrs. Wilson Boucher, Mrs. John Grice, Mrs. William Jackson, Mrs. Sherman Smith, Mrs. Everett Wilson and Mrs. Harry Eyre.

The young women who are interested in tag day benefit for Hope hospital, which will be next Saturday, declare that a little snow or much snow will in no wise discourage them in their rally to sell tags. In fact snowy weather is far better than rain and the shopper for the holidays or for anything else would better be supplied with small change unless he is to be so generous as to deposit a bill or so as the tags are pinned on.

"CHILD LIFE" CHAPTER FORMED.

Officers Elected Local Branch American Institute of Child Life.

At the organization of a local chapter of Child Life at the Y. W. C. A. on Wednesday afternoon, Mrs. Fred McCulloch was elected president; Mrs. Chester Hall, vice president, and Mrs. Hastings, secretary. Mrs. McCulloch immediately appointed the following committee for work: On program, Mrs. William Griffin, Mrs. Edward Gilmartin and Mrs. M. E. Dessauer; on press, Mrs. F. E. Stouder, Mrs. Vail and Mrs. Smith. Meetings will be held monthly, on the second Tuesday. The local society will be affiliated with the American Institute of Child Life, of Philadelphia, which is the only institution of its kind in this county. Its purpose is to teach the scientific training of children. Mrs. O. N. Guldlin presided at the meeting and explained something of the purpose of forming the local society and of the need of a branch of such an institution as the Philadelphia one. Two ladies who are here to form the chapter, Misses Luella Townley and Harriet Randolph, gave talks on the subject during which they emphasized the need of efficiency and the necessity of proper training to develop it. Miss Townley quoted the judge of the Cincinnati juvenile court, who said that 25 per cent. of the bad boys came from good families, and that the blame was principally the result of wrongly directed environment and not a matter of heredity.

BAILHE TRIO RECEIVES PRAISE.

Delights Richmond Audience of Musical Taste With Their Work.

Praise of a discriminating character and evincing great approval was given the performance of the Bailhe Trio, of this city, for a recital given in Richmond on Sunday afternoon. In a column article devoted to the review of the concert and of chamber music, a Richmond critic says: "The audience was made up of musicians and music lovers of Richmond, and so appealing was the art of the performers that they were at once en rapport with their hearers and continued so throughout the presentation of the program. In the Godard number, which opened the concert, their fine ensemble was at once apparent, emphasis to the splendid rhythmical interpretative possibilities of the composition being made, the whole being played with extraordinary nerve and virility. Especially was the piano noticeable in this number, Mr. George Bailhe giving much color, life and vivacity to his reading and making the piano, often a cold and lifeless part of a combination of instruments, a potent factor in the ensemble. In Richard Wagner, the 'cellist, who appeared in three solo numbers and whose last number was followed by such an insistent encore, he responded, Richmond heard one of the finest 'cellists who had ever played before a local public. Mr. Wagner possesses wonderful technical skill, musical judgment, rich tonal interpretative talents and admirable artistic poise."

EGG-TWIST MOST MODERN FASHION IN HAIR-DRESSING.

Latest "twists" in hairdressing. At the top the "French twist"; below, at right, the "egg twist"; lower left, the "Parisian twist."

The egg—the mellow egg of cold storage vintage, mayhap—is Dame Fashion's latest model for hairdressing; and the newest twist, the very latest fluff in the hairdresser's art, is the oval, close-fitting "egg twist."

It was at the annual convention of hairdressers that the new "twist" was hatched, and, though other modes—the French twist, the Russian roll, and the Chicago fluff—offered competition, they were all tossed, so to speak, into the bureau drawer and the newly-hatched "egg twist" went chirping on its way to popularity.

The "egg twist" is a modification of the popular "French twist." The "crown of glory" is piled on the head; the point of the glistening peak is placed just opposite the point of the chin; the hair is patted down close to the head until it forms a perfect oval, as egg-like an "egg" as ever sheltered an Easter chick.

The French twist or the "Ste. Gene" style of hairdressing ran second in popularity to the "egg twist," but every model shown in the convention exhibit proved that the close-fitting, high arrangement is the correct thing in coiffures.

AT THE MAJESTIC.

Bargain Matinee Saturday at the Majestic.

In producing the new play, "While the City Sleeps," written by Edward E. Rose, author of "The Rosary," and which is to appear at the Majestic Saturday, Messrs. Rowland and Clifford aim to show the night life of a great city and its relations to those men who during those hours of darkness guard the safety of its inhabitants.

In "While the City Sleeps" the author shows a side of city life and proves that crime is crime; that breaking the law menaces every man and woman in the community; that those whose duty it is to guard us while we sleep are deserving of high praise and the support of every citizen.

We hear much of Raffles, that high colored character of thieves fiction; Jack Sheppard and Claude Duval live in the classic stories of that early time, but where is the chronicle of the everyday, faithful, earnest policeman who walks his beat in rain, snow and sleet, taking his life in his hand not once a day but during almost every hour? And for what? Merely a living wage that does not represent the risk he faces almost hourly.

AT THE TEMPLE.

The sparkling wit, keen humor, uproarious fun, catchy music and dainty, graceful dancing as well as the elaborate stage settings and charming costumes worn by the principals and chorus alike in Uncle Sam's Belles are combining to make this modern burlesque Fort Wayne's favorite current amusement center. The special matinee for the women yesterday attracted scores of the fair sex to the playhouse where Kelly, Damsel and Williams, the famous comedians and producers, furnished them an entertainment that brought round after round of vigorous and unmistakably happy applause from the women. Tomorrow afternoon another special dime matinee for the women will be given.

Uncle Sam's Belles are setting a high mark for following burlesque combinations to shoot at as what with the handpicked chorus of real beauties and the imposing battery of principals the show is blessed with talent instead of the usual [illegible]

AT THE EMPRESS.

Caesar Rivoli, the man of a hundred characters, is the headliner on the bill for the last half of the week at the Empress theater. This bill opened this afternoon and will be seen each afternoon and evening for the rest of the week, closing on Saturday night. Rivoli puts on a little dramatic sketch in which he plays all the parts. He leaves the stage by one door in the costume of one character and appears within a few seconds on the stage through another door in the costume of an entirely different character. He has everywhere been hailed as the world's greatest character impersonator.

Andy Rice, one of the great of vaudeville monologue men, presents his monologue which he calls "Rice and Old Shoes." This is a real laugh treat. Goelet, Stort and Lafayette, singers and instrumentalists of class, figure prominently on this new bill.

AT THE JEFFERSON.

"THE PAINTED WORLD."

Anita Stewart, Julia Swayne Gordon and Harry Northup Seen in This Drama.

If you like your motion-picture served with cosmic punch as the principal leaven, you are going to be an interested critic when "The Painted World" is shown. This rather racy story came originally from the pen of Jacques Futrelle, and it resolves into one of the strongest moving-picture releases seen here in many a long day. Anita Stewart is the Magdalen of the plot, with stately Julia Swayne Gordon as the actress mother who tries to keep her daughter in ignorance of certain facts which come to light at an inopportune moment. Harry Northup as the dissipated father of the girl, gives a remarkable interpretation of a character repugnant in every way. The rest of the cast includes a good many of the Vitagraph favorites, who can always be dependent upon to supply the proper atmosphere to a story.

The other attraction included on the program is a splendid adaptation of Hal Reide's much read and much discussed novel, "Foul Play." In photo-dramatizing the book, the producers have changed the title to "The Ticket of Leave Man," but the action recurrent in the story is left intact. A fine presentation is given by a picked company of Pathe artists from the American studios.

THE ORPHEUM.

"THREE MEN WHO KNEW."

Fantastic Drama Provides Entertainment of an Unusual Kind.

One of the most uniquely interesting dramas which has been released of late is "Three Men Who Knew." The plot involves the double climax which was originally made famous in Earl Derr Bigger's melo-dramatic offering of last season, "Seven Keys to Baldpate," and in the transferrence of this method to screen needs, the author of the scenario has given us a story that displays unusual originality. It tells of a man—who dozing off to sleep, dreams that he and several companions are in a temple in India. They insult the idol of the brown worshippers, and the high priest calls down upon them the wrath of the gods. When they return to America, the evil influences which are supposed to be exerted by the spiritual potentates, begin to manifest themstlves, and a series of horrible punishments are meted out to the idol defamers. In the end, the dreamer awakens, to find that his experiences are but the fancies of a horrible nightmare.

Another of the ludicrous Sterling laugh-producers, or rather "grouch-absorbers" proves to be the other attraction, "His New Job," being the title of the absurdity. The orchestra has arranged an excellent program including the "Spirit of Independence" march and "In the Town Where I was Born." Miss Lyons will sing "Wonderful Dream Girl," a ballad of great beauty.

Moving picture men have followed Stanley's footsteps through Africa.

TAKE CARE OF YOUR BACK, SHE SAYS.

(By Esther Hoffmann.)

"You can read character in backs as well as in faces, hands, mouths, chins, lips or eyes," said pretty Edna Maison, the Universal star who is said to have the most beautiful back in the movies.

"The girl with a plump back shows an easy going disposition and a disinclination to ever worry herself about anything. That kind of a girl usually makes a fine mother.

"A dimple in the shoulder denotes coquetishness, and a square shoulder denotes energy and capability, while a sloping shoulder means femininity and sympathy.

"Carriage should also be taken into consideration when one is judging character by the back. A girl whose back rounds and shoulders slouch is apt to be very lazy.

"Few women pay enough attention to their backs and forget to use a hand-glass before their toilette is completed. A belt that gaps from the skirt, a bit of scraggly hair, a collar unfastened; these tell more than a girl would sometimes like her sweetheart to know."

Count Tolstoy's secretary says that the great writer's library contains ten thousand volumes in thirty-two language. There were almost as many books in English as in Russian, 3,415, against 3,505, respectively.

Young Wife Comforts Boy Husband Jailed for Murder

Although he is waiting trial in Los Angeles, Cal., on a charge of murder in the first degree, Percy Tugwell, accused of having taken the life of Mrs. Maude Kennedy, August 13, declared in the county jail that Thanksgiving was the best day he ever experienced in his life.

The assertion followed the visit of his young bride.

Young Mrs. Tugwell carried some home-made candy and some cake to him and spent the greater portion of the visiting hours reading to him.

"I never knew before how much a man could love his wife," he said. "She and my mother are the two best persons in the world. Everyone else has a peculiar attitude toward me because I am in jail on the murder charge, but my wife sat right down beside me, put her arms around my neck, kissed me and read to me."

CLEARS AWAY FIRE'S RUINS

Edison Begins at Once the Work of Rebuilding Burned Plant.

LOSS WILL REACH NEAR $7,000,000

Inventor Sees Big Factory in New Jersey Licked Up By Flames.

West Orange, N. J., Dec. 10.—When the fire which last night swept the ten-acre manufacturing plant of the Thomas A. Edison companies here was extinguished today, a hurried inventory of the damage revealed that eleven of the eighteen buildings had been destroyed, others had been damaged and that the loss would approximate $7,000,000.

Seven thousand men are employed at the plant and half of these, it is estimated, will be out of work temporarily.

The entire force of employes was put to work today at removing the debris. Under the active supervision of Thomas A. Edison they began tearing down the concrete walls, which had to be removed, while the embers were cooling off. Immediate steps to rebuild have been taken.

Four firemen were injured in fighting the blaze and were taken to a hospital, but are not thought to be seriously hurt.

Edison is Undaunted.

"Although I am more than 67 years of age, I'll start all over again tomorrow," said Mr. Edison last night. "I am pretty well burned out tonight, but tomorrow there will be a mobilization here and the debris will be cleared away if it is cooled sufficiently, and I will go right to work to reconstruct the plant."

The inventor expressed himself thus as he stood watching the flames lick up building after building of his mammoth electrical plant, started, it is thought probable, by an explosion in the inspection building, one of the smaller frame structures.

The building was quickly a mass of flames and the spread of the fire to other structures near by was rapid. The quantities of chemicals in some of the larger buildings made the work of fighting the fire extremely difficult as the firemen were constantly in danger of injury.

Explosions Frequent.

Explosions of chemicals occurred frequently. Employes who were at work about the plant all escaped safely, the firedrill bell being sounded and men and women marching out in virtually perfect order. In all, eleven buildings in the main plant went down with the fire. The buildings destroyed included those occupied by the New Diamond Disc company, the one occupied by the Kinetophone company and the building which housed the Bates numbering machines, together with the Primary Edison battery building, the talking machine building and the administration building.

The fire departments from Orange, East and South Orange, Bloomfield, Montclair and some companies from Newark responded to a call for help, but the firemen from all sides were badly handicapped by lack of sufficient pressure.

The electric light wires of the town went out of commission when the power house at the Edison plant was destroyed, plunging the place into darkness. From the blazing electrical plant itself, however, there shot up towering flames which illuminated the countryside for miles around. Thousands of persons from the Oranges and near by hurried to the scene and the police had their hands full controlling the crowd.

Mr. Edison was not at the plant when the fire broke out, but he was quickly notified and soon appeared. He assumed personal charge of directing the forces combatting the flames, which were sweeping away the buildings that represented the work of years of his life.

FEDERAL CASES GO THROUGH IN HURRY

Judge A. B. Anderson Adjourns Court After Two Days' Session.

The fall term of the federal court in Fort Wayne came to a sudden end Wednesday afternoon. Judging from the number of cases that were to be disposed of it was believed Judge Albert B. Anderson would have to remain here for the remainder of the week.

After it was agreed by attorneys representing the plaintiff in the case brought by Henry M. Hewitt against the Grand Rapids and Indiana Railroad company, for damages in the sum of $10,000, to withdraw the suit following Judge Anderson's statement that he did not believe "they would get very far with it," the attorneys in the case brought by Jacob P. Miller, administrator of estate of late Jacob L. Miller against William K. Bixby and Edward B. Pryor, as receivers for the Wabash Railroad compsny, agreed to let the court hear the testimony. The jury was then excused and although it sat in court for two days, it did not pass on a single case.

About half an hour was required to hear the testimony in the Miller case, when a judgment for $1,500 was granted by the court. Miller, who was a fireman on the Wabash, was killed on April 5, 1914, when a bridge near Attica, Indiana, gave way as his train was passing over it. Judge Anderson said the testimony showed that nobody was particularly dependent on Miller and that his father was the only person who was really deprived of any financial assistance as a result of his son's death.

Judge Anderson and his staff left Wednesday evening for Indianapolis.

Representatives John B. Wyss, Joseph Tonkel and Michael Kissler left Thursday morning for Indianapolis for

TOO MUCH MEAT—APPENDICITIS.

New Jersey Health Authority Gives Theory Credence.

Cambridge, Mass., Dec. 10.—Too much meat in the training diet of the Harvard football eleven may cause appendicitis, according to the theory advanced by Dr. Edward Newton, Harvard graduate, in charge of the athletic training table. In discussing the theory, which has been given credence by New Jersey health authorities, Dr. Newton says that "the idea that meat eating may cause appendicitis is so prevalent that it would seem to have some foundation in fact. He suggests that "this extremely important matter deserves all the study and research necessary to eliminate the inaccuracies."

WHOLESALE FOOD PRICES SOARING

Washington, Dec. 10.—Rapid rise in the wholesale prices of food stuffs in the United States since the European war began is noted in a report today by the department of commerce. Wholesale prices of leading articles of factory consumption and many of the staple articles of food showed a downward trend during 1913 and 1914 until the outbreak of the war.

Between January 1 and October 31, this year, granulated sugar increased more than one and one-half cents a pound; wheat, 20 cents a bushel; family beef, $5 a barrel; tea, two and one-half cents a pound; corn, five cents a bushel; oats, eight cents a bushel, and native beef steers, $1.65. During the same period coffee prices decreased almost three cents a pound, and mess pork $2.25 a barrel.

FIRE AND PANIC IN COLLISION; TWO DIE

New York, Dec. 10.—Two men were killed and more than a hundred persons were injured here last night in a rear end collision between two crowded elevated railroad trains in upper Eighth avenue. Fire broke out in both trains after the crash and most of those hurt received their injuries in the ensuing scramble for safety by the passengers. Firemen fought the blaze in the trains, which were 75 feet above the street, said to have caused the collision.

The dead are: Joseph Collins, a guard, and Gottlieb Minich, a clerk. A defective controller of the local train, which failed to operate the brakes, is said to have caused the collision.

For a moment panic seized the passengers. Women and children were trampled under foot as they rushed, screaming, to windows or doors. They were soon calmed, however, and led in single file to the ends of the trains whence they walked along the structure to the station. Fifteen of the more seriously hurt were taken to hospitals.

COUNCIL PROCEEDINGS

Journal of the Proceedings of the Common Council.

The common council of the city of Fort Wayne met in the council chamber Tuesday evening, Dec. 8, A. D. 1914, in regular session, Vice President Eugene B. Smith in the chair and Gustav W. Boerger, clerk, at the desk; present the following members, viz:

Agne, Deitchel, Hartman, John, Keller, Kinder, Korte, Lepper, Mills, Ofenloch, Rogge, Schlebecker, Smith, Welch.

Absent, one, viz: Councilman Bayer.

The minutes of the last regular session having been delivered to the council, were, on motion, approved as published.

MAYOR'S COMMUNCIATION.

Fort Wayne, Ind., Dec. 3, 1914.

Honorable Common Council:

Gentlemen: I have approved the following ordinances passed at your regular session November 24th, 1914:

Appropriation Ordinance No. 523—An ordinance appropriating $372.26 to the park fund.

Appropriation Ordinance No. 524—An ordinance appropriating $450.00 to the police station account.

Appropriation Ordinance No. 525—An ordinance appropriating $150.00 to the incidental account of the department of finance to pay expenses of representatives to the rivers and harbors congress.

Appropriation Ordinance No. 526—An ordinance appropriating $1,500.00 to the street cleaning account.

Respectfully submitted,

WM. J. HOSEY,
Mayor.

Received and spread on record.

COMMUNICATION FROM CITY ATTORNEY.

Fort Wayne, Ind., Dec. 8, 1914.

Mr. Wm. C. Baade, City Controller, City:

Dear Sir—Will you please arrange for the appropriation of ten hundred and twenty-three dollars ($1,023.00) to the incidental fund of the legal department to pay the amount of the judgment over and above the amount allowed by the board of public works in favor of the Hohman heirs on account of the opening of Sherman street. The board of works in the condemnation proceedings awarded the heirs twenty-three hundred dollars ($2,300.00) on the theory that the Hohmans would retain the title to the residence on the property. The court awarded the Hohmans thirty-three hundred and twenty-three dollars ($3,323.00) but gave the building on the property to the city. It is, therefore, necessary for us to pay out of the general fund the excess so as to arrange for the sale of the buildings. Upon the sale of the buildings the city will be able to realize practically enough to protect it in the amount of the excess over and above the amount paid by the board of works.

Respectfully submitted,

GUY COLERICK,
City Attorney.

Received and spread on record.

COMMUNICATION FROM CONTROLLER.

To the Common Council:

Gentlemen—I have your communication from legal department requesting appropriation of $1,023. I recommend passage of an ordinance appropriating said amount.

W. C. BAADE,
Controller.

Received and spread on record.

COMMUNICATION FROM CONTROLLER.

Fort Wayne, Ind., Dec. 8, 1914.

To the Honorable Common Council, City:

Gentlemen:—I am sending you herewith an appropriation ordinance for ten dollars ($10.00) to the incidental account of the department of finance to cover a few incidental expenses for the balance of this year.

I would recommend that this appropriation be made.

Respectfully,

W. C. BAADE,
Controller.

Received and spread on record.

COMMUNICATION FROM CONTROLLER.

Fort Wayne, Ind., Dec. 3, 1914.

To the Honorable Common Council, City.

Gentlemen:—I am sending you herewith a communication from the Board of Public Works, requesting an appropriation of forty-five dollars ($45.00) to be placed to the "salaries of building inspector account."

I would recommend that this appropriation be made.

GENERAL ORDINANCE NO. —

An ordinance approving a contract entered into by and between the city of Fort Wayne, Indiana, by and through its board of public works and the Walter Bledsoe and Company by and through its secretary, on the 1st day of December, 1914, relative to the purchase of part of the coal supply for the Fort Wayne municipal electric light and power works during the year of 1915.

Whereas, Heretofore on the 1st day of December, 1914, the city of Fort Wayne entered into a contract with the Walter Bledsoe and Company, providing for the purchase of coal by said city, which contract is as follows:

This agreement, made and entered into by and between the city of Fort Wayne, Indiana, by and through its board of public works, hereinafter called the "consumer" and Walter Bledsoe and Company of Indianapolis, Indiana, hereinafter called the "company," witnesseth, that

Whereas, it is desired by the parties hereto to enter into a contract of purchase and sale of coal as herein set forth:

Now, therefore, in consideration of the mutual covenants and agreements herein contained the parties hereto do hereby agree as follows:

The company agrees to sell to the consumer and the consumer hereby agrees to buy from the company coal for consumption, during the term of this contract, for the Fort Wayne Electric Light & Power works, located in the city of Fort Wayne, Indiana, the consumer agreeing to purchase not less than five thousand (5,000) tons and the company agreeing to furnish not more than seven thousand (7,000) tons; said coal to be delivered as ordered in equal weekly shipments estimated at two (2) cars per week; said delivery to continue until December 31, 1915, with the understanding that the city shall have the right to have said deliveries continue until April 1, 1916, or until December 31, 1916, provided that said city shall give to said company sixty (60) days' notice before the termination of this contract, of its desire to so extend the same.

The company further agrees to furnish coal herein contracted for, in the grade and in such quantities and delivered to the consumer f. o. b. their tracks, Fort Wayne, Indiana, at such times as ordered by the consumer from time to time during the term of this contract, of the kind of coal described below.

The kind of coal shall be 1¼ inch bar screenings, said coal to be mined from geological vein known as Harlan Straight Creek Seam. The coal originating on the L. & N. railroad in Harlan county, Kentucky.

The consumer hereby agrees to pay the said company on the 10th day of the calendar month for all shipments made to the consumer during the previous month, a price of fifty-five cents (.55) per net ton, f. o. b. mines, to which shall be added one dollar and sixty cents ($1.60), the present freight rate, subject to increase and decrease in freight rate as hereinafter stated. Said coal to be delivered by the company to the consumer on their tracks at Fort Wayne, Indiana. The coal heretofore described and to be furnished hereunder to be of the following analysis:

Moisture, 2 per cent.; ash, 6 per cent.; BTU (per pound dry) 13800 (specified analysis).

The company hereby agrees that for each unit of 200 BTU wherein the coal falls below the specified analysis, a reduction shall be made by the consumer at the rate of three (3) cents per ton, and for each unit of two (2) per cent. in which the coal contains more ash than specified, a reduction shall be made at the rate of three (3) cents per ton.

It is understood and agreed that all coal shipped on this contract shall be loaded in self-clearing hopper cars and the company hereby agrees to allow the consumer to make a reduction of ten cents per ton on any shipments made in other than hopper equipment.

It is agreed that when as a result of an act of Providence or of a strike or strikes at the mines or on the railroad, it is impossible for the company to deliver coal hereunder, the obligations of delivery and acceptance of coal shall cease until such strikes are over or delivery of coal can again be made, provided the company notifies the consumer in writing of such probable inability to deliver coal as soon as the company first has knowledge of such probable inability.

It is further agreed that when such strikes are over or delivery of coal can again be made, the rights and duties of the parties hereto shall be the same as before cessation of deliveries occurred.

It is further agreed that if during the term of this contract there be an increase or decrease in either the miners' wage scale at the mine or mines from which the contract coal is being produced, or in the freight rate from the same mine or mines to the consumer's plant, the delivered value of the coal thereafter sold under this contract shall be correspondingly increased or decreased.

It is hereby understood and agreed that railroad weights shall govern all settlements made in accordance with the terms of this contract.

Should the company fail to deliver coal in accordance with the terms of this contract, the consumer may purchase on the open market such an amount or amounts of coal as the said company shall fail to deliver, in which event all costs hereunder of an equivalent amount of coal of corresponding grade, shall be borne and paid by said company.

The term of this contract shall be from January 1, 1915, to and including the 31st day of December, 1915, and said contract shall neither be effective nor binding upon the parties hereto, until the company shall execute to the consumer a bond to the amount of Three Thousand dollars, said bond to have approval of the consumer for the proper and faithful performance of the terms, conditions and agreements of the contract.

The said company agrees to execute, within ten (10) days hereafter, a bond with a surety company as surety thereon, in the sum of three thousand dollars to be approved by the board of public works of said city.

In witness whereof, the parties hereto have hereunto set their hands and seals at Fort Wayne, Indiana, this 1st day of December, 1914.

The ordinance was read the first time in full and on motion the ordinance was read the second time by its title and referred to committee on contracts and franchises.

GENERAL ORDINANCE NO. —

An ordinance approving a contract entered into by and between the city of Fort Wayne, Indiana, by and through its board of public works and Lindley, Schmid Company, by and through its secretary, on the 1st day of December, 1914, relative to the purchase of part of the coal supply for the Fort Wayne municipal electric light and power works during the year of 1915.

Whereas, Heretofore on the 1st day of December, 1914, the city of Fort Wayne entered into a contract with the Lindley, Schmid Company, providing for the purchase of coal by said city, which contract is as follows:

This agreement, made and entered into by and between the city of Fort Wayne, Indiana, by and through its board of public works, hereinafter called the "consumer," and Lindley, Schmid Co., of Indianapolis, Indiana, hereinafter called the "company," witnesseth, that

Whereas, it is desired by the parties hereto to enter into a contract of purchase and sale of coal as herein set forth:

Now, therefore, in consideration of the mutual covenants and agreements herein contained, the parties hereto do hereby agree as follows:

The company hereby agrees to sell to the consumer and the consumer hereby agrees to buy from the company, coal for consumption, for the year 1915 at the Fort Wayne Municipal Electric Light and Power works, located in Fort Wayne, Indiana, the estimated quantity under contract of twelve thousand (12,000) tons, to be delivered as ordered in equal weekly shipments of approximately five (5) cars per week, said delivery to continue until December 31, 1915, with the understanding that the city shall have the right to have said deliveries continue until April 1, 1916, or until December 31, 1916, provided that said city shall give to said company sixty (60) days' notice before the termination of this contract, of its desire to so extend the same.

The company further agrees to furnish coal herein contracted for, in the grade and in such quantities and delivered to the consumer f. o. b. their tracks, Fort Wayne, Indiana, as such times as ordered by the consumer from time to time during the term of this contract, of the kind of coal described below:

The kind of coal shall be 1¼ inch bar screenings, said coal to be mined from geological vein number five from the Bicknell mine in Knox county, Indiana, on the Vandalia railroad.

The consumer hereby agrees to pay the said company on the 10th of the calendar month for all shipments made to the consumer during the previous month, a price of one dollar and eighty cents ($1.80) per net ton f. o. b. their tracks, Fort Wayne, Indiana, for the kind of coal as heretofore described and of an analysis equal to the following:

Moisture, 10 per cent.; ash, 11 per cent.; BTU (per pound dry) 12700 (specified analysis).

This analysis, based on the price of one dollar and eighty cents ($1.80) per ton is equal to 123,234 net British thermal units for one cent which is the contract guarantee.

The company hereby agrees that for each unit of two hundred (200) BTU wherein the coal falls below the specified analysis, a reduction shall be made by the consumer at the rate of three (3) cents per ton, and for each unit of two (2) per cent. in which the coal contains more ash than specified, a reduction shall be made at the rate of three (3) cents per ton.

It is understood and agreed that all coal shipped on this contract shall be loaded in self-clearing hopper cars and the company hereby agrees to allow the consumer to make a reduction of ten cents per ton on any shipments made in other than hopper equipment.

It is agreed that when as a result of an act of Providence or of a strike or strikes at the mines or on the railroad, it is impossible for the company to deliver coal hereunder, the obligations of delivery and acceptance of coal shall cease until such strikes are over, or delivery of coal can again be made, provided the company notifies the consumer in writing of such probable inability to deliver coal as soon as the company first has knowledge of such probable inability.

It is further agreed that when such strikes are over or delivery of coal can again be made, the rights and duties of the parties hereto shall be the same as before cessation of deliveries occurred.

It is further agreed that if during the term of this contract there be an increase or decrease in either the miners' wage scale at the mine or mines from which the contract coal is being produced, or in the freight rate from the same mine or mines to the consumer's plant, the delivered value of the coal thereafter sold under this contract shall be correspondingly increased or decreased.

It is hereby understood and agreed that railroad weights shall govern all settlements made in accordance with the terms of this contract.

Should the company fail to deliver coal in accordance with the terms of this contract, the consumer may purchase on the open market such an amount or amounts of coal as the said company shall fail to deliver, in which event all costs and expenses occasioned by such failure, in excess of the cost hereunder of an equivalent amount of coal of corresponding grade, shall be borne and paid by said company.

The term of this contract shall be from January 1, 1915, to and including the 31st day of December, 1915, and said contract shall neither be effective nor binding upon the parties hereto, until the company shall execute to the consumer, a bond to the amount of five thousand dollars ($5,000.00), said bond to have approval of the consumer, for the proper and faithful performance of the terms, conditions and agreements of the contract.

The said company agrees to execute, within ten (10) days hereafter, a bond with a surety company as surety thereon, in the sum of five thousand dollars ($5,000.00) to be approved by the board of public works of said city.

In witness whereof, the parties hereto have hereunto set their hands and seals at Fort Wayne, Indiana, this 1st day of December, 1914.

BIG EATERS GET KIDNEY TROUBLE

Take Salts at first sign of Bladder irritation or Backache.

The American men and women must guard constantly against Kidney trouble, because we eat too much and all our food is rich. Our blood is filled with uric acid which the kidneys strive to filter out, they weaken from overwork, become sluggish; the eliminative tissues clog and the result is kidney trouble, bladder weakness and a general decline in health.

When your kidneys feel like lumps of lead; your back hurts or the urine is cloudy, full of sediment or you are obliged to seek relief two or three times during the night; if you suffer with sick headache or dizzy, nervous spells, acid stomach, or you have rheumatism when the weather is bad, get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate clogged kidneys; to neutralize the acids in the urine so it no longer is a source of irritation, thus ending bladder disorders.

Jad Salts is inexpensive; cannot injure, makes a delightful effervescent lithia-water beverage, and belongs in every home, because nobody can make a mistake by having a good kidney flushing any time.—Adv.

CHICAGO GRAIN AND PROVISIONS.

Chicago, Dec. 10.—Wheat suffered a material decline in price today largely as a result of the British victory in the South Atlantic removing most, if not all, danger of German interference with expected big Argentina shipments to Liverpool. There were also advices that other conditions had improved. After opening ⅛@¼c lower to ⅛c higher, the market rallied a little but then slid down grade. The close was unsettled, ⅛@¼c to ⅝c above last night.

Corn developed strength owing to rough weather that diminished receipts. The opening, which varied from a shade off to a like advance, was followed by a moderate general advance.

The close was steady at ⅛@⅝c to ⅝c net advance.

Shorts and exporters buying steadied the oats market. Trade as a whole, however, lacked volume.

Lower prices for hogs weakened provisions. Buyers were scarce.

COLD, WET MORNINGS

Disagreeable weather—the kind that makes you keep a fire merely for the unexpected—the cold wave.

You can choke Tecumseh Coal down and it holds its fire. You can boom it and it heats quickly. This splendid coal is clean, free burning and clinkerless. Think of the saving Tecumseh Coal users make. They are saving from $2 to $4 per ton. Tecumseh coal comes to you direct from the mines. You buy from the mine owners and eliminate all middlemen. You get guaranteed coal at better than wholesale prices. We guarantee the weight and quality of Tecumseh under deposit bond.

Tecumseh Coal analyzes 13,400 B. T. U.'s to the pound, with only 9% moisture and 9% ash. Every pound of Tecumseh Coal is run over our giant Marcus Picking Table before it leaves the mines. And you get it clean as a "hound's tooth." Our mines, located near Vincennes, Ind., are close at hand and save you the expense of long, costly freight hauls from eastern mines.

Tecumseh Coal Is Guaranteed

If you are a small user, being unable to use a carload, ask about the Tecumseh Coal Club plan. This plan has benefited thousands of coal users all over the state. Write us today.

FOR SALE

Within 2 2-10 miles of the Court House, I have to offer, in one tract, 50 lots, 50 feet wide and 150 feet deep, covered with beautiful native trees, and 52 half-acre lots. The soil of the half-acre lots being black sandy loam and very productive. Finest garden land in the county. This tract can be retailed out to bring better than $25,000. Price at quick sale, with individual abstracts, offered at $14,000.

R. PARKER SMITH, 422-24 Shoaff Bldg. Phone 2615.

THE DAY ON WALL STREET.

New York, Dec. 10.—Out of the ten different bond issues traded in during the opening ten minutes of today's market the only two showing any change whatever were St. Paul convertibles and American Telephone convertible 4½s, which gained slight fractions. All the early transactions were in small lots, with the exception of U. S. Steel 5s, in which a block of $21,000, face value, changed hands.

The forenoon's trading was much below yesterday's both as to volume and number of issues traded in. The trend was again reactionary. Declines included five points in Erie convertible 4s, series A; 3¾ in Denver and Rio Grande refunding 5s; 2¾ in Atchison adjustments and 2½ in Cuba 5s. Rock Island collateral 4s showed further heaviness and Consolidated Gas 6s were lower. Missouri, Kansas and Texas seconds gained 1½ and Chesapeake and Ohio convertible 4½s gained 1½.

The chief feature of the afternoon bond market was its irregularity with a similar undertone in stocks. New York Central was heavy, probably in connection with yesterday's dividend action.

MONEY MARKET.

New York, Dec. 10.—Mercantile paper, 4¼@4½ per cent.; sterling exchange, steady; 60 day bills, 4.8475; for calbes, 4.88; for demand, 4.8750; bar silver, 49⅞c.
New York, Dec. 10.—Call money was steady; high, 4 per cent.; low, 3½ per cent.; ruling rate, 3½ per cent.; last loan, 4 per cent.; closing bid, 3½ per cent.; offered at 4 per cent.

SETS UP BOGEY MAN OF STRAW

and for the coast defense guns three-quarters of an hour.

What Is Lacking.

"In short, then, our officers and officials have told us that we lack men for our navy, men for our coast defense and men for our army; that we lack artillery and the ammunition with which to charge the artillery; that we lack great warships to sail the seas and little scouts to act as their messengers and their eyes; that we have a sadly deficient under sea navy and practically no overhead fleet at all.

"I have proposed that an independent commission be appointed to investigate all these things, to recommend to us a definite policy for our future guidance.

"For the first time in the history of this country, so far as I know, a committee of this house has refused a hearing to one of the house's members.

Calls Arbitration Futile.

"Arbitration! What a grand word! All that Carnegie has to show for his money is an unprepared England and unprepared Belgium. Possibly I ought to accord him one other scalp to his tomahawk, although that scalp is made of imitation hair. The pacificists boast that their efforts have at least made every nation disclaim the responsibility for the war. Had Belgium, like Switzerland and Holland, put more confidence in her troops and less in abstraction and scraps of paper she might today be free from the agonies of invasion.

"Yet every scrap of paper to which America puts her signature must be scrupulously redeemed. Come what may, we must fulfill our treaty obligations, even if every other nation on earth is false. But suppose that at some future time we found our path beset with nations with smaller consciences and larger howitzers, what then? Shall we defend ourselves with mammoth rolls of Sunday school signatures or shall we place our dependence in Chautauqua lectures?

"Pending that day I should like a few more dogs of war and I promise not to sick them onto the passers by. I can dream of a day when society will be so well organized that there will be no more burglars."

Representative Gardner issued a dramatic challenge to Chairman Hay, of the military committee, to summon former Chief of Staff Maj. Gen. Wotherspoon and question him about the report in which he commented on the lack of military preparation. Chairman Hay in reply said it was not usual for the committee to examine officers no longer connected with the service.

"I challenge you to summon him," shouted Representative Gardner. "Will you do it?"

"I'll do it if I think it is necessary," replied Chairman Hay quietly and the incident ended.

The high pressure area with its accompanying cold weather is spreading southward from the northwest, and has overspread the plains states, giving freezing weather as far south as San Antonio, Tex., while zero weather is reported from Minnesota and the Dakotas. While somewhat cooler weather is general throughout the central states, no very cold weather is reported from any of the states east of the Mississippi.

Another storm on the Pacific coast is giving heavy rains over central California, San Francisco reporting more than an inch of rain.

Cloudy weather will continue in this section tonight and Friday and snow will continue tonight. While it may be slightly colder, no very cold weather is indicated for the next day or two. The lowest temperature tonight will be about 20 degrees.

PLEADS WATERWAYS AS REAL NECESSITY

P. A. Randall in Address Before Rivers and Harbors Congress.

Washington, Dec. 10.—Pleading the necessity of waterways to the growth and development of the country, P. A. Randall, of Fort Wayne, president of the Erie and Michigan Deep Waterway association, addressed the National Rivers and Harbors Congress this afternoon. After discussing the lines of transportation between the various sections of the country Mr. Randall said:

"The one place where there exists the greatest danger of a break-down is in the transportation business between New York and Chicago. Here is the greatest stream of traffic in the country. There is no place where traffic is so congested, today, and no place where it is increasing by such leaps and bounds. Even today there is an embargo on hay, on the Erie and New York Central lines. The terminals of all eastern roads are clogged with cars. There are 4,500 carloads of wheat at Baltimore. Most of them have been there for a month. There are double that number in New York and the Toledo shipments have been delayed for more than a month, and this is not even normal times of shipping. There must be adequate shipping facilities between New York and Chicago. Chicago is the greatest inland distributing center in the world. Over thirty trunk line railroads have their terminals there. It is the heart of the middle west. A thousand miles to the east is New York city, the greatest ocean port in the world, with a population of eight million people within a radius of twenty-five miles. They are all busy people. If the people of New York live they must have the products from the rich land of the middle west. If they live then the west must take their products as well. There are eleven trunk line railroads now connecting these cities which are now in any normal times working to their full capacity. You cannot add another railroad to this list.

Waterway Only Relief.

"The only relief that can be had for this stream of traffic between these cities is a waterway. This waterway must be a through waterway; one that does not compel the breaking of bulk in transit. Such a waterway can be furnished by extending the Erie canal through to Chicago. This can be done by connecting the headwaters of Lake Erie with the headwaters of Lake Michigan, by a waterway that will cost from thirty to forty million dollars. Such a waterway would be the spinal column for the business between the east and the west. This waterway will be known as the New York and Chicago barge canal. The extension will correspond, at first, in size and capacity, with the Erie canal, but the army engineers who have made the survey say that all plans should be made now to increase the size to a thirty-foot canal, from Chicago clear through to New York city, within a period of twenty-five years. Other waterways are perhaps as important, but unless this waterway is built there will be a complete break-down of the business between the east and west and that very soon. One cannot conceive of a more important project. It will be worth infinitely more to the people of this nation than is the Panama canal.

Better Business Coming.

"We have not had a normal year of railroad business since 1907. We have had for a few months, each year, during the past four or five years a swinging back into the normal, but for the most of the time there have been plenty of empties to accommodate the shipper.

"The conditions we have had, for the past seven years, will not continue forever. Everybody is looking forward to and hoping for bumper business. We expect it to come upon us, at the close of this present war. The next ten years after the close of the European war ought to be the fattest years for business this country has ever had. There will be, too, unless our transportation system breaks down, as it did seven years ago. There is nothing to prevent these years being golden with opportunities for us, if we have transportation facilities for taking advantage of them. We should at once turn our attenion to this question. We should study the needs of our railroads and give them every help within our power. Above all things give them such increase in rates that they can pay liberal dividends and thus attract money for their needs. In addition we must improve our waterways, not in a niggardly way, but in a munificent way. We should do in the next five years more for our waterways than we have done in the last twenty. We know that the railroads unaided by waterways, cannot do the business of this country on the large scale in which it will come to us. To depend upon them alone will be inviting bankruptcy and ruin to every class of our citizens.

"Waterways will not hurt the railroads; they will aid them; they will take from them the heavy and bulky freight that clogs their terminals and make them no money. Waterways will leave to them the quick freight, the passenger business, the express and mail. The terminals will be sufficient to do this business and they will make out of it more than they do now, by trying to do it all.

"There are certain things business men do, because they have to, not by choice, but by compulsion. A large retail grocer said recently, I sell thousands of tons of sugar every year and lose money on every pound of it. I am compelled to sell sugar or quit the grocery business. The railroads of today are in the same shape as to heavy and bulky freight. They are better off by far without it.

"We ought, as business men and legislators, study what France and Germany have done and Canada has done and is doing with her waterways. If we had spent as much money on our waterways as Canada, in proportion to our population, we would have spent to the present time five billion dollars instead of seven hundred million dollars. If we had spent as much on transportation as Canada has, in proportion to our population, we would have spent, at this time, twelve billion dollars.

"We have heretofore spent seventy per cent. of all our national revenue, outside of our postal receipts, for warrs past, present and to come and five to seven per cent. for commerce. These proportions must be reversed.

"When this terrible war is ended, big armies and big armaments and big gun boats will be ended as well. Murderous war, between civilized nations, will never be again. The future contest between civilized nations will henceforth and forever hereafter be commercial, and those nations will win in these contests that have the best and completest transportation facilities."

HOW SHE DISCARDED UNSIGHTLY COMPLEXION.

How often I exclaimed as I beheld my ugly complexion in the mirror, "If I only could tear off this old skin!" And, do you know, I've learned how to do that very thing? Not to actually remove the entire skin all of a sudden; that would be too heroic a method and painful, too, I imagine. The worn-out cuticle comes off in such tiny particles, and so gradually—requiring about ten days to complete the transformation—it doesn't hurt a bit. Day by day the beautiful complexion underneath comes forth. Marvelous! No matter how muddy, rough, blotchy or aged your complexion, you can surely discard it by this simple process. Just get an ounce of ordinary mercolized wax at your druggist's, apply nightly like cold cream, washing it off mornings.

My wrinkles I got rid of by an equally simple method. By dissolving an ounce of powdered saxolite in a half pint witch hazel and bathing my face in the solution, every line completely disappeared. First the finer lines, finally even the deep crow's feet, vanished entirely.—Mona Morrow in Town Tattler.

NURNBERG OVERTAKEN AND SUNK BY BRITISH

London, Dec. 10.—(7:48 p. m.)—The official bureau announced this afternoon that the German cruiser Nurnberg, one of the warships which escaped from the English in the engagement of December 8, has been sunk.

GERMANS FIGHT BRAVELY.

Deliver Six Furious Counter Attacks at One Spot in France.

Paris, Dec. 10.—(2:39 p. m.)—The day of Dec. 9 passed quietly in Belgium as well as in the vicinity of Arras, according to the official statement given out at the war office in Paris this afternoon. The communication says:

"Further to the south in the region of Lequesnoy and around Andechy, we made advances varying from 200 to 600 yards. Our gains were maintained and consolidated.

"In the region of the Aisne and in Champagne there has been no change. The German artillery over which we gained the advantage during the past few days, yesterday evidenced increased activity, but was again mastered by our heavy artillery.

"In the environs of Rheims the French compelled the Germans to evacuate several trenches. This evacuation was carried out under the fire of our infantry.

"In the region of Perthes, the enemy, by means of two counter attacks, endeavored to recapture the intrenchments which he lost to us Dec. 8. He was repulsed. The ground taken by us has been effectively protected.

Six Counter Attacks.

"In all the Argonne region we have continued to make progress. We have occupied new trenches, repulsed with complete success six counter attacks and completed and consolidated the ground won from the enemy.

"On the heights of the Meuse there has been artillery engagements in which we maintained an advantage and this in spite of the very great activity of the enemy.

"In the forest of Lepretre we have taken some new trenches.

"There is nothing to report on the remainder of the front as far as the Swiss frontier."

REPORTS FRENCH REPULSE.

Germans iVctorious in Forest of Argonne, Says Berlin.

Berlin, Dec. 10.—(By Wireless to London, 3 p. m.)—Today's official communication by the German army headquarters' staff asserts that a French attack resumed in the forest of Argonne was repulsed, the allied forces losing heavily. The text of the statement reads:

"In the district of Souxn the French yesterday confined themselves to heavy artillery firing.

"A renewed French attack on Rocroi and Courcullies did not make any progress. The attack broke down under the fire of our artillery, the enemy suffering heavy loss.

"Yesterday three of the enemy's aviators dropped about ten bombs on a town situated outside the range of operations, the town of Freiburg, (Baden.) No damage was done. The incident merely shows again that an open town, not within the range of operations, has been attacked with bombs by the enemy.

"To the east of the Mazurian lakes, (East Prussia,) only artillery encounters are taking place.

In northern Poland our columns advancing on the right bank of the Weichsel, (Vistula,) took Przasnysz by storm. Six hundred prisoners and some machine guns were captured. The attack along the river Weichsel is being continued.

"In southern Poland the Russian attacks were repulsed."

WORKS HAVOC TO SHIPPING.

Presence of German Cruiser Terror to Merchantmen.

New York, Dec. 10.—The will o' the wisp movements of the German cruiser, Karlsruhe, in South American and West Indian waters, and the belief that German secret agents are keeping her informed of movements of merchant vessels, is working havoc with shipping along the South American coast, according to officers of the steamship Scottish Prince that arrived here today from Santos.

The Scottish Prince left Santos for New York on Oct. 31. She received wireless reports that the Karlsruhe was watching for her and altered her course to the extent that she steamed more than 100 miles out of her way on the trip to New York. Nothing unusual was sighted, however, and she completed her voyage in safety.

At various ports of Brazil and Argentina, between the Amazon and Platte river, officers of the ship said, on this voyage, they counted 87 German and Austrian steamships interned because of the war. At Santos they passed close to the German steamship Prussia that was interned by the port authorities on Sept. 24, after being fined $1,000,000 for failure to comply with navigation laws of the country with particular reference to supplying fuel to warships of a belligerent nation.

Today's War News Given in Summary.

The German line that stretches across France for more than 200 miles is said by the French war office to be giving way before the attacks of the allies. The official statement from Berlin today gives few details of the fighting in France, although asserting that the allies in one instance were repulsed with heavy losses.

The French announcement says that the allies have prosecuted the offensive successfully at points scattered much of the way across the country. Specific mention is made of the capture of trenches and victories in artillery duels and of advances of 200 to 600 yards. These onslaughts have led to spirited counter attacks by the Germans, who yesterday are said to have made no less than six of these attempts in the Argonne.

The German statement is confined, so far as the fighting in the west is concerned, to a reference to the conflict in the Argonne, where it is stated an attack of the French was repulsed.

The German military authorities say that in the east the advance along the Vistula river is being continued and that a small Polish town has been captured. As to the campaign in southern Poland, where, according to unofficial advices from Berlin the Russian wings have been thrown back, the war office statement merely says that attacks of the enemy were repulsed. To the north in East Prussia the fighting has diminished in intensity, apparently pending the outcome of the main battle to the west of Warsaw. In the northern region, says the German war office, only artillery encounters are taking place.

The naval battle in the South Atlantic and the illness of Emperor William diverted attention today from the great struggles now in progress in Belgium, France and Poland. The fate of the small German cruisers, Dresden and Nurnberg, which at last accounts were being pursued by British warships, had not been disclosed. The British admiralty preserved its silence as to the make up of the squadron which sent to the bottom the formidable German cruisers Scharnhorst and Gneisenau, and the smaller cruiser, Leipzig, but it was intimated at Tokio that the warships which avenged England for the loss of the Good Hope and Monmouth, were all British vessels.

The latest report concerning the condition of Emperor William was that he was unable to leave his bed and that his fever had not decreased. There is no official confirmation, however, of reports that the emperor is suffering from pneumonia.

DRY VERDICT AT MUNCIE IS UPHELD

Indianapolis, Dec. 10.—Muncie, a city with a population of more than 25,000, will continue to get along without saloons. The supreme court of Indiana today affirmed the Delaware circuit court which ruled that the option election of March 9, 1914, in which Muncie was voted dry, was legal.

The election was contested by the liquor interests on the ground that voting machines were used in violation of the state constitution, which provides "that all elections by the people shall be by ballot."

The supreme court in overruling the contention declared that the constitution was not intended to retard the progress of the state by preventing the adoption of improvements.

300 ILL AS RESULT OF CHICKEN SUPPER

Battavia, N. Y., Dec. 10.—Three hundred persons who attended a chicken supper at a church here last night are under a physician's care today. Although many are in a serious condition it is believed all will recover. Their ailment was diagnosed as ptomaine poisoning. Less than half an hour after supper was served a score became ill. By midnight the number had crossed the hundred mark and today reports showed that the entire company had been stricken.

The chickens were purchased of a local dealer, who declared that he obtained them from farmers especially for the supper. The city authorities have commenced an investigation.

P. A. RANDALL ON THE PROGRAM TODAY

Waterways Congress Also Hears Half a Dozen Congressmen.

Washington, Dec. 10.—Speaker Champ Clark and five other members of congress were on the program for addresses at today's sessions of the national rivers and harbors congress. They included Senators Weeks, of Massachusetts; Sheppard, of Texas; Smith, of Michigan; Saulsbury, of Delaware, and Representative Raker, of California. Among the other speakers was Perry A. Randall, of Fort Wayne, Ind., president of the Erie and Michigan Deep Waterway association.

Senator Weeks had prepared an address in which he advocated the appropriation of a lump sum for waterway improvements to be expended under direction of a commission composed largely, if not entirely, of army engineers. In this manner, he declared, there would be a development of projects which most urgently required it. Senator Weeks deprecated the appropriation of large sums of money for projects which would not pay a reasonable return on the amount invested.

IS STATE QUESTION, SAYS WILSON AGAIN

Washington, Dec. 10.—President Wilson was asked today to endorse a constitutional amendment for woman suffrage and reiterated that the question was one for the states.

Miss Anne Martin, president of the Nevada Suffrage association, was introduced to the president by Senator Pittman and told of the recent victory of woman suffrage in Nevada. The president congratulated Miss Martin on the success of the cause in her state and declared that was the way to bring about woman suffrage. He said that no locality should have such a question forced upon it.

BUT ONE-FOURTH OF PAROLED GO WRONG

Indianapolis, Ind., Dec. 10.—Only 26.05 per cent of paroled inmates of the state's penal institutions have gone "wrong" after being released during the 17½ years the indeterminate sentence law has been in effect in Indiana. This information was collected in a report made public here today by the board of state charities.

Ao total of 8,635 prisoners were paroled and only 2,247 did not "make good." A careful record of the earnings and expenses of these paroled prisoners is kept by state authorities. The report shows an aggregate of $2,421,968.82 earned, in addition to which many received board, lodging and laundry. Expenses amounting to $1,986,562.07 were reported, leaving a balance on hand of $435,406.75, an average saving of $50.42 each.

SETS UP BOGEY MAN OF STRAW

Is Way Gardner Describes Wilson Discussion of National Defense.

MASSACHUSETTS MAN URGES HIS INQUIRY

Says Coast Defense Ammunition Supply Would Not Last an Hour.

Washington, Dec. 10.—Representative Gardner addressed the house today on his resolution for investigation of the preparedness of the nation for war. He prefaced his remarks by announcing that he had introduced a bill to enact into law Secretary Garrison's recommendation in his annual report, published today, to recruit the United States army to its full war strength.

A large portion of his speech Mr. Gardner devoted to an analysis of President Wilson's reference to national defense in his annual address to congress Monday. He declared the president had set up "a bogey man of straw" and that "if war were to break out today it would be found our coast defenses have not sufficient ammunition for an hour's fighting."

"'We must depend in every time of national peril upon citizenry trained and accustomed to arms,' says the president," said Representative Gardner. "But how are we to get enough citizenry, as he calls us, in the ordinary people? Does the president realize that there are only 120,000 militiamen in this whole nation? Does he understand that 23,000 of them did not even show up last year for annual inspection? Does he know that 31,000 did not appear at the annual encampment? Is he aware that 53,000 or nearly half of this citizenry, never appeared at the rifle range during the whole course of last year?

Where Get Weapons?

"Where is this citizenry to get the weapons of war? According to the last report of the chief of staff we are short 316 field guns and 1,322,384 rounds of ammunition necessary to equip our militia in time of war. Last year General Wood asked for enough guns and ammunition to bring the United States up to the standard of Bulgaria. That immodest demand was gently, but firmly rejected.

"I will not say that we have only enough field artillery ammunition to last for a single day's battle if all our guns were engaged, but I will say that such is the statement that has been made to me by one of the highest officers in the United States army. I do not, however, hesitate to assert that if war were to break out today it would be found that our coast defenses have not sufficient ammunition for an hour's fighting. The chief of staff tells us that the ammunition for the coast defense mortars would last one-half hour

(Continued on Page 15, Column 3.)

WILL NOT COMPETE AS MILITARY POWER

Daniels Puts Climax on Two Days of Discussion of Defense.

Washington, Dec. 10.—Secretary Daniels told the house naval committee today that while the American navy should be "steadily strengthened each year, the sentiment of the American people was against making the United States into a military nation in competition with the heavily armed powers of Europe."

The secretary's declaration today, close upon the remarkable testimony of Rear Admiral Fletcher, commander of the Atalantic fleet, who yesterday told the committee there was only one navy in the world—England's—to which the United States was not equal, came as a climax to two days' discussion of the preparedness of the nation for defense.

Secretary Daniels declared he decried demands for great increases in the array of battleships and submarines and declared the United States already was a strong nation. He outlined this year's plans for two dreadnoughts, six torpedo boat destroyers, eight or more submarines, including one of the sea-going type, and the others for coast defense, one gun boat and one oiler.

"There is no occasion," said the secretary, "to have as big and powerful navy as England, for instance, but we ought to have a powerful navy steadily strengthened each year. My opinion is that universal disarmament will come, but never by the action of any one nation and we would not further it by stopping construction now."

TRUSTEES TALK OF RURAL EDUCATION

Indianapolis, Ind., Dec. 10.—Problems connected with rural education and business matters relative to the work of the trustees took up much of the time of the meeting of the Indiana State Trustees' association which was to close at Tomlinson hall today.

The nominating committee decided on the following recommendation for offices of the association for the ensuing year: President, W. D. Carter, Muncie; vice president; Michael Storen, Lexington; secretary, C. A. Biller, Staunton, and treasurer, G. W. Pfleger Fowler.

An important division of the work of the association next year will be the activities of the legislative committee in keeping in touch with matters pertaining to the trustees which might come up at the coming session of the Indiana general assembly.

One little girl who wants to be included in the distribution of gifts purchased by the contribution to The Sentinel-Empress Christmas fund asks a new set of legs and arms for her dolly. She says:

"I can't hardly wait until you come and please bring me a writing desk and china cupboard, little broom. Will you put arms and legs on my dolly? I will buy it out for you. I want a Christmas tree, candy, nuts and slippers. Please remember papa and mamma."

While it is not likely that old Santa will find the old doll and repair it because he can not stop long enough on his rounds to do this kind of work, it is certain that a new doll will be found to replace the armless and legless one that perhaps has done all that can reasonably be expected of one doll.

Busy times are being experienced in classifying the lists of children submitted and investigating the cases that are brought to th cattention of those in charge of the fund.

Prospects are bright for a repetition of the big celebration of last year as the fund is growing and people are responding to the good cause that is designed to prevent any empty stocking in Fort Wayne this year.

BARS FOOD AND CLOTHING.

Stringent Bill on Exports is Proposed by Weeks.

Washington, Dec. 10.—Food, clothing or any commodity which would in the slightest degree serve to prolong the European war, as well as contraband, will be barred from export by a bill introduced today by Senator Weeks. Direct prohibition of export would include "food, clothing, supplies, arms, ammunition, horses or war supplies of any kind, whether the same be contraband of war or not."

ECONOMY TALK ON ALL SIDES

Indiana Democratic Legislators Meet to Get Acquainted.

SOME CRITICISM OF RALSTON IS HEARD

Voters' Registration Law Comes in for Sound Rapping.

Indianapolis, Ind., Dec. 10.—Democratic members of the 1915 legislature met here today to get acquainted and discuss the speakership and matters that will come up in the session which starts early next month.

Economy and the repeal of the voters' registration law were two of the topics talked about. The economy talk was so persistent by some it was feared the state institutions would suffer from lack of funds necessary to their maintenance. The workings of the present registration law were freely condemned by many.

Lining Up Forces.

While the democratic choice for speaker of the house is not to be made until at the caucus the night before the legislature convenes the candidates for that position were busy lining up their forces among the members who gathered early at the Denison. Among the candidates who were at work were: Charles H. Bedwell, of Sullivan, who has the support of Governor Ralston, and who, according to local politicians, probably will be picked for the place; Mason J. Niblack, of Vincennes, who is backed by the First district; William Habermet, of Corydon; John C. Branaman, Brownstown and Fred L. Feick, of Garrett.

Ralston is Criticized.

The indictments against thirteen officers and employes of the 1913 legislature which were returned by the Marion county grand jury last Friday night, also entered into the conversation about the hotel lobbies. Some of the members were inclined to criticize the governor for insisting on the investigation.

Patronage Committee, Perhaps.

It was not expected that any definite and binding action would be taken on any important subject, although there was some talk before the conference opened that it might appoint a "patronage" committee.

There were two candidates for chairman of the conference, Sam Benz, of English, and Jos. F. Boyer, of Terre Haute. The conference chairman would be the chairman of the majority until a floor leader and chairman is elected at the party caucus to be held the night

WATSON TO APPEAR BEFORE QUEST CLUB

James E. Watson, of Rushville, who is coming to Fort Wayne Friday to speak before the Men's club of the First Presbyterian church, also will be a guest at the monthly meeting of the Quest club at the Commerical club. He will deliver a short address before the club, according to the present arrangements.

It is planned to hold the meeting of the Quest club early so that Mr. Watson and other members who belong to the Men's club may get away for the meeting at the Presbyterian church.

Mr. Watson is considered one of the great orators of the country and it is predicted that the full membership of both the Quest club and Men's club of the First Presbyterian church will be present to hear him.

CORN SHOW AT NEW HAVEN BIG SUCCESS

Much interest is being taken in the corn show now being held at New Haven. The show opened Wednesday and the number of entries is much larger than was anticipated. Although it was intended to hold the exhibition for two days so much interest was manifested that it was decided to continue it over Friday. C. Henry, county agent, was in attendance at the show Thursday. The show was held under the auspices of the farmers' clubs in three townships.

LOSS OF 3 CRUISERS BLOW TO GERMAN NAVY

London, Dec. 10.—12:57 p. m.—The British naval victory in the South Atlantic is being discussed in England today almost to the exclusion of all other phases of the war news.

The last word regarding the naval engagement was that the British squadron, after sinking the German cruisers Scharnhorst, Gneisenau and Leipzig, with the loss of nearly 2,000 men, was pursuing the fleeing Dresden and Nurnberg, the other two vessels present when the action opened. The British public is waiting anxiously for news of the outcome of this case.

Naval observers, commenting on the action off the Falkland islands made note of the fact that in all naval engagements in the present war there is great disparity between the losses of the victors and the vanquished. In the case of the British boats, the Monmouth and Good Hope, sent to the bottom by German squadrons off the coast of Chile early in November, the Germans were practically unscathed, and the same is true of the British in their victorious engagement in the South Atlantic. In other words, defeat at sea means virtually annihilation and the loss of all crews with the exception of such men as the victors may be able to save.

Official Statement Brief.

The announcement of this engagement and victory which was the most important naval engagement of the war with the exception of that off Helgoland last August, was made last evening in a statement by the admiralty of less than one hundred words, as follows:

"At 7:30 a. m. on the eighth of December, the Scharnhorst, Gneisenau, Nurnberg, Leipzig and Dresden were sighted near the Falkland islands by a British squadron under Vice Admiral Sir Friedrick Sturdee.

"An action followed, in the course of which the Scharnhorst, flying the flag of Admiral Count von Spee, the Gneisenau and the Leipzig were sunk. The Dresden and Nurnberg made off during the action and are being pursued.

"Two colliers also were captured.

"The vice admiral reports that the British casualties are very few in number.

"Some survivors have been rescued from the Gneisenau and the Leipzig."

Went Down Fighting.

The statement makes reference to some survivors rescued from the Gneisenau and the Leipzig, but no mention is made of any of the crew of the Scharnhorst, which was the flagship of the German admiral, being saved and it is thus presumed that Count Von Spee, his officers and men went down fighting.

The British casualties were light, but beyond the fact that the British squadron was commanded by Vice Admiral Sturdee no information is vouchsafed regarding the ships engaged, and the newspapers are enjoined not to speculate as "other combinations may be effected."

The greatest enthusiasm prevailed in London over the victory and the general impression is that it will be completed as the admiralty would not be likely to send ships that could not overtake the Dresden and Nurenberg, which are 24 and 23 knot vessels respectively and probably even slower after their long service.

They are at a disadvantage also because of their small coal capacity. The British squadron which engaged the Germans left England without the knowledge of the general public and until his name was mentioned, it was believed that Vice Admiral Sturdee was serving in home waters. The fact that he was taken from the post of chief of the war staff is indicative of the determination of the British government to clear the Pacific and south Atlantic of all German warships. It is believed therefore that the British commander is at the head of a formidable squadron.

In addition to the Dresden and Nurnberg, only one German warship—the Karlsruhe—is now unaccounted for in those waters, although there may be one or two armed merchantmen which the allies have not rounded up.

As the Scharnhorst and Gneisenau each carried a complement of 763 men the Leipzig 286, the Nurnberg 322 and the Dresden 261, the total German loss is estimated at not far from 2,000 men, although the actual losses to the Dresden and Nurnberg cannot yet be known.

ALLIES STILL MAKE VERY STRONG CLAIMS

London, Dec. 10.—There has been little or no change in the situation along the battle line in France and Belgium, but the tone of all the French and British official statements reflects more and more the contention of the allies that slowly and surely they are gaining a superior position. The belief prevails that when the moment is ripe an aggressive allied offensive will set in with the idea of clearing the Germans out, but it is not thought this effort will be made until spring.

In the eastern arena of the war, the occupation of Lodz by the Germans has been temporarily eclipsed by reports of development of activity at two other points notably north of the Vistula from the southern part of East Prussia, whence the Germans are advancing in a southeasterly direction toward Warsaw, and in the country to the southeast of Cracow, where combined Austro-German forces are endeavoring to outflank the Russian left. This latter movement, according to Russian announcement, has up to the present time been repulsed.

Confirmation of the death in South Africa of Gen. Beyers and official news of British successes on the Tigris, by which they established themselves one-fourth instance along the road to Bagdad, were other developments read with interest in England today.

The reported illness of Emperor William continues to be variously described. Some dispatches say it is serious and perhaps pneumonia, while others declare he is a victim of mental depression or that he is suffering from fever, chills and influenza. About all that is definitely known beyond the official bulletin, which admitted that his majesty is suffering from bronchial catarrh, is that the emperor has returned quietly and unexpectedly to Berlin.

EUROPE PREPARED FOR WAR AND GOT IT

Richmond, Va., Dec. 10.—Preparedness for war as means of preventing armed conflict was denounced here last night by Secretary of State Bryan, addressing the annual convention of the Federal Counsel of the Churches of Christ in America.

"If preparedness prevented war there would be no war in Europe, for they were prepared," said Secretary Bryan. "They had been preparing for a long time. The fallacy is exposed. Preparedness may help you if you get into a war, but it will not keep you out.

"More than that, preparedness almost with absolute certainty will lead you into war because you cannot prepare for war unless you either are afraid of somebody or hate somebody. The people will not bear the burden of taxation. You cannot make them bend their backs to the load unless you can make them believe it is necessary. To make them believe it is necessary you have got to have somebody to whom you can point and say: 'If you don't get ready they will catch you unprepared.'"

FORT WAYNE FIRM GETS BIG CONTRACT

Deister Company is Awarded Contract for 112 Double-Deck Tables.

The contract for the installing of all concentrating tables in the mill of the Inspiration Consolidated Copper company's mine at Globe, Arizona, has been awarded to the Deister Machine company of this city. The order was secured through Emil Deister, who has arrived home to superintend the manufacture of the tables.

The contract is for 112 double-deck tables and is said to be the largest single order for machinery that ever has been placed in the Arizona mining district.

While the installation of the tables is ordered without delay it will be several months before they are completed, even though the work of building them will be started at once.

There was much competition among manufacturers of the country for this contract. Tests have been going on for several months and at all times the various companies had representatives in the field.

Although the contract price has not been made public it is known that the aggregate amount involved is a huge sum.

BELVA BROWN HAS THEM ALL PUZZLED

Mysterious Girl Despairs of Fashionable Suburb of Louisville.

Louisville, Ky., Dec. 10.—"Belva Brown," about 22 years old, and apparently a young woman of refinement, who walked into Louisville a month ago in County, the undersigned as receiver in has proven the despair of the police and a mystery to a number of wealthy residents of Anchorage, a suburb, where she has found shelter. She declared she came from Chicago and was seeking relatives at St. Matthews, another Louisville suburb. Investigation failed to locate them and finally she was given a temporary home in an Anchorage family. She sid her father was a member of the Wall street firm of Brown & Roth, Rochester, where she gave the address of her family as 1223 East avenue. Telegrams sent by the Louisville police to the address were returned with notation, "Could not be found."

She avers she left home to escape an undesirable marriage. Notwithstanding the inability to verify her stories she has convinced a number of wealthy residents of Anchorage she is a person of consequence, whose memory may be temporarily clouded.

HERRICK REFUSES TO TALK OF PRESIDENCY

Cleveland, O., Dec. 10.—Myron T. Herrick, former ambassador to France, accompanied by Mrs. Herrick, arrived here early today and was escorted to his home here where he will rest up for a public reception to be given in his honor in Central armory late this afternoon.

"It feels good to get back," said Mr. Herrick as he stepped off the train on which he had been accompanied from New York by a delegation of prominent Clevelanders.

He declined to discuss the plan of friends to boom him for president in 1916 and said he would have "to earn some money" as his duties in Paris cost him $400,000.

The reception this afternoon will include an address of welcome by Mayor Baker and a response by Mr. Herrick. It is planned to have a hundred or more automobiles escort Mr. Herrick to the reception hall.

WAR TAX ON WEDDING KNOT.

Man Who Ties It Must Pay, Rules Collector Niles.

Toledo, O., Dec. 10.—Clergymen and justices who tie the matrimonial knot are the latest sufferers from the national war tax, for to each marriage certificate they hand out must be attached a ten-cent revenue stamp.

When this new skeleton in the family cupboard was put up to Internal Revenue Collector Frank B. Niles it was held that those who contemplated marriage must not be taxed, as this constitutes a bar to marriage. Niles ruled that it is up to the man performing the ceremony to pay the fee.

If the law is violated, ministers will be penalized, Niles ruled.

NEWS OF FORT WAYNE'S NEIGHBORS

DEATH DUE TO APOPLEXY.

Jasper Gordon, Near Churubusco, Dies in Sudden Attack.

Churubusco, Dec. 10. Jasper Gordon, age 61 years, well known farmer of this vicinity, died very suddenly at his home, five miles northwest of here, death resulting from cerebral apoplexy. Mr. Gordon retired Tuesday evening at the usual hour and Wednesday was suddenly stricken with the attack. Deep sighs and moans from his bedroom attracted the attention of Mrs. Gordon, who was soon at his side. He was then unconscious and expired within a few minutes after her arrival. Coroner Louis Berhalter, of Kendallville, was summoned and in an inquest gave his verdict as death being due to cerebral apoplexy. Mr. Gordon was enjoying his usual health Tuesday and was uptown during the day. His sudden death has proved a shock to his many friends. Surviving besides a widow are five children: Mrs. Lloyd Claxton and Mrs. Tony Campbell, of near Churubusco, and William, Stella and Jesse at home.

WOMAN FOR HEALTH OFFICER.

Hartford City Mayor Appoints Dr. Hachat Secretary of Board.

Hartford City, Ind., Dec. 10.—Mayor Secrest has given Hartford City its first woman executive official in the appointment of Dr. Fernando Hachat secretary of the board of health to succeed Dr. Samuel Hardin, who resigned because his work in trying to combat smallpox was interfered with by other health authorities in raising quarantines he had established. Dr. Hachat as secretary will be executive officer of the health board. She is thoroughly capable and it is believed will have a thoroughly successful administration. Clarence Bowser, who has been deputy health officer, will remain in his position. Dr. Hachat is investigating homes where it is said there have been concealed cases of smallpox.

LONG DISTANCE COURTSHIP.

Bluffton, Ind., Dec. 10. William Donnelly, aged 68 and giving his home as Springfield, O., is here to attempt to get back whatever he ran of $100 for which he was stung, according to his statement, by Mrs. Mary Chambers, a Bluffton woman about his own age who lives in the west side of this city. Donnelly says he answered her advertisement in a matrimonial paper and by correspondence fix up the preliminaries and came here in September to be married to her, but found obstacles in the fact that she had not yet procured an expected divorce. This was given her in the Grant circuit court last week, but instead of making Donnelly happy Mrs. Chambers chased him away from her premises and told him to keep off. He says she got a good deal of money out of him besides what he paid for board while he was "hanging around" waiting, he says.

CHECKER ARTIST INVADES.

Bluffton, Ind., Dec. 10.—A tramp checker player, who refused to give out his name, stormed the city this morning taking across the best players in match games. While Charles Turner, the Bluffton champion, and others have taken games from the state wide champions, and have even taken a game from a nation wide player, they were given a severe setback this morning by this tramp player. He showed them plays not even found in the rule book, and blasted some of the pet plays of the local man. The stranger claims to have defeated Jordan, a national champion, and to have played other professionals to a standstill. He is anxious to play match games with the best in the county and Rem Johnson, of Ossian, has been suggested as a likely opponent.

WIFE GOT VERY BUSY.

Goshen, Ind., Dec. 10.—Mrs. Lon Cripe took her husband in tow and haled him before Justice Wood, where she swore out a warrant for his arrest on a charge of immoral association. Cripe pleaded guilty and was fined $5 and costs, which rifled his purse for a total of $19.50. Friend husband disposed of, Mrs. Cripe then filed charges against the woman in the case and the place of Martha Dunlap was raided by the officers and the Dunlap woman and Claude Cripe were found together. Martha was held on a charge of conducting a house of ill-fame and put under bond and Claude under $100 bond for associating. Then Mrs. Lon Cripe took a breathing spell.

GETS AWARD OF $1 DAMAGES.

Bluffton, Ind., Dec. 10.—George D. Snyder, insurance agent, was given damages in the sum of $1 against Ed S. Jones, farmer, by a jury in the Wells circuit court. According to the verdict Snyder recovers costs in the same amount of damages he receives and outside of the one dollar each man pays his own costs. Mr. Snyder alleged he was assaulted by Mr. Jones in front of the Club restaurant on October 17, 1913. The complaint said that Jones struck Snyder, breaking his eye glasses and damages in the sum of $5,000 were asked. The trouble between the two men started over an insurance policy.

SMALLPOX DELAYS TRIAL.

Portland, Ind., Dec. 10.—The epidemic of smallpox at Bluffton may stay the administration of justice in the Jay circuit court. Ed Ruthford, aged about 65 years, who is charged with assault and battery with intent to rape little Fay McBride, aged nine years and a step-granddaughter of the defendant, has written his attorney that he has been exposed to the disease and that the period of incubation, according to modern medical science, will not expire until Friday of this week, the date set for his trial.

BALL PLAYER TAKES BRIDE.

South Whitley, Ind., Dec. 10.—Ward Crist, drayman of South Whitley, and Miss Dorothy May Watson, of Richland township, are the couple whose names have been kept off the court house marriage book for a week and have caused a lot of questions. The grandfather of the bride, Rev. J. W. Eastom, of South Whitley, performed the ceremony at 4 o'clock Wednesday afternoon at the home of the bride's parents, Mr. and Mrs. A. L. Watson, in Richland township.

DEATH ENDS DIVORCE SUITS.

Portland, Ind., Dec. 10.—The grim reaper held the winning hand in two divorce suits pending in the circuit court which have just been dismissed. One was the case of Bessie Whitridge against Frank Whitridge, of Indianapolis. The defendant died from consumption ten days ago. The other case was that of Amelia I. Ayers, of Redkey, against Clyde Ayers. The defendant died several weeks ago and since then his wife has remarried.

THE GARVIN FAMILY ARRESTED.

Warsaw, Ind., Dec. 10.—Sheriff C. A. Kintzel, on Wednesday afternoon, went to the Joseph Garvin home near Claypool to arrest the four members of the family, against whom indictments were returned by the grand jury. There are twenty-one indictments as follows: Eight against Joseph Garvin; six against Sadie Garvin; six against James H. Garvin and one against George K. Garvin.

INDICTMENT IS ATTACKED.

Van Wert, O., Dec. 10.—Counsel for Carl J. Simon, Van Wert county surveyor who was recently indicted by the grand jury on a charge of having issued a false and fraudulent voucher, filed a motion to quash the grand jury's bill when Simon was arraigned to plead. The motion will be argued within a few days.

DRIVEN TO TRY SUICIDE.

Hartford City, Ind., Dec. 10.—That her husband's mistreatment of her drove her to drink a large quantity of carbolic acid in a suicidal attempt is one of the principal allegations made by Clara M. Kirk in her divorce suit against George E. Kirk, a farmer living east of this city. Her screams brought help and her life was saved.

VAN WERT PIONEER IS CALLED.

Van Wert, O., Dec. 10.—Nimrod Jackson DuVall, a pioneer resident of Jackson township, this county, is dead at his home, aged 73 years. He was widely known over the county and was esteemed as an exceptionally fine citizen.

The Philippines yearly imports twenty million pounds of salt.

Don't Merely "Stop" a Cough

Stop the Thing that Causes It and the Cough will Stop Itself

A cough is really one of our best friends. It warns us that there is inflammation or obstruction in a dangerous place. Therefore, when you get a bad cough don't proceed to dose yourself with a lot of drugs that merely "stop" the cough temporarily by deadening the throat nerves. Treat the cause—heal the inflamed membranes. Here is a home-made remedy that gets right at the cause and will make an obstinate cough vanish more quickly than you ever thought possible.

Put 2½ ounces of Pinex (50 cents worth) in a pint bottle and fill the bottle with plain granulated sugar syrup. This gives you a full pint of the most pleasant and effective cough remedy you ever used, at a cost of only 54 cents. No bother to prepare. Full directions with Pinex.

It heals the inflamed membranes so gently and promptly that you wonder how it does it. Also loosens a dry, hoarse or tight cough and stops the formation of phlegm in the throat and bronchial tubes, thus ending the persistent loose cough.

Pinex is a highly concentrated compound of Norway pine extract, rich in guaiacol, and is famous the world over for its healing effect on the membranes.

To avoid disappointment, ask your druggist for "2½ ounces of Pinex," and don't accept anything else. A guarantee of absolute satisfaction, or money promptly refunded, goes with this preparation. The Pinex Co., Ft. Wayne, Ind.

TOYS

The Great Toy Store is a Scene of Splendor.

Bring the little tots to see it. Let them look around and pick out the things they want Santa to bring. No matter what they choose, it won,t cost much. **Nothing costs so very much in this great palace of toys.**

Something new for the boys

Here is the most wonderful toy in the world. The toy that teaches while it amuses.

Putting up steel structures with Meccano, not only gives days and days of pure enjoyment but it teaches the principles that the boys will later use in many walks of life.

With a set of

MECCANO

your boys can build the miniature copy of anything from a sky scraper to a traveling crane. All the fascination of making something with your own hands, all the delight of mechanical construction, all the thrill of doing something that grown ups do, are in MECCANO. You'll even enjoy it yourselves.

$1, $2, $4, $6, $10

25c 50c

98c $1¼

It is a collection of all main mechanical parts used in modern machinery, with which he can build the things that real men build. Come, see it. Eight sizes—

48c, 98c, $1.98, $2.98

Wood Bildo

It's a Construction Toy For the Girl and the Boy

You can build scores of wooden structures that look like real ones.

Wood-Bildo can be joined in more than one thousand different ways. The models that we show are simple and easy to erect. A child of four years of age and up will readily see how to join the blocks and wheels in making them.

It's Great Fun!

Just think, children play with this wonderful toy for hours at a time.

It is so fascinating.

Every time they build or construct a model they see something new to build for the next time. Every model suggests another.

Wood-Bildo is captivating.

Sets are 48c and 98c

ELECTRIC AND CLOCKWORK TRAINS, ETC

THE SENTINEL'S DAILY SCRIPTURE READING.

Revelation 7:9-17

9 After this I beheld, and, lo, a great multitude, which no man could number, of all nations, and kindreds, and people, and tongues, stood before the throne, and before the Lamb, clothed with white robes, and palms in their hands;

10 And cried with a loud voice, saying, Salvation to our God which sitteth upon the throne, and unto the Lamb.

11 And all the angels stood round about the throne, and about the elders and the four beasts, and fell before the throne on their faces, and worshipped God,

12 Saying, Amen: Blessing, and glory, and wisdom, and thanksgiving, and honour, and power, and might, be unto our God for ever and ever. Amen.

13 And one of the elders answered, saying unto me, What are these which are arrayed in white robes? and whence came they?

14 And I said unto him, Sir, thou knowest. And he said to me, These are they which came out of great tribulation, and have washed their robes, and made them white in the blood of the Lamb.

15 Therefore are they before the throne of God, and serve him day and night in his temple; and he that sitteth on the throne shall dwell among them.

16 They shall hunger no more, neither thirst any more; neither shall the sun light on them, nor any heat.

17 For the Lamb which is in the midst of the throne shall feed them, and shall lead them unto living fountains of waters: and God shall wipe away all tears from their eyes.

VOL. LXXXII ..... No. 75

12

THURSDAY, DECEMBER 10, 1914.

Mr. Roosevelt as a Critic.

T. R. has filled four columns of fine print with briefs of outrages in Mexico, some that make the blood boil. But his purpose in teling of them is a peculiar one. It is to put the blame on Wilson; to discredit the president of the United States.

He doesn't make it clear how Wilson could have averted or halted them. Certainly it couldn't have been done short of many years by sending in our army. While, had Wilson recognized and supported Huerta, as T. R. intimates he would have done, the outrages might have been different in kind, but they probably would have been far greater in numbers and longer prolonged.

It is not true that "Wilson has supported Villa." The policy at Washington has been to give whatever friendly aid this country could to the people of Mexico during their desperate effort to work out their own problems. So far as Villa has stood for the common aspirations of the common people in his native land; so far as the has battled for justice, Wilson, like others familiar with the facts, has no doubt sympathized with his cause and work.

He has not, however, been a partisan of Villa, Carranza or anybody else. It isn't a square deal for T. R. to say that he has. He has merely waited watchfully for the pot to boil off its scum. Uncle Sam's duty is to attend to his own knitting. There is enough of that to keep him busy without hunting for trouble beyond the borders.

Can't anything be done right unless Roosevelt does it?

Republicans over in Whitley county are said to be organizing a political club with the avowed purpose of launching a presidential boom for Myron T. Herrick, recently retired from the place of United States ambassador to France. It is now clear that Whitley county's purpose is to be permanently immortalized, and it is taking precautions against the itme when somebody may succeed in crowding Tom Marshall out of the arena of public life.

We may well be rather proud of the fact that, in proportion to its population, Fort Wayne is far ahead of all other central west cities in the sale of the Red Cross Christmas seals which supply no small part of the funds for the war on tuberculosis. But as a matter of fact you will ususally find Fort Wayne well up near the front in any good work that confronts the American city today.

With recent disasters to each of them fresh in mind, the English and the German view of the need of a larger navy for fighting purposes ought to constitute valuable supplementary evidence in America's present discussion of the question. Building 'em only to have 'em sunk is not an inviting sort of pastime, viewed from any possible angle.

Hartford City has appointed a young woman, Dr. Fernande Hachat, as secretary of the city board of health. That town might as well make up its mind to clean up without unnecessary delay, for no woman is going to tolerate the sort of municipal housekeeping most of the cities do with mere men in charge of affairs.

Coal operators of Indiana and Illinois have united in a complaint against what they assert are the hardships of the laws, and declare that they are heartlessly ground between federal laws on one hand and state laws on the other. Perhaps—but you ought to hear the plaint of the consumer who is paying for the coal!

THIS YEAR'S CHRISTMAS.

(New York Post.)

True, this will be a Christmas different and less lavish than many previous ones for thousands of people in Europe and at home, but just for that reason the brightness of the holiday and its spirit should be cherished and made the most of. Your neighbor right here in New York may be indirectly dependent upon your Christmas purchases for his living, because he may be one of the thousands of people who find employment in the shops and workrooms during the holiday season, and he needs your Christmas patronage. When you make the customary gifts this year, you will not only please those who receive, but will help a bit to restore business to a prosperous plane.

Christmas morning this year will dawn on a dramatic paporama. Here will be puffs of smoke and cannonading, as one mass of men fights another; there a scuttling, shrouded warship running for port; here a tumbled-down town with desolate people, lacking even food; a peaceful New England village turning out to church service or crowds of hustling New Yorkers jostling toward the subway—there will be all kinds and conditions of Christmas, and many of them will be happy ones.

Here are a few Christmas mornings, taken at random, for you to choose from. Which will you have in exchange for yours?

PRESS ON STATUS OF PROGRESSIVE PARTY.

"Has Had Its Day."

Anaconda Standard:—"There is room in the United States for only two great parties. Like other third parties, the progressive party has had its day and has failed and it must disappear."

"Down to Defeat."

Pittsburg Sun:—"Everybody knows where the progressive party is going. Down to defeat as a lingering remnant of what was once the most spectacular bolt ever seen to advance the ambitions of one ambitious man."

"Considerably Reduced."

Boston Globe:—"The number of Moose in the country has been considerably reduced since 1912, when 4,119,507 ballots were cast for Colonel Roosevelt, but they are yet far from extinction as a family."

"A Bit Sorry."

Brooklyn Eagle:—"With little sympathy for his aims or methods, the Eagle will be a bit sorry when the Bull Moose is buried. He added drama to American politics."

"Nothing to Lose."

Sioux City Journal:—"The third party leaders have nothing to lose by playing out their string."

"The Best Service."

Philadelphia Public Ledger: "The best service that the progressive party at this time can perform for the country is to keep the republican party abreast of its responsibilities to the people."

"No Room for It."

Ohio State Journal:—"The progressive party will never be built up as an effective organization. There is no room for it, because there is no room for more than two parties, and standing aside and not helping to make either of them better is very poor policy."

"Element of Uncertainty."

Oshkosh Northwestern:—"A progressive national ticket in 1916 will add an element of uncertainty to the election of that year that will keep the professional politicians guessing."

OSSIAN NEWS

ANTWERP NEWS.

Antwerp, Ohio, Dec. 10.—Frank Armstrong went to Woodburn Wednesday, where he is employed in putting in electric light fixtures for the citizens of that live little city.

That horses suffer the pangs of home sickness is evidenced by the fact that a horse recently purchased by Everett Bryan, of the Paulding Lumber Co., would not be contented in his new quarters and refused food or water until in sympathy the Lumber Co. bought him back and put him to work in the yards again, where he appears to be again happy, and now takes his provender at regular interrals.

Mrs. James Langham in company with Mrs. Harry Donat, were passengers to Fort Wayne, Wednesday, where they spent the day, the guests of the former's sister, Mrs. Harry Onstott and family.

Miss Clara Billman was a Fort Wayne visitor Wednesday, where she spent the day, the guest of friends.

A large barrel full of good things, the contribution of Mrs. Grace H. Graves, to the war victims of Belgium, consigned to Hon. Perri Mali, Baltimore, Md., from the members of the Thimble club, was started on its long journey Wednesday.

The High School basket ball team has been reorganized and is now vigorously practicing.

Mrs. C. H. Graves was a passenger to Fort Wayne Wednesday, where she will visit her daughter, Auline, who is a student at the Academy of the Sacred Heart.

Miss Olive Calkins, who has been a visitor at Toledo the past two months, where she has been the guest of her sister, Mrs. Frank Pio and family, returned to her home at this place Wednesday evening.

Miss Bulah Peffley, who has been visiting at this place, the guest of her aunt, Mrs. James Langham and family, returned to her home at Fort Wayne Wednesday.

After several months spent here, the guest of her parents, Mr. and Mrs. H. M. Higenbotham, Mrs. Paul Neer departed Wednesday to join her husband, who is a mining engineer with a syndicate mining company at Guanajuato, Mexico. Her little daughter, Pauline, will remain here with her grandparents and go to school.

Ervin Ames, accompanied by his brother, Loren Ames, were among those that visited Fort Wayne Wednesday, where they visited Mrs. Ames at the Lutheran hospital, where she is convalescing from an operation.

Mrs. Warren Rumbaugh and Mrs. John Smith were passengers to Fort Wayne Wednesday.

James Chorpening went to the Summit City Tuesday, where he spent the day in the home of his nephew, James Swartz and family.

Mrs. Steven Gunther, who has been spending a few days in this vicinity, the guest of Mrs. William Crawford and family, returned to her home at Fort Wayne, the forepart of the week.

James Chorpening went to the Summit burn Wednesday, where he spent the day, the guest of his nephew, Gen. Keesler and family.

Henry Schmidt, who has been visiting here the past two weeks, the guest of Laurence Reising and family, out at the farm home, south of town, returned to his home at Columbia City, Ind., Wednesday.

A. A. Pointer, with a force of men, went to Woodburn Wednesday, where they will commence work on an electric line to Grabill, that town having decided on having electric lights.

William Hill was a business visitor at the Summit City, Wednesday.

Mrs. O. R. Monroe, who has been the guest of her mother, Mrs. J. Reeb, at this place, returned to her home at Fort Wayne Tuesday evening.

Clothing for the poor of Fort Wayne will be received at the Sentinel office, on West Wayne street, and distributed to worthy people through the Fort Wayne Mother's club and the various charitable organizations.

AMERICA AHEAD IN THE CURE OF EPILEPSY

American City Has Only One Epileptic to 3,000 Inhabitants, But Malady is Increasing.

That America is far ahead of the old world in its knowledge, management and frequent cure of epilepsy, although that disease has existed among the Oriental people from time immemorial, is stated by Mr. Matthew Woods, a widely known specialist on that subject, and president of the Society of Letters and Arts, just returned from a three months trip to study epileptic conditions in the east, including Turkey, Egypt and Greece. He found that the "falling sickness" was increasing in the old world.

The supposed percentage of epileptics to population in Greece, for instance, now being 1 to every 1,000. Dr. Woods admitted that the disease was also increasing in this country, although the proportion is not so large, the percentage of epileptics in Philadelphia, for example, being 1 to every 3,000. In this country the Inter-State Doctors have distinguished themselves as being among the most foremost in the scientific treatment of this terrible malady. One case of particular interest to be reported is that of an Ohio man living at East Liverpool. He writes as follows:

Dear Doctors:

To any one who may be suffering the same as I have I gladly and willingly give this testimony for their benefit. My name is Thomas Foster, and I have lived in East Liverpool since last July at 736 Lincoln avenue, and am 33 years of age.

I have suffered from fits, epilepsy, for over two years, and have had fits every two weeks, becoming unconscious and without warning. Since I have doctored with these specialists, beginning Sept. 19, 1913, I have had no fits and no tendency to have them. Am feeling strong and at present without pain, doing hard day's work as bricklayer.

My bowels are regular, no headaches, and am very much pleased to have had the treatment, and for the gentlemanly manner which I have received at the doctors' hands.

I make this statement voluntarily and only hope that it may reach any one who may be suffering the same as I was. Any letter of information wanted I will gladly answer.

THOMAS P. FOSTER.
736 Lincoln Avenue,
East Liverpool, Ohio.

The doctors have made a grand free offer of free examination, free consultation and free treatment to all who begin treatment before Dec. 15. No charge will be made for professional services, but a small cash charge will be for medicines.

This is indeed a generous offer on the part of these great specialists and hundreds of the sick will no doubt take advantage of the offer. They want to prove to Fort Wayne people what their system will do in curing chronic, deep-seated diseases of long standing. The Fort Wayne institute is located at 205 Berry street, and is open every day from 9 a. m. to noon, 1:30 to 5 p. m., after supper from 7 to 8. Sundays from 10 to 12.

TURNVEREIN PLANS XMAS CELEBRATION

Arrangements were made for a big Christmas celebration to be held on December 25 at the regular monthly meeting of the Vorwaerts Turnverein, Wednesday evening. The following committee was appointed by President Richard Daencll: Emil Bretschneider, John Koch, Otto Rohland, Joseph Schmitt, Gustave Ludwig and Robert Stein.

The members voted an additional appropriation of $500 to carry out proposed improvements in the hall. Six applications for membership were favorably acted upon and two new members were obligated.

The following report was made by Prof. Henry Meyer, physical instructor:

First girls, class membership 9, average attendance, 8; second girls, class membership 13, attendance, 9; first boys, class membership 6, attendance, 5; second boys, class membership 17, attendance, 13; third boys, class membership 26, attendance, 18; junior class, membership 40, attendance, 28. Total average attendance during month of November, 200.

Sweetheart: Why wait, I'll buy the Diamond ring at Besse Jewelry Co. and we will be married Christmas day.

CHICAGO MAN BUYS ROSENTHAL STORE

Albert Guthman, Formerly Connected With the Fair, is the New Owner.

Albert Guthman, for years a buyer for the Fair store at Chicago, and with years of experience, has purchased the Rosenthal store and will devote his entire time to the management of it.

While a page advertisement in Wednesday's Sentinel told of a change of management of the store the name of the new purchaser was not given for the reason that Mr. Guthman desires to remain in the background as much as possible and will continue the use of Mr. Rosenthal's name. Mr. Guthman is a most pleasant gentleman to meet and will no doubt be given a most cordial welcome to the city. He expects to make Fort Wayne his future home.

When E. M. Rosenthal was made general manager and vice president of the Rothschild's store at Chicago he found that his new duties were so strenuous that he could devote no time whatever to his store here. For that reason the transfer of the business was made to Mr. Guthman. The new owner has been associated with Mr. Rosenthal for many years and will make no radical changes in the policy of the store. He hopes to maintain the good name of the store, which is recognized as one of Fort Wayne's leading ready-to-wear establishments.

Mr. Rosenthal started in business here nine years ago and during that time has built up a splendid trade, which it is assured will be continued under the new management.

WILL HOLD SPECIAL CONCLAVE.

Knights Templer Will Confer Degrees on a Number of Candidates.

A special conclave will be held this evening by Fort Wayne commandery, No. 4, Knights Templar, at which time the degrees of the Order of the Temple and Knight of Malta will be conferred upon a number of candidates.

The annual election of officers will be held one week from tonight. The secretary also will make his annual report, which will show that the commandery has had a most successful year.

Cured His RUPTURE

I was badly ruptured while lifting a trunk several years ago. Doctors said my only hope of cure was an operation. Trusses did me no good. Finally I got hold of something that quickly and completely cured me. Years have passed and the rupture has never returned, although I am doing hard work as a carpenter. There was no operation, no lost time, no trouble. I have nothing to sell, but will give full information about how you may find a complete cure without operation, if you write to me, Eugene M. Pullen, Carpenter, 92 A. Marcellus avenue, Manasquan, N. J. Better cut out this notice and show it to any others who are ruptured—you may save a life or at least stop the misery of rupture and the worry and danger of an operation.

PUTS HOT STUFF IN HIS CROSS-COMPLAINT

Moses Jacobs Comes Back at Wife With Charges That Have a Sizzle.

That Moses Jacobs believes he ought to have his say in court is given ample evidence in a cross complaint he filed Thursday in the superior court in answer to the earlier suit filed by his wife, Anna Jacobs. He charges her with cruel and inhuman treatment since their marriage in 1900, has associated with immoral men and women and that during the big flood in 1913 corresponded with an insurance man named Albright, whom she met and stayed with in dark rooms "without any lights" at the home of her sister, who is described as a bad character. He says she was so friendly with her brother-in-law that he committed suicide when she cast him off and that last summer she "got in with a fellow named Nulf, a railroader," who called her up over the telephone and whom she would meet at the city market place. Now, he says, she gets letters from a man in Columbus, Ohio, who addresses her as "my sweetheart," whose picture she wears on her neck and who carries her picture in his watch. The wife is charged with continually using foul language to the plaintiff in the presence of their two children, aged 9 and 11 years, and calls them vile and indecent names. She has left him repeatedly, but always has returned, he taking her back because of the children. He asks custody of the children. Mrs. Moses filed a suit for divorce September 1, 1914, and December 10, about the time the cross complaint was filed, she brought in a supplemental complaint. They were divorced in April, 1913, and a few days later were remarried.

Fined for Selling to Minors.

Charles Gephart, who was running a saloon on the Bluffton road just beyond the Broadway bridge, was fined $25 and costs on his plea of guilty in the circuit court. The case was up on appeal from the city court, where Gephart was convicted and given a similar fine. Judge Eggeman warned him that if he were ever brought before him and convicted for such an offense the penalty would be made extremely severe. Last June Gephart sold a case of beer to Ervin Price and Herman Rockhill, two lads that do not look a day beyond their 17 or 18 years.

For Partition, Ejectment and $4,000.

Eugene Dingman and Harriet Nuttle have brought suit in the circuit court against Joseph Reichart for partition of real estate, ejectment, accounting and $4,000 damages. The defendant is alleged to have been for twelve years occupying land in which the plaintiffs and others have an interest and to have made use of his tenantship solely for himself.

Abused Wife Seeks Divorce.

In the superior court Carrie Manler has begun action against Norman Manler for divorce, charging that he has called her vile and indecent names, cursed and swore at her, struck her, has associated with other women and has remained away from home all night. They were married December 21, 1912, and separated the 1st of November this year. She has obtained orders of court restraining the defendant from molesting her at 1330 Rockhill street and the Corrugated Paper company from paying him his wages. She asks that her maiden name, Carrie Meyers, be restored.

Notes of the Courts.

In the circuit court Arthur D. Bohn has filed suit against George Dager to foreclose a mechanic's lien, demanding $50.

The Sessions Clock company has sued George W. and Anna McCan in the superior court for $700 on account.

The Elaborated Ready Roofing company has filed action in the superior court against George Bollinger and Charles LaMore for $800 on account.

The superior court has granted a divorce to Myrtle Morrison from Vern Morrison.

In the circuit court Judge Eggeman assessed a fine of $1 and costs against James Freeman and sentenced him to 120 days in the Allen county jail for drawing a deadly weapon on Patrolman W. A. Lawhead, of the Pennsylvania railway police last August. Freeman, who is a youth, tried to shoot the officer. He made his escape when a companion knocked Lawhead down with a blackjack. Lawhead recognized Freeman on the streets a few weeks ago and captured him after a hot chase.

The suit against Elgie Netterfield for failure to support his child has been dismissed from the circuit court.

Judge Eggeman has designated Hon. Edward O'Rourke as special judge to hear the suit of Grosjean vs. Holligmann in the circuit court.

The suit of Kaleel Bashara vs. Mary Maloley for $3,000 damages has been dismissed from the circuit court.

The suit of the Seavey Hardware company vs. Henry Hilgemann and the suit of Frank J. Martin vs. Mary Fredrick have been dismissed from the superior court.

FIRST ATTACK MADE ON SEASON'S SNOW

Street Department Puts on Men and Teams to Clear the Streets.

The first attack on the season's snow was made Thursday afternoon by Street Superintendent Strodel and his street cleaning outfit. A large number of men and many teams and scrapers were put to work in the business district to relieve traffic and pedestrians of a condition that had begun to grow serious. It is hoped with the aid of the street car company after midnight to get the business district in tolerable condition.

ONE NOTICE; THEN AFFIDAVIT.

Police Ordered to See That Snow is Removed From Sidewalks.

Chief of Police Lenz has directed Captain Kelly, night commandant, and Lieutenant Bevelheimer, day commandant, to order policemen on the beats to notify all property owners and persons in charge of property to remove snow from their sidewalks as the city ordinances provide. The chief's instructions read that each person disregarding the ordinance is to be once notified and no more. If warning is not observed affidavits are to be filed, arrests made and violators will be prosecuted in the city court. The police order goes even further than the removal of snow. All dirt and filth on sidewalks must also be removed, as the city ordinances direct. Many property owners permit the soil to be washed on their sidewalks and allow it to remain until the accumulation become a serious obstruction. Chairman Singrey, of the board of works, and Chief Lenz conferred Wednesday afternoon on the widespread neglect of sidewalks and the police order has followed.

TO CLEAR STREETS OF SNOW.

Traction Company Will Haul it From the Business District.

The traction company will put cars and gangs of men to work after midnight to haul the snow from the streets in the down town business district. Street Superintendent Strodel will have his crews at work getting the snow conveniently heaped up so that it may readily be loaded on the flat cars for hauling away. A severe frost at this time would put the down town streets in a serious condition by freezing the heavy accumulation of snow. Moreover, the system of "near-side" stops under which city cars are now operated, renders it necessary for public comfort and convenience that the streets be kept clear of accumulated snow. Laborers in considerable numbers probably will be able to get employment either with the city or the traction company for this work.

WILL AID TAPP COMPANY.

General Manager Greenland of the traction company has stated to the board of works that he will make any necessary arrangement for lowering the water in the St. Joe river so that the Tapp Construction company may proceed with operations on the Spy Run avenue retaining wall. The dam that raises the water for the traction company's condenser pool at the big power house on Spy Run avenue will probably be temporarily breached to let the water run off.

WILL CONFIRM RESOLUTIONS.

At the meeting of the board of works Thursday night resolutions will be confirmed for the following improvements: Sewer in territory east of St. Mary's avenue, south of the Lake Shore railway, west of Sherman street and north of Herman street; sewer in alley west of Hanna street from Madison to the alley west; sewer in alley south of Pontiac street, from Holton avenue to Reed street; sewer in alley south of Pontiac street, from Winter street to Reed street.

WILL FURNISH LABORERS.

Persons who want to employ men to shovel snow from their sidewalks can obtain all the help they need by applying at police headquarters during the night or before 6 o'clock in the morning. The station furnishes a sleeping place every night for large numbers of wayfarers, most of whom are willing to work at odd jobs to get a little money.

WILL SOON REMOVE PILING.

Carmichael & Cryder, contractors for the Wabash Railway company's track elevation work here, have taken the forms from the concrete columns at the Taylor street subway and within a few days the concrete will be cured so that the piling that support the bridge may be removed. This will permit Taylor street to be opened to traffic under the railroad.

PLEADS NOT GUILTY TO OLD INDICTMENT

New York, Dec. 10.—Carleton Hudson, wealthy Chicago real estate operator pleaded not guilty today to the long dormant indictment found against him twenty years ago in this city. In this indictment it is charged that he, as Charleton H. Betts, forged the name of a women client to a check for $500.

In accordance with an arrangement made by Clarence Darrow, Hudson's counsel, bail was fixed by Judge Mullinquen at $3,500 and was furnished in cash. Darrow and Hudson, or Betts - Darrow admitted the other day that his client had been known as Betts in New York twenty years ago—left the building together and refused to say where they were going. Betts has been in seclusion in this city for several days, his whereabouts being known only to his counsel.

ECONOMY TALK ON ALL SIDES

(Continued from Page 1.)

before the opening of the session. It was said the patronage committee, if one was chosen, would have no power to make appointments to jobs in the house, but it would be the duty to make a careful investigation of the statutes and ascertain the exact number of employes which the house legally may employ and to make a report to the caucus with recommendations for the places. It was pointed out that the committee would never again disregard the law in the distribution of patronage and "plums" or assume to make appointments. Nearly all of the 61 representatives-elect were present.

PEDESTRIANS TO BE TAGGED.

Will Raise Money for the Hope Hospital Fund Dec. 12.

Tag day will be observed by the nurses and friends of the Hope hospital on Saturday, Dec. 12, and it is hoped that their efforts will meet with great success. Pedestrians will be tagged and then they may give any sum desired. The nurses will be chaperoned by the Mesdames A. L. Johns and J. B. Harper. In the evening they will be chaperoned by Dr. Ida Moore, Mrs. Mary Kaufman and Miss Johns. The proceeds realized will be added to the hospital fund.

STEAMER CENTRALIA SAFE.

Much Alarm Through Night for Passenger Craft in Pacific.

San Luis Obispo, Cal., Dec. 10.—After a night of anxiety while her anchors dragged and a southerly gale carried her dangerously near to the rocks of Point Arguello, the passenger steamer Centralia rides at anchor this morning, five miles off the California coast, at the western end of the Santa Barbara channel. The Milliner Harvard is standing by, the wind has died down and the Centralia, although disabled by the bursting of a boiler tube, is in no danger.

FIND EIGHTEENTH BODY.

Sault Ste Marie, Mich., Dec. 10.—The eighteenth body from the wrecked steamer Curtis was found today by surfmen of the Deer Park life-saving station, twenty miles below Grand Marias. It was identified as that of Arvid Ohman, first mate.

The Patterson-Fletcher Co. store was surely a busy place today. With each suit and overcoat they sell enough money is deducted to buy the customers a Christmas turkey.

AUTO TRUCK BUMPS INTO INTERURBAN

An auto truck belonging to J. H. Zimmerman, of Harlan, and driven by one of his employes, bumped into the side of an outgoing Lima and Fort Wayne interurban car at 2:30 o'clock Thursday afternoon at the corner of Washington and Clinton streets. The auto struck the car almost in its center and witnesses state that the men in charge of the interurban are not to blame as they sounded a signal for the crossing.

The radiator and fenders of the auto truck were damaged beyond repair and the interurban car was damaged to the extent that it could not make the trip. The headers and the rheostat under the interurban in the center were all broken, making it necessary to take it back to the repair shop. The car was in charge of Motorman C. Fairley and Conductor W. C. Raymond.

The driver of the auto luckily escaped without serious injury, only sustaining a few bruises caused by flying glass when the windshield was broken.

ONE CAR WAS DEFECTIVE.

Motorman in Wreck Was Operating Train From the Rear.

New York, Dec. 10.—Investigation today of the wreck last night on the Ninth avenue elevated railroad near One Hundred and Sixteenth street, in which two men were killed and more than one hundred persons were injured, disclosed the fact that the motorman of the local train, which caused the wreck by colliding with a standing express, was operating his train at the time from the motor on the third car instead of the first. One of the cars was defective and had been cut out.

"The conductor was giving him a hand signal with a lantern," reads a statement issued by the Interborough Rapid Transit company. The motorman, T. McMahon, has been suspended pending investigation.

GIVEN SIX YEARS IN PRISON.

Los Angeles Mine Promoter Sentenced at Cleveland for Fraud.

Cleveland, Dec. 10.—Daniel T. Ray, Los Angeles, Cal., mine promoter found guilty in federal court several days ago of impersonating a government secret service officer and defrauding Miss Emma R. Ewalt and her father, of Cleveland, out of several thousand dollars, today was sentenced by Federal Judge Clarke to serve six years in the Moundsville, W. Va., penitentiary. The sentence was imposed after a motion for a new trial had been overruled. Ray was arrested in Los Angeles August 6 and was brought here, where he has since been confined in jail.

HIGH COURT AFFIRMS TERRE HAUTE CASE

Terre Haute, Ind., Dec. 10.—The verdict of Judge Charles M. Fortune in the circuit court in the contempt case in which Ed Holler, chief of police, was found guilty and sentenced to thirty days in jail and to pay a fine of $100, was sustained by the supreme court of Indiana in a decision received here today. The decision, which was returned on October 9, makes the chief of police subject to the fine and sentence as assessed by the local court. Chief Holler was out of the city and no action has so far been taken to carry out the sentence.

LAST YEAR'S RECORD IS ALMOST REACHED

Up to noon Thursday a total of 167,715 Red Cross Christmas seals have been sold in Fort Wayne and before the end of the week it is predicted that the record made last year will be surpassed when a total of 173,000 seals were disposed of.

On Monday the telephone canvass will start and every person having a telephone who has not already purchased seals will be called. It is believed that in this manner hundreds of seals will be sold that otherwise would not have been. A total of 2,800 seals were sold by the Gilbert girls at the Empress theater Wednesday afternoon and evening.

The sales made up to noon Thursday were as follows: Louis Rastetter & Son, $10; Summit City Restaurant, $5; City Suburban Builders, $5; Phillips and Sprague, $5; Nathan Grain company, $5.

Two sales were made Wednesday afternoon as follows: Cooney Bayer Cigar company, $5; Nuttman bank, $5.

THE DEATHS

SEILER.

John Seiler, aged 69 years, a well known Adams township farmer, died Wednesday evening at 6 o'clock at the family home. Death was due to heart trouble, from which he had been suffering for some length of time, but was not considered serious until recently.

Mr. Seiler was born in Adams township and had lived there all his life and was well known throughout the county. He was educated in the St. Mary's schools and was a member of the same church until the organization and founding of St. Andrew's church.

Besides his wife he is survived by three children, John, Joseph and Miss Martha Seiler; three brothers and one sister, Joseph, Peter, Frank and Mrs. Anthony Moser, all of Fort Wayne.

BELIEVES THE WORLD OWES HER A LIVING

Mother of Seven Children Says It's Not Her Fault She is Poor.

"I think the world owes me a living." The above startling declaration was made by Mrs. William Hebst, of Piqua avenue, Thursday morning when she appealed at the trustee's office for assistance.

"I have permitted my children to live on nothing more than bread and water for days at a time just because I was too proud to appeal to charity. I have thought this matter over and I am convinced the world owes me and my children a living."

Mrs. Hebst is the mother of seven children, and she says that although her husband has searched high and low for a job he has been unable to earn more than 50 cents a day for weeks. This is scarcely enough to pay their rent and leaves nothing with which to buy clothes and food.

For days she said she was compelled to keep her children out of school even though the attendance officer has ordered her to see that they attend more regularly. She said she could not send them with nothing more to eat than bread and water. She was given a good sized grocery order by the township trustee.

Frank Smock, treasurer of the Bursley wholesale house, has been critically ill at his home on West Berry street for several weeks. It was reported Thursday morning that he was out of danger and now convalescing.

Onslow Orr, of West Wayne street, who has been suffering from an attack of malarial fever, has recovered from his sickness.

SALT RHEUM ITCHED AND BURNED

On Face, Neck and Hands. Scratching Irritated. Face Disfigured. Could Not Put Hands in Water. Cuticura Soap and Ointment Healed.

Boyne City, Mich.—"I had salt rheum on my face, neck and hands and it got so bad that the least itching on my hands would start them to bleeding. It broke out in pimples which had the appearance of small blisters and itched and burned so I would scratch and irritate them. At the time my face was disfigured. My face, hands and neck were one burning, itching sore and I was troubled that way for several years. It would go away for a while then come back again. I could not put my hands in water and could not rest at night.

"I used remedies but none of them did any good until I tried Cuticura Soap and Ointment. First before retiring for the night I bathed my neck, face and hands with Cuticura Soap and after drying well I then used the Cuticura Ointment. I kept this up every night for two weeks and then twice a week and I am cured." (Signed) Mrs. Pearl Sutton, March 21, 1914.

Samples Free by Mail

If you wish a skin clear of pimples and blackheads, hands soft and white, hair live and glossy, and scalp free from dandruff and itching, begin to-day the regular use of Cuticura Soap for the toilet, bath and shampoo, assisted by an occasional light application of Cuticura Ointment. Although Cuticura Soap and Ointment are sold everywhere, a sample of each with 32-p. Skin Book will be sent free upon request. Address post-card: "Cuticura, Dept. T, Boston."

TERRA HAUTE'S WAY UNLIKE ANY OTHER

Hardworking Saloon There Casts 200 Ballots at Election.

(By J. B. Smollen.)

Terrt Haute, Ind., Dec. 10.—Oh, you Hinky Dink, Bathhouse John, you Penrose and Murphy—you are pikers, bush leaguers, novices—come to Terre Haute and learn how!

For here they play politics with a zeal that does not even stop at murder—and they get by with it!

In Terre Haute you will find the game a delight to your political souls and a system prevailing that will stand you on your heads in awe and envy.

Surely some of the means employed to obtain victory at the polls are so coarse and raw that you would and perhaps have discarded them as unworthy of your participation. But I maintain that taken all together, the machine carries the elections of this wretched city with a finesse that demands the homage of every gang politician in the country.

Tammany never had anything on Terre Haute.

* * *

If Chicago is rotten and if New York is rotten, Terre Haute is the rottenest city politically in the United States!

I thought I knew all the schemes of the half-world from the shameless pre-election colonization of Chicago's notorious First ward to "trimming an egg out of his dough" in the tenderloin.

But I never heard of a drinking fountain, a stone monument or a "for sale" sign on a vacant lot voting the straight democratic ticket. Neither can I see how a saloon twenty feet wide and thirty feet deep, furnished with only a bar and pool table, can be the residence of 200 registered voters. Those 200 men must have had a time trying to sleep on that pool table.

But then perhaps I do not understand these things because I am awe-stricken by this maze of political trickery and can only marvel at the system and ask myself the inevitable question: "How do they get by with it?"

Yet it is true that a drinking fountain and a stone monument voted at the November election. It is true that a vacant lot cast its ballot like a conscientious—however misguided—citizen. And it is also a fact that 200 men with the same address, and that a saloon, voted—how many times the United States court is now trying to find out—to help the gang.

From one small shed—an opium joint—in the rear of a tough saloon of the slums, 35 voters registered!

Repeaters, ever the standby of gang rule, are hardly necessary in Terre Haute, although frequently used with effect. They are needless, however, because election judges and clerks—many of them—are extremely efficient gentlemen as far as the gang's interests are concerned and exceedingly careful in the distribution of the votes in their precincts.

Of course, there are some citizens who want to fight the gang with their ballots. But good government hardly stands a chance.

Such a citizen steps into a voting machine booth. Slipping under the curtain and at his side in a moment is an election official.

"You want to vote the straight democratic ticket?" asks the clerk quickly.

Puzzled by the maze of names, keys and buttons on the board, the voter hesitates—

Bang goes the lever and the vote is recorded—by the election official!

Rather than argue, the citizen leaves the booth. Sometimes he is not even sure that he, not the official, should manipulate the levers.

Imagine how long a game like that would last in any other city.

It isn't always the straight democratic ticket that is voted in this manner. The gang reaches into every party—but is really a party within itself.

Terre Haute has been in the mire long enough. It now wants a bath. The city is beginning to see the light.

The light is the Terre Haute Post—and Charlie Closston.

Charlie is a big, good-natured but very busy young editor. He believes Terre Haute deserves good things. He has set out to get them for his adopted city.

But he has been a martyr to his convictions. He has been slugged and beaten and even thrown into solitary confinement in the city jail by the gang's strong arms.

But Charlie and his history make an interesting story, and this will appear as a second installment of these observations in Terre Haute.

In 1912 British Columbia admitted 56,817 new settlers.

ANGELA MADERO IS ANNOYED.

Sister of Assassinated President of Mexico Seeks Refuge From Man.

South Bend, Ind., Dec. 10.—Frightened by a rough looking man, who persistently followed her for several blocks, Miss Angela Madero, a young sister of the assassinated president of Mexico, sought protection in the home of F. A. Bryan here, Monday night. Miss Madero reached the Bryan home in tears, asking refuge from the man following her, of whom she appeared in much fear.

Mrs. Bryan took the frightened girl into her home and later to St. Joseph's hospital, where she is staying as a patient. The sister of the former president of Mexico was at St. Mary's academy until a few weeks ago. Since that time she has been at the hospital.

TERRE HAUTE HAS GOOD LEFT-OVERS

Infield Looks Fair and Vann is Expected to Return to Club.

Terre Haute, Ind., Dec. 10.—Terre Haute has a few good players left over from last season and, although the time for building up a team has not arrived, President Webb Beggs and Manager Larry Quinlan are both preparing to get new talent and expect to strengthen the club so that it will be a contender next season.

Jack Vann, one of the best catchers in the league, is spending the winter on a ranch in the west and it is expected that he will return when the call is sent out and this means that the backstopping proposition is settled as he needs only a mediocre second string man. He is a hard worker and can be counted on to carry the heavy end of the work back of the plate.

As long as Ted Anderson took care of himself he made an excellent showing at first base. Larry Quinlan stated when the club owners bought Anderson that he could hold him down and he did for a time, but he slumped and proved that Claude H. Varnell was right when he refused to take him back after Denver had placed him on the market.

He will have to hustle to hold his job in the spring as the owners and the manager are casting about for a man to fight him for the position. There is little probability that Tommy Sheehan will return to the fold. Brooklyn cancelled a draft on him and he still belongs to the Terre Haute club, but his showing last season entitles him to advancement and, failing to get it in organized ball, he may leap to the Federals.

If he does Billy Gray will likely be switched to second, which is his regular position, and this leaves third open for a new man. Quinlan will try again at short. His batting and fielding last season were not up to Central league standard, but his presence in the infield kept it steady and what he lacks in playing ability may be made up in his generalship. He wants to play at Erie and if that city gets a birth in the league he may be at the head of the team there as he is a favorite with the Erie public.

The pitching staff will have to be made stronger. Art Nehf looked like one of the best portside propositions in the league and likely will be strong enough to hold down a berth with the team, but Madden was very erratic and little dependence could be placed in him because he was so very much like the nursery rhyme little girl with the curl.

Tom Cantwell was never very well satisfied here and he may be traded. He is a good pitcher and one that would make a valuable member of any hurling staff on the circuit. George Matteson, who gave promise of big league possibilities, did not show as well as in former years, but he is a youngster and more than likely had one of those bad years that come to all pitchers.

Taken as a whole the Terre Haute outfield was weak all season. Andy Kyle is a good lead-off man on account of his ability to work the pitchers and to beat out bunts. His fielding is good and he may hold his job on this basis, but the club needs a real slugger, a man who can be depended upon to hit in the runs and it has none.

"Yank" Davis did not play up to the advance notices of his fielding qualifications and his batting was decidedly weak. Sapir was a little bit slow in the matter of taking hold and did not learn the inner side of baseball as rapidly as a player in the Central is expected to pick it up.

The management had a most discouraging year in 1914, but the men behind the club are going ahead with preparations just like they intend to keep on trying and if the players can be secured the city will be in at the finish of 1915.

WAIVERS TO HOLD WHEN ONCE ASKED

New Movement Up to Aid Weaker Teams in the National League.

New York, Dec. 10.—A resolution designed to aid weaker teams in the circuit by proposing that hereafter a club cannot withdraw waivers on players once they have been asked, was one of the new questions that remained to be acted upon today by the club owners of the National league in annual session here.

It was expected that the resolution will be adopted. The International league is still confronted with the problem of changes in the circuit. The league managers are awaiting the advice of the national commission relative to the transfer of the Baltimore and Jersey City clubs to Richmond and Syracuse, N. Y., respectively.

The commission met a committee from the league and further conferences will be held before a definite move is deemed upon. Interest in American league affairs centered about the negotiations for the sale of the New York club to Col. Jacob Ruppert, jr. President Johnson, who had been conducting the negotiations said last night that the deal was still a possibility, and this has given rise to reports that a compromise over the purchase price had been effected.

MAY TAKE HOLZHAUER.

Sig Hart Brought Gordon Here to Try Out Local Boxer.

Sig Hart may be able to use Young Holzhauer, local boxer, in some of his bookings as the showing made by the Fort Wayne lad against Frank Gordon at the Elks' temple show Wednesday night was impressive.

Gordon was brought here for the purpose of seeing what Holzhauer had and Hart watched the match with interest. Gordon quit at the close of the fifth round because one of his eyes had been closed and he was in no condition to proceed.

Young Ellenwood and Vance Carpenter put up a rattling mill with honors about even. Ellenwood showed improved form over his previous performances here. The battle royal was the amusing feature of the event and was highly entertaining.

The affair was for Elks only and was held in connection with the old clothes social and all money received will be devoted to charity.

NORMALS EXPECT TO WIN GAME.

Lakeside School is Working Hard for Its Game Against the High Club.

Girl basketball players of the Lakeside normal school are working hard in preparation for the meeting Friday night at the James H. Smart school against the girls of the Fort Wayne high school, and expect to win. Both clubs will present a number of new faces and the normal followers regret the loss of Miss Eble, the forward of last season, who was one of the stars of the game.

A preliminary between the freshmen and scrubs will be called at 5 o'clock and will precede the regular game. The girls will line up as follows:

Normal.		High School.

Fred Blanding Ready to Take Up the Simple Life of Michigan Farm If--

Detroit, Mich., Dec. 10.—Fred Blanding, the big Cleveland right-hand pitcher, whose winter occupation is being one of the leading citizens of Birmingham, Mich., is "off" Joe Birmingham, manager of the Naps.

Blanding stood for Joseph a long time because he is named after the ancestral seat of the Blanding clan, but last season the manager so vexed and annoyed the hurler that he positively will not play ball again so long as the former Cornellian is to be his boss.

The blond flinger conveys this information in a letter to J. C. Weed, of Detroit. He does not threaten to leap to the Federals, nor does he demand more salary. He just says that he and Birmingham can't get along, and that one of them will cease to be a Nap. As he has no authority to oust the manager, he solves the perplexing problem by quitting himself.

According to Frederick, Birmingham used him badly last season. When Fred was ready and anxious to pitch and warmed up with enough speed to throw the ball through a brick wall, Birmingham wouldn't let him work. Other days when he didn't even have a glove and had to borrow one, Joe sent him to the mound and let him stay there until the humane society got out an injunction.

Blanding says that he is not the only one who is opposed to Birmingham's management. There is a general feeling of dissatisfaction among the players, he believes, and unless something is done to improve the spirit of the squad, Cleveland can look for another lowly berth in 1915.

If the Naps do not get a new manager, Blanding says that he will retire to his farm near Birmingham and devote himself to agricultural pursuits.

FAMOUS OLD PARK IS PASSING AWAY

Fame and Fortune Made in National League Enclosure at Boston.

The announcement of President James Gaffney, of the Boston Braves, that the world's champions will have a new ball grounds to play on next year means the passing of one of the most famous baseball plants of the country. More real baseball history has been made on the Walpole street grounds in Boston than on any other grounds in the big leagues, with the exception perhaps of the Polo grounds.

During the early years of the American national game the Boston grounds were plenty large enough to take care of all of the fans that wanted to crowd into the stands, but since Johnny Evers and his fellow Braves started to climb from the bottom of the percentage column last July and then won the league pennant and the world's championship the old grounds could not hold one-half of the boys. Fifteen thousand was a good sized crowd to squeeze into the old grounds, and that was after it had been considerably enlarged under the present administration.

The Braves started their friends to the old ball park in the summer of 1913 after a decade of poor attendance at the Boston National league grounds. The poor showing of the Red Sox in the old town and the good showing of the reorganized Braves brought back some of the old fans who had not attended the National league games for many years. Then when the Braves started their winning streak last July the fans started coming thicker than ever, and it was necessary for Manager Stallings to find new surroundings or else turn many people away from the games.

At that time Owner Joe Lannin, of the Red Sox, came to the front with an offer to let the Braves use the Red Sox grounds until they could make some permanent arrangement for themselves. The world's series last October was therefore played on the American league grounds in Boston as well as in Philadelphia, although it was the National league team that won the honor of playing in the big series.

The Walpole street grounds could not have been enlarged for the simple reason that the land surrounding the park was too expensive and not for sale. Railroad yards joined the grounds on the left and center, and on the other two sides streets prevented any extension. Under the administration of Soden, Conant and Billings, the owners of the old Boston National team, and known as the triumvirate, the old grounds became known all over the country as one of the worst kept grounds, but one of the best paying propositions, anywhere to be found. The grandstand was a very simple affair and would seat only 1,200 people, and the bleachers and pavilions brought the capacity of the grounds up to 10,000.

In spite of the small seating capacity though, the owners made a great deal of money in the days before the American league nosed its way into the upper circle of baseball society in 1900. Conant and Soden are today very wealthy men but Billings died a few years ago after losing most of the money he had made out of the game. Under the leadership of Frank Selee, later manager of the Cubs, and the man who gave Frank Chance the opportunity to make a world-wide reputation, the Boston Nationals won several championships and thus got the fans started coming their way. Bob Lowe, who came to Chicago to the Cubs with Frank Selee, and Herman Long, a Chicago boy, were famous members of the old Boston infield and made their reputations in the game on the grounds that are now to be discarded.

Kelly and Clarkson, the two famous Chicago players who were sold to Boston, played on the Walpole street grounds. A. G. Spalding made his reputation on the same grounds.

SELECT NOMINATING COMMITTEE.

Board of Directors of Y. W. C. A. Hold Business Session.

At the meeting of the board of directors of the Young Women's Christian association, held Wednesday at the building, the nominating committee for the new board of directors was elected and is composed of the following: Mrs. A. H. Perfect, Mrs. Christian Martz, Mrs. Edward White, Mrs. George Jacobs and Miss Mary Trotter. The following people were also chosen to serve on the evangelistic committee to aid in the Lyon revival campaign: Mrs. J. S. House, Mrs. George Jacobs, Mrs. Edward Willson, Mrs. Garmeyer and Mrs. Humble.

The nominating committee will report in a few weeks and the election will be held January 8 and 9. Instead of a mass meeting and election, poles will be kept open at the association building from the morning until 9 o'clock at night. The next board meeting will be held January 13.

The house committee represented by Mrs. B. Paul Mossman reported that during the month of November 91 transients had been accommodated for one night and 75 for two nights. The lunch committee also reported that 8,963 meals were served during the past month, which exceeds the month of November a year ago by 1,705 meals.

The resignation of Miss Anna Philley as a member of the board was accepted as she was unable to attend regularly as her work does not permit it.

WANTS INTERSTATE LAW STRENGTHENED

Attorney General Gregory Asks Amendment of Carriers' Act.

Washington, Dec. 10.—Attorney General Gregory made his first report to Congress today as head of the department of justice. He recommended several amendments to existing laws and gave a comprehensive review of the work of the department for the fiscal year. His principal recommendation was for an amendment to the commodities clause of the interstate commerce act designed to block the way of any common carrier which seeks to transport products over its lines in which it has any interest whatsoever.

In asking for such legislation the attorney general referred to the difficulty the department has encountered in attempting to break up what is known as the "hard coal combination" controlling a large part of the anthracite fields in eastern Pennsylvania. He told congress that railroads in that field have met recent supreme court decisions, interpreting the commodities clause, by the organization of corporations whose stock is distributed ratably among stockholders of the railroad, with its management dominated by the railroad. To such a corporation, he says, the railroad in question sells coal at the mines under a contract which puts the new corporation "largely, if not completely within the power of the railroad." This plan has been challenged by the government.

What He Recommends.

"I recommend," wrote Mr. Gregory, "an amendment which will prohibit a railroad from transporting in interstate commerce articles which it manufactured or produced, or which were manufactured or produced by any corporation controlled by it or affiliated with it by having the same controlling stockholders, irrespective of whether such railroad or such controlled affiliated corporation has an interest in the articles at the time of transportation. It is also necessary if transportation and production are to be completely divorced, that congress prohibit any railroad owned or controlled by a producing or trading corporation and not operated merely as a plant facility, from transporting in interstate commerce articles produced or owned by such corporation."

Other Recommendations.

Other recommendations include: An amendment making it a "federal crime" to kill an officer of the United States engaged in serving or executing process, and authority for the use of search warrants in advertising fraud cases which rely on the mails to attract victims.

The department's bureau of investigation investigated during the year white slave cases in which 435 indictments were secured with 357 convictions, 53 acquittals and 16 discontinuances. During tht prteeding year there were 332 indictments and 266 convictions. This bureau investigated on the average 41 complaints of violation of the anti-trust act each month, compared with 36 last year.

LIQUOR STAMPS ARE FINALLY RECEIVED

Revenue stamps to be used on wines, liquors, cordials and other beverages have been received at the Fort Wayne office of the internal revenue collectors. Every denomination has been received with the exception of the $2 stamps.

More than 1,700 dealers in the Sixth district are subject to the war tax, while forms have only been received for fifty. There are only thirty-two left in the office to be distributed.

Dance and pedro party given by the Wayne Knit Bowlers at the club house Friday evening, December 11. Tickets, 10c.

John Suits, who was a candidate for county treasurer in Summit county, Ohio, made a return of the smallest expense account ever recorded by a candidate for office in that county. Suits says he spent only 3 cents for postal cards to notify friends that he was running for office.

SHOP AND RAIL ROAD NEWS

INDIANA HARBOR SHOPS ARE FINISHED

Pennsylvania Will Open Them to Car Repair Work Early in January.

The big car shops of the Pennsylvania at Indiana Harbor are nearly completed and will be opened to business early in January. This shop was designed to take care of the car repair work originating on the Chicago Terminal division, some of which is now performed at Fort Wayne. Local shop officials do not expect the new plant to greatly interfere with work at the shops in this city, which will, it is believed, have all they can do to take care of Western division car work. A master carbuilder will be appointed to handle the business at Indiana Harbor and guesses as to who the appointment will fall upon are being made.

LEGISLATION LEAGUE ORGANIZED.

Labor Union Leaders Preparing to Secure Wanted Laws.

At a meeting at App's hall last night the Labor Legislation league was organized. Its object, as announced at the meeting, is to "educate laboring men in the needs of a new constitution for Indiana and to oppose the twenty-two so-called lost constitutional amendments passed by the last legislature." A committee of five was appointed to attend the Labor Forward convention to be held in Indianapolis December 19 and to assist in the arrangements for the proposed meeting of the Labor Forward movement in this city.

OFFICE FILLED WITH SMOKE.

Assistant Master Mechanic E. E. Dildine and the foremen of the departments of the Pennsylvania shops held their morning conference in the office of Foreman H. T. Hogan today. The boiler shop is receiving an asphalt floor and the men engaged in making the same have installed a six furnace heating and mixing plant in the driveway between the shop building and the freight house. The wind was just right this morning to carry the very black and offensive smoke from the furnaces into the office of Foreman J. T. Leach, of the erecting shop, where the daily meetings of the assistant master mechanic and the foremen are held. The office was untenantable and new quarters were sought. Charley Bahlinger and the other clerks had to take refuge in the office of Boiler Shop Foreman Sarver.

FURLOUGHED SOME FIREMEN.

Six Pennsylvania and four G. R. & I. firemen were placed on the furloughed list yesterday because the crew list was so large that the firemen classed as regulars were not getting sufficient work. The traffic situation on the Fort Wayne railways is peculiar because of its fluctuations. One day it may be heavy and the next day it is likely to be so light as to amount to practically nothing. It is going to improve on the Pennsylvania, however, for the company is assembling grain cars at Chicago to be loaded with wheat for export. One contract calls for 350,000 bushels, about 400 carlonds. The Pennsylvania firemen who were furloughed are J. P. Seiler, J. M. Cromwell, K. H. Baker, H. Kase, C. A. Traceler and E. Jones and the G. R. & I. firemen furloughed are L. E. Dyer, H. F. Contant, A. F. Medaris and E. Zwach.

OUT ON INSPECTION TRIP.

Vice-President J. J. Turner is this week making inspection trips over some of the Pennsylvania controlled lines. He has just completed a trip over the Vandalia and at 4:30 o'clock this evening his special train was delivered by the Vandalia to the G. R. & I. at LaOtto and is being taken to Grand Rapids. Engine No. 1, with Engineer R. Jones and Fireman S. Dalton in the cab, was sent to LaOtto to take the special north. Returning, Mr. Turner and his party will leave Grand Rapids at 3:30 o'clock tomorrow evening and get here in time to have his two private cars attached to Pennsylvania train No. 8 and taken to Pittsburg.

WILL VISIT CALIFORNIA.

Machinist S. C. Gouty, of the Pennsylvania shops, and Mrs. Gouty will leave the day following Christmas for Los Angeles, Cal., where they will spend two months. Will Gouty, a brother of Clayton and a former resident of Fort Wayne, is engaged in the automobile business in Los Angeles and Mr. and Mrs. S. C. Gouty will spend the greater portion of the time on the Pacific coast with him.

FED THE COAST ARTILLERY.

J. W. Carpenter, manager of the Pennsylvania station restaurant, fed forty-two members of the United States coast artillery band at noon today. The party was on train 21 and because of the short time it stopped at the depot, box lunches were ordered and were delivered to the men on the train. The band had a special car. They came from Delaware City and are going to the Pacific coast.

FUNERAL OF H. O. LUFCY.

The funeral of the late Pennsylvania Switchman Harry O. Lufcy, which will be held at the home at 2 o'clock Friday afternoon, will be private except to the members of Fort Wayne lodge, No. 136, B. R. T., and Loyal lodge, No. 35, Ladies' Auxiliary to the B. R. T.

TRANSFERRED TO SHOPS.

E. J. Jones, a Pennsylvania fireman, has been transferred to the roundhouse to work as a machinist's helper. He expects to go back on the road soon, the prospects for increasing business being good.

FIREMAN BREAKS A FINGER.

J. F. Dawson, a Pennsylvania fireman, had the misfortune to break one of his fingers while manipulating the shaker bar at Crestline yesterday. He had to come home "deadhead" and will be unable to work for some time.

INDUSTRIAL NOTES.

Passenger Fireman E. J. Lewis, of the G. R. & I., is sick and off duty.

Engineer W. J. Wooden is sick and off duty. He is a Pennsylvania man.

Pennsylvania Boilermaker A. V. Zuber is at work after a few days' absence on account of sickness.

Chief Engineer A. L. Hadley, of the Electric works, left yesterday on a business trip to Florida.

H. A. Deihm, Pennsylvania yard fireman, who was furloughed six weeks ago, has been recalled and put in service again.

E. G. Rickey, who had his eyes injured with iron rust a few days ago, reported for work this morning.

Mr. and Mrs. C. A. Hermans are preparing for a visit with friends in Indianapolis. He is a Pennsylvania machinist.

Machinists H. W. Breight and O. Breight, brothers, of the Pennsylvania shops, will go to Toledo in a few days to visit friends.

Mrs. F. C. Eggers was the guest of her brother's family at Woodburn last night. She was accompanied by her little son Delmar.

Mrs. Casey, wife of Wabash Machinist John Casey, has returned from Princeton, Ind., where she spent two or three weeks with relatives.

G. F. Wise will be the guest of friends in Logansport the remainder of the week. He is night engine dispatcher at the Pennsylvania round house.

Machinist T. J. McGrath, who had the palm of one of his hands badly cut four weeks ago, resumed work at the Pennsylvania erecting shop this morning.

Machinist Clark E. Scheid, of the Pennsylvania erecting shop, is badly crippled by a monstrous boil on one of his knees. He is likely to be off duty several days as a result.

Fred Huston, assistant master mechanic of the Eastern division of the Pennsylvania, has returned home, after a business trip to Fort Wayne and a short visit with relatives. This city is his birthplace.

Machinist Charles Miller, of the Pennsylvania machine shop annex, has gone to Taylorsville, Ill., to assist his sister-in-law in the settlement of her husband's estate. The deceased was a victim of an accident in a factory in which he was employed.

R. F. Hoham, a Frank Thomson student at the Stevens Institute at Hoboken, will be here during the holiday week as the guest of his father, Machinist Henry Hohman. The young man will complete his third year at the institute next spring.

Gang Foreman E. W. Koehn, of the Pennsylvania machine shop, has been advised that his daughter, Miss Hilda C. Koehn, a kindergarten training school student at Toledo, will be here to spend the holidays with her parents and other members of the family.

E. T. Drew is very sick at St. Joseph hospital with typhoid fever, the malady first showing itself a week ago. Mr. Drew is prominent in labor circles in Fort Wayne, being vice-president of the Indiana State Building Trades council, financial secretary of the Fort Wayne Building Trades council and financial secretary and business agent for the Painters' local union.

DIRECTORY OF THE SCHOOLS.

D. O. McComb, county superintendent, has had published a directory and handbook of the schools of Allen county. The book contains the names of every teacher, school official and trustee in the county, including the city of Fort Wayne. It also contains a list of the graduates from the eighth grade in 1914, there being a total of 202.

Opening Williams Cafeteria, 118 W. Wayne St., tomorrow. Dinner from 11 to 1:30. Supper, 5 to 7.

LIVE AND LET LIVE

If I owned a furniture store I would be satisfied with the large, juicy profits and positively I would not take in washing, kalsomining, white washing or sell sauerkraut; that belongs to the people who make their living in that line of business. Some merchants are not satisfied; they want it all. Monopoly; rule or ruin. They would like to fence in the old town, paint it red and say, she is mine.

If I had a farm I would farm it; if I owned a business block I would rent it out; if I wanted a crow bar I would go to a hardware store—not to a barber shop; if I desired a washing machine I would not go to a drug store (altho', at times, we've noted signs at some proclaiming the sale of hot soup and lunch); if I wanted toys I would go to a TOY STORE—to a man who makes a regular business of it—not to a millinery shop nor a dry goods store, nor a shoe merchant, nor a clothing store, nor to a furniture emporium. This is an age when capitalists and monopoly, with self-interest and greed, are driving the little merchants out of business, but I wish to announce that for the 30th consecutive holiday season I am showing the largest and best assortment of dolls and toys in the city and PRICES ARE RIGHT. No stairs to climb, no elevator to ascend to a third or fourth floor, everything right out on display on the first floor and price marked plainly. It is to your advantage to purchase your toys from this city's most experienced toy man.

ANDY DONNELLY WILL TAKE A NEEDED REST

Twelve Years of Free and Faithful Leisure Will Be Rounded Out.

Andy Donnelly, to the best of universal knowledge and belief, has for the past dozen years stuck to a life of free and faithful leisure, holding close to his motto that it is a wise provision in the correct ordinances of human affairs to "let the women do the work." Also it is written in Andy's record that he has been arrested a dozen times within the last few years. Usually he has been charged with getting drunk and mistreating his family or getting drunk and trying to disturb the boarders and lodgers that Mrs. Donnelly has for many years found it necessary to take in order to make a living for herself and Andy. Mr. Donnelly on Wednesday started trouble at his wife's home, 415 Baker street, and the consequence was his arrest. Overwork and worry had finally broken down the wife and she finally became a paralytic. A guardian was appointed for her by the circuit court a few days ago. It was decided on Wednesday that she should be taken to a hospital for better care. Faithful Husband Andrew's feelings were terribly wrenched and wrecked by this shocking proposal to wrest from his fostering and tender solicitude the wife of his faithful bosom and he started a rough house, committing assault and battery on his daughter, Frances Donnelly. Donnelly declared that to spend money in a hospital was merely throwing good coin away and that he could nurse his helpless partner. The notion of spending for hospitals and nurses perfectly good cash that would purchase no end of red liquor threw him into a frenzy. He was bound to have possession of the bank book, and cut up nasty until Officer Zwick came and got him.

Judge Kerr fined him $20 and costs and added a thirty day jail sentence on the assault and battery charge and he went over to spend two months in the bastile. Judge Kerr promised if he is brought into the city tribunal again to send him over to the circuit court to be dealt with as a chronic offender.

Other City Court Cases.

Jim Conners was given the opportunity to return to his home in Lagrange on condition that he leave $11 of the $12.45 he had in his clothes with Judge Kerr, to be forwarded to him in Lagrange after he arrives. He haggled a bit and consented. The court wanted at first to hold out all but the car fare, but James pleaded for enough additional to purchase breakfast and a shave. He was in Wednesday and turned loose, but was in again by noon.

Mike Fitzgerald, a drunk, drew $1 and costs and went to jail.

Clarence Lavis, charged with neglecting his children, promised to pay $6 a week to his wife and his case was continued for two weeks and he was released on his own recognizance.

James T. Kelo, prosecuted on a health department affidavit charging him with selling milk without a license, pleaded guilty and his case was continued indefinitely on his promise to procure a license. He explained that he is a dealer in milch cows, but that the foot and mouth disease scare had prevented the sale of a bunch of Jerseys he has on hand and that he had been selling milk to two or three grocers temporarily to help pay the expense of feeding, ignorant that he needed a license for that.

TOOK A FORGED CHECK.

The local police have been trying to identify and arrest the man who a few days ago purchased a valuable fleece-lined overcoat of the Ben Lehman clothing store on Calhoun street, and paid for it with a forged check on the Roanoke bank. The check was drawn on Mort McFerren, a meat dealer in Roanoke, and made payable to Bert Hine. The man tried to get the check cashed at the Commercial bank in this city, and while the cashier was calling the Roanoke bank to make inquiry the fellow walked out. The bank at Roanoke stated that from the description of the man representing himself to be Mr. Hine he judged the person to be that gentleman and that the check probably was good. When the Lehman store inquired at the Commercial bank and was informed of the conversation with Roanoke the check was accepted.

THINKS HORSE STOLEN.

Joseph Steke, 222 East Superior street, reports to the police and sheriff that a horse rented of him Tuesday by a stranger, has not been returned and he believes it has been stolen. The horse is a dark bay, ten years old and blind in both eyes.

NEED NOT STEAL TO GET BREAD.

Rather than have its customers robbed, the Scherer Baking company announces that it will supply with bread any needy persons who call and prove their necessities. Twenty-five loaves delivered to the Lischalon & Peters grocery on East Wayne street early Wednesday morning were stolen along with a quantity of pastry.

WANTED IN OHIO.

W. J. Prentice, wanted in Dayton, O., for contributing to the delinquency of young girls, is held for officers from that city. He was out on bond and fled to Fort Wayne. He was arrested by Detective Sergeant Spillner.

Burgener; organist, Vernia Smith; assistant organist, Mary Fuhrman.

Mr. and Mrs. P. A. Harr, of Springfield, Mo., and Lawrence and Harlen Sheets, of Watson, Canada, who attended the funeral of their mother, Mrs. Oliver Sheets at Wren, O., went to Fort Wayne for a visit.

Among Fort Wayne visitors were Mrs. J. W. Tyndall, Mrs. J. H. Heller and Helen Fonner.

Mrs. D. V. Steele went to Attica for a visit until after Christmas with her daughter. She will be joined at Christmas by Mr. Steele. She will then go to Hammond to visit with another daughter.

L. W. Coppock, formerly of this city, is quite ill of paralysis at his home in Grand Rapids, Mich. He is manager of the motor truck manufacturing plant which was moved there from Decatur.

Wife Sends Blind Hub to Congress

Mrs. T. D. Schall

Minneapolis, Minn., Dec. 10.—Mrs. Thomas D. Schall can't vote, and she wouldn't run for office if she could, but nevertheless she's considered one of the most brilliant political campaigners in the west.

It was as campaign manager for her husband, Congressman-elect Thomas T. Schall, of Minnesota, that Mrs. Schall made her debut in politics.

Congressman Schall is blind and comparatively helpless, but with his wife as his constant companion he made a strenuous campaign last November.

Mrs. Schall arranged his automobile trips and his campaign meetings, and she made many speeches in his behalf.

WOMAN CAN LIVE ON ONLY $20,000

Mrs. Hayes Didn't Believe It When She Asked for Alimony.

New York, Dec. 10.—Why, yes, by practicing a great deal of self-sacrifice, by living in a cheap sort of house, by curtailing the education of the children, by cutting down on the gifts to charity, by skimping here and doing without there an American woman and her little son and daughter can manage to get along on $20,000 a year. Oh, yes, indeed; you would hardly believe it, perhaps, but she can actually save something out of the twenty thousand.

Mrs. Blanche A. W. Heye, of New York, knows it can be done. She has done it. But before she tried it, she was sure it was impossible. She believed at least $50,000 a year would be necessary, and she said so when she asked for alimony in her suit for divorce against her husband, George G. Heye, a millionaire oil man, last year. She submitted itemized lists of expenditures to show the judge she wasn't fooling. Surely there couldn't be a mistake. There were the long rows of figures and equally long rows of things she said were necessary, and the figures seemed to be added up correctly.

Ten Thousand a Year for Clothes.

There was the apartment in the Langdon hotel on Fifth avenue—eight rooms and five baths. To get it at $10,000 a year was quite a bargain. Another ten thousand was only a fair amount for her own clothes. Then the two cars, and the furs, and the children's clothes, and their toys, and their training—dancing, swimming, language classes, music, riding and elocution—all these things weren't to be had except by paying for them. In fact, when Mrs. Heye went over the list the $50,000 looked rather small to her.

But her husband didn't think so and neither did the judge. Her husband called her extravagant, and the judge administered a little scolding. New York society women look upon divorce with their eyes too much on the size of the alimony, his honor hinted. The outcome of it all was that the amount received would not have been recognized by the amount asked for had the two met in the street.

Now, however, Mrs. Heye is ready to agree that a woman with two children can get along very well on $20,000 a year. They can live very happily, she says, for never have they been happier than during the last year. She even boasts of saving a good part of the alimony, and the sacrifices have not been of the necessities of life, she says.

GOOD FELLOWS ARE ACTIVE.

Arrange to Give Columbus Poor a Merry Christmas.

Columbus, Ind., Dec. 10.—The Good Fellows—and that means any one who is willing to help the poor to have a merry Christmas—have begun their annual campaign here. This organization will have a municipal Christmas tree in Commercial park and will hold exercises there on Christmas eve.

The members have placed contribution boxes throughout the city, where those who wish to contribute may do so. They are going to give a play, the proceeds of which will go to their fund. The management of one of the theaters here has announced one show, the receipts from which will be turned into the Christmas fund.

The Monday Literary club members have agreed to dress two dozen dolls at the next meeting. The Kitzinger Bakery company has contributed 150 loaves of bread and John H. Schaefer, a miller, has given a barrel of flour. These gifts are coming earlier than usual this year and as a result the Good Fellows think they will have a much larger fund to use in spreading Christmas cheer.

SOCIETY

A lovely party enjoyed by a dozen young women was given yesterday afternoon in honor of Miss Irene Comparet at the home of Mrs. Daniel Milligan, of South Webster street. Mrs. Milligan was assisted by her sister, Miss Bowser. The guests spent their time in visiting and sewing and in the enjoyment of most tempting refreshments with such pretty accessories as yellow roses, yellow tulle bows, yellow nut cups and gold and white name cards, forgot all about the lack of sunshine out of doors. Miss Comparet received a shower of silk stockings and a bouquet of roses. The guests were Mrs. Abbott Carter, Mrs. Arthur Rose, Mrs. Herbert Zurmuehlen, Miss Irma Henderson, Miss Gladys Walker, Miss Irma Comparet, Miss Mary Menefee, Miss Eva Smith, Miss Larene Travers. Miss Comparet is a bride-elect of this month.

Miss Linda McKinnie has returned from a visit to New York city.

Mrs. Guy Scott has gone to Minneapolis, Minn., on a visit with friends.

Mr. and Mrs. J. N. Young have gone to Miami, Fla., to remain for some weeks.

Mr. and Mrs. Franklin B. Meade went to Detroit, Mich., today for a visit of several days.

Mr. and Mrs. Frank Randall are entertaining their daughter, Mrs. Austin Melchor, of Detroit, Mich.

Miss Della Kerns and her cousin, Edward Waters, have returned from a five months' trip in the south.

Mr. and Mrs. B. L. Romy and two children left Wednesday for Fort Myers, Fla., to remain all winter.

Mr. and Mrs. Samuel L. Morris, jr., have as their guest Mrs. Morris' mother, Mrs. C. H. Good, of Huntington.

Mrs. A. F. Hall's sister, Mrs. Agnes Brown, who had been visiting here, has returned to her home in Indianapolis.

Misses Gladys and Estella Greek have returned from a theatrical trip for a few weeks' visit with their parents.

Miss Olds' Tuesday evening dancing class of adults will meet in the future in Elks' hall instead of at the Country club.

Mrs. Glenn Ayers, of Montpelier, is the guest of her parents, Mr. and Mrs. George O. Russell, and other relatives, of South Calhoun street.

Mrs. Will A. Fleming returns today from a trip to Chicago of several days.

Miss Claire Hatfield, of Winona Lake, is visiting Mrs. Gray Erick.

Mrs. William Colfax Jones, of Colorado Springs, Col., has arrived to spend some days with Mr. and Mrs. T. J. Rodabaugh, of Washington boulevard west. Mr. Rodabaugh is seriously ill.

Harry Offutt is going to Harrisville, Pa., the latter part of this week to join Mrs. Offutt and little child, who are visiting relatives there. Mr. and Mrs. Offutt will return home in a few days.

Miss Bertha Ciuska, who has been with friends in Albuquerque, N. M., for a few days, has gone to Los Angeles, where she expects to spend the winter with her sister, Mrs. August, formerly of Topeka, Kan.

John Langgin, who makes his home with his sister-in-law, A. L. Seiler, will leave tomorrow for Hardington, Neb., to visit a daughter and on his way back here will stop in Des Moines, Iowa, and vicinity to visit other relatives and friends.

Mrs. Clyde Niles, of Suttenfield street, entertained the Modern Priscilla club yesterday afternoon. This club is in its seventh year of existence. Its members are besides Mrs. Niles, Mrs. Ira Meyer, Mrs. Victor Miller, Mrs. Ben Bennett, Mrs. Wilson Boucher, Mrs. John Grice, Mrs. William Jackson, Mrs. Sherman Smith, Mrs. Everett Wilson and Mrs. Harry Eyre.

The young women who are interested in tag day benefit for Hope hospital, which will be next Saturday, declare that a little snow or much snow will in no wise discourage them in their rally to sell tags. In fact snowy weather is far better than rain and the shopper for the holidays or for anything else would better be supplied with small change unless he is to be so generous as to deposit a bill or so as the tags are pinned on.

"CHILD LIFE" CHAPTER FORMED.

Officers Elected Local Branch American Institute of Child Life.

At the organization of a local chapter of Child Life at the Y. W. C. A. on Wednesday afternoon, Mrs. Fred McCulloch was elected president; Mrs. Chester Hall, vice president, and Mrs. Hastings, secretary. Mrs. McCulloch immediately appointed the following committee for work: On program, Mrs. William Griffin, Mrs. Edward Gilmartin and Mrs. M. E. Dessauer; on press, Mrs. F. E. Stoudt, Mrs. Vail and Mrs. Smith. Meetings will be held monthly, on the second Tuesday. The local society will be affiliated with the American Institute of Child Life, of Philadelphia, which is the only institution of its kind in this county. Its purpose is to teach the scientific training of children. Mrs. O. N. Guldlin presided at the meeting and explained something of the purpose of forming the local society and of the need of a branch of such an institution as the Philadelphia one. Two ladies who are here to form the chapter, Misses Luella Townley and Harriet Randolph, gave talks on the subject during which they emphasized the need of efficiency and the necessity of proper training to develop it. Miss Townley quoted the judge of the Cincinnati juvenile court, who said that 25 per cent. of the bad boys came from good families, and that the blame was principally the result of wrongly directed environment and not a matter of heredity.

BAILHE TRIO RECEIVES PRAISE.

Delights Richmond Audience of Musical Taste With Their Work.

Praise of a discriminating character and evincing great approval was given the performance of the Bailhe Trio, of this city, for a recital given in Richmond on Sunday afternoon. In a column article devoted to the review of the concert and of chamber music, a Richmond critic says: "The audience was made up of musicians and music lovers of Richmond, and so appealing was the art of the performers that they were at once en rapport with their hearers and continued so throughout the presentation of the program. In the Godard number, which opened the concert, their fine ensemble was at once apparent, emphasis to the splendid rhythmical interpretative possibilities of the composition being made, the whole being played with extraordinary nerve and virility. Especially was the piano noticeable in this number, Mr. George Bailhe giving much color, life and vivacity to his reading and making the piano, often a cold and lifeless part of a combination of instruments, a potent factor in the ensemble. In Richard Wagner, the 'cellist, who appeared in three solo numbers and whose last number was followed by such an insistent encore, he responded, Richmond heard one of the finest 'cellists who had ever played before a local public. Mr. Wagner possesses wonderful technical skill, musical judgment, rich tonal interpretative talents and admirable artistic poise."

SHOULD "OTHER WOMAN" BEAR ALL THE BLAME WHEN LOVE DIES?

Latest "twists" in hairdressing. At the top the "French twist"; below, at right, the "egg twist"; lower left, the "Parisian twist."

The egg—the mellow egg of cold storage vintage, mayhap—is Dame Fashion's latest model for hairdressing; and the newest twist, the very latest fluff in the hairdresser's art, is the oval, close-fitting "egg twist."

It was at the annual convention of hairdressers that the new "twist" was hatched, and, though other modes—the French twist, the Russian roll, and the Chicago fluff—offered competition, they were all tossed, so to speak, into the bureau drawer and the newly-hatched "egg twist" went chirping on its way to popularity.

The "egg twist" is a modification of the popular "French twist." The "crown of glory" is piled on the head; the point of the glistening peak is placed just opposite the point of the chin; the hair is patted down close to the head until it forms a perfect oval, as egg-like an "egg" as ever sheltered an Easter chick.

The French twist or the "Ste. Gene" style of hairdressing ran second in popularity to the "egg twist," but every model shown in the convention exhibit proved that the close-fitting, high arrangement is the correct thing in coiffures.

AT THE MAJESTIC.

Bargain Matinee Saturday at the Majestic.

In producing the new play, "While the City Sleeps," written by Edward E. Rose, author of "The Rosary," and which is to appear at the Majestic Saturday, Messrs. Rowland and Clifford aim to show the night life of a great city and its relations to those men who during those hours of darkness guard the safety of its inhabitants.

In "While the City Sleeps" the author shows a side of city life and proves that crime is crime; that breaking the law menaces every man and woman in the community; that those whose duty it is to guard us while we sleep are deserving of high praise and the support of every citizen.

We hear much of Raffles, that high colored character of thieves fiction; Jack Sheppard and Claude Duval live in the classic stories of that early time, but where is the chronicle of the everyday, faithful, earnest policeman who walks his beat in rain, snow and sleet, taking his life in his hand not once a day but during almost every hour? And for what? Merely a living wage that does not represent the risk he faces almost hourly.

AT THE TEMPLE.

The sparkling wit, keen humor, uproarious fun, catchy music and dainty, graceful dancing as well as the elaborate stage settings and charming costumes worn by the principals and chorus alike in Uncle Sam's Belles are combining to make this modern burlesque Fort Wayne's favorite current amusement center. The special matinee for the women yesterday attracted scores of the fair sex to the playhouse where Kelly, Damsel and Williams, the famous comedians and producers, furnished them an entertainment that brought round after round of vigorous and unmistakably happy applause from the women. Tomorrow afternoon another special dime matinee for the women will be given.

Uncle Sam's Belles are setting a high mark for following burlesque combinations to shoot at as what with the handpicked chorus of real beauties and the imposing battery of principals the show is blessed with talent unusual even for a Barton circuit production.

Active mining of pitchblends, the chief source of radium, has been begun in India, near Bombay.

AT THE EMPRESS.

Caesar Rivoli, the man of a hundred characters, is the headliner on the bill for the last half of the week at the Empress theater. This bill opened this afternoon and will be seen each afternoon and evening for the rest of the week, closing on Saturday night. Rivoli puts on a little dramatic sketch in which he plays all the parts. He leaves the stage by one door in the costume of one character and appears within a few seconds on the stage through another door in the costume of an entirely different character. He has everywhere been hailed as the world's greatest character impersonator.

Andy Rice, one of the great of vaudeville monologue men, presents his monologue which he calls "Rice and Old Shoes." This is a real laugh treat. Gorlet, Storr and Lafayette, singers and instrumentalists of class, figure prominently on this new bill.

AT THE JEFFERSON.

"THE PAINTED WORLD."

Anita Stewart, Julia Swayne Gordon and Harry Northup Seen in This Drama.

If you like your motion-picture served with cosmic punch as the principal heaven, you are going to be an interested critic when "The Painted World" is shown. This rather racy story came originally from the pen of Jacques Futrelle, and it resolves into one of the strongest moving-picture releases seen here in many a long day. Anita Stewart is the Magdalen of the plot, with stately Julia Swayne Gordon as the actress mother who tries to keep her daughter in ignorance of certain facts which come to light at an inopportune moment. Harry Northup as the dissipated father of the girl, gives a remarkable interpretation of a character repugnant in every way. The rest of the cast includes a good many of the Vitagraph favorites, who can always be dependent upon to supply the proper atmosphere to a story.

The other attraction included on the program is a splendid adaptation of Hal Reide's much read and much discussed novel, "Foul Play." In photo-dramatizing the book, the producers have changed the title to "The Ticket of Leave Man," but the action recurrent in the story is left intact. A fine presentation is given by a picked company of Pathe artists from the American studios.

"THREE MEN WHO KNEW."

Fantastic Drama Provides Entertainment of an Unusual Kind.

One of the most uniquely interesting dramas which has been released of late is "Three Men Who Knew." The plot involves the double climax which was originally made famous in Earl Derr Bigger's melo-dramatic offering of last season, "Seven Keys to Baldpate," and in the transference of this method to screen needs, the author of the scenario has given us a story that displays unusual originality. It tells of a man—who dozing off to sleep, dreams that he and several companions are in a temple in India. They insult the idol of the brown worshippers, and the high priest calls down upon them the wrath of the gods. When they return to America, the evil influences which are supposed to be exerted by the spiritual potentates, begin to manifest themselves, and a series of horrible punishments are meted out to the idol defamers. In the end, the dreamer awakens, to find that his experiences are but the fancies of a horrible nightmare.

Another of the ludicrous Sterling laugh-producers, or rather "grouch-absorbers" proves to be the other attraction, "His New Job," being the title of the absurdity. The orchestra has arranged an excellent program including the "Spirit of Independence" march and "In the Town Where I was Born." Miss Lyons will sing "Wonderful Dream Girl," a ballad of great beauty.

Moving picture men have followed Stanley's footsteps through Africa.

TAKE CARE OF YOUR BACK, SHE SAYS.

(By Esther Hoffmann.)

"You can read character in backs as well as in faces, hands, mouths, chins, lips or eyes," said pretty Edna Maison, the Universal star who is said to have the most beautiful back in the movies.

"The girl with a plump back shows an easy going disposition and a disinclination to ever worry herself about anything. That kind of a girl usually makes a fine mother.

"A dimple in the shoulder denotes coquetishness, and a square shoulder denotes energy and capability, while a sloping shoulder means femininity and sympathy.

"Carriage should also be taken into consideration when one is judging character by the back. A girl whose back rounds and shoulders slouch is apt to be very lazy.

"Few women pay enough attention to their backs and forget to use a hand glass before their toilette is completed. A belt that gaps from the skirt, a bit of scraggly hair, a collar unfastened, these tell more than a girl would sometimes like her sweetheart to know."

Count Tolstoy's secretary says that the great writer's library contains for thousand volumes in thirty-two language. There were almost as many books in English as in Russian, 3,418 against 3,505, respectively.

Young Wife Comforts Boy Husband Jailed for Murder

Although he is waiting trial in Los Angeles, Cal., on a charge of murder in the first degree, Percy Tugwell, accused of having taken the life of Mrs. Maude Kennedy, August 13, declared in the county jail that Thanksgiving was the best day he ever experienced in his life.

The assertion followed the visit of his young bride.

Young Mrs. Tugwell carried some home-made candy and some cake to him and spent the greater portion of the visiting hours reading to him.

"I never knew before how much a man could love his wife," he said. "She and my mother are the two best persons in the world. Everyone else has a peculiar attitude toward me because I am in jail on the murder charge, but my wife sat right down beside me, put her arms around my neck, kissed me and read to me."

CLEARS AWAY FIRE'S RUINS

Edison Begins at Once the Work of Rebuilding Burned Plant.

LOSS WILL REACH NEAR $7,000,000

Inventor Sees Big Factory in New Jersey Licked Up By Flames.

West Orange, N. J., Dec. 10.—When the fire which last night swept the tenacre manufacturing plant of the Thomas A. Edison companies here was extinguished today, a hurried inventory of the damage revealed that eleven of the eighteen buildings had been destroyed, others had been damaged and that the loss would approximate $7,000,000.

Seven thousand men are employed at the plant and half of these, it is estimated, will be out of work temporarily.

The entire force of employes was put to work today at removing the debris. Under the active supervision of Thomas A. Edison they began tearing down the concrete walls, which had to be removed, while the embers were cooling off. Immediate steps to rebuild have been taken.

Four firemen were injured in fighting the blaze and were taken to a hospital, but are not thought to be seriously hurt.

Edison is Undaunted.

"Although I am more than 67 years of age, I'll start all over again tomorrow," said Mr. Edison last night. "I am pretty well burned out tonight, but tomorrow there will be a mobilization here and the debris will be cleared away if it is cooled sufficiently, and I will go right to work to reconstruct the plant."

The inventor expressed himself thus as he stood watching the flames lick up building after building of his mammoth electrical plant, started, it is thought probable, by an explosion in the inspection building, one of the smaller frame structures.

The building was quickly a mass of flames and the spread of the fire to other structures near by was rapid. The quantities of chemicals in some of the larger buildings made the work of fighting the fire extremely difficult as the firemen were constantly in danger of injury.

Explosions Frequent.

Explosions of chemicals occurred frequently. Employes who were at work about the plant all escaped safely, the firedrill bell being sounded and men and women marching out in virtually perfect order. In all, eleven buildings in the main plant went down with the fire. The buildings destroyed included those occupied by the New Diamond Disc company, the one occupied by the Kinetophone company and the building which housed the Bates numbering machines, together with the Primary Edison battery building, the talking machine building and the administration building.

The fire departments from Orange, East and South Orange, Bloomfield, Montclair and some companies from Newark responded to a call for help, but the firemen from all sides were badly handicapped by lack of sufficient pressure.

The electric light wires of the town went out of commission when the power house at the Edison plant was destroyed, plunging the place into darkness. From the blazing electrical plant itself, however, there shot up towering flames which illuminated the countryside for miles around. Thousands of persons from the Oranges and near by hurried to the scene and the police had their hands full controlling the crowd.

Mr. Edison was not at the plant when the fire broke out, but he was quickly notified and soon appeared. He assumed personal charge of directing the forces combatting the flames, which were sweeping away the buildings that represented the work of years of his life.

FEDERAL CASES GO THROUGH IN HURRY

Judge A. B. Anderson Adjourns Court After Two Days' Session.

The fall term of the federal court in Fort Wayne came to a sudden end Wednesday afternoon. Judging from the number of cases that were to be disposed of it was believed Judge Albert B. Anderson would have to remain here for the remainder of the week.

After it was agreed by attorneys representing the plaintiff in the case brought by Henry M. Hewitt against the Grand Rapids and Indiana Railroad company for damages in the sum of $10,000, to withdraw the suit following Judge Anderson's statement that he did not believe "they would get very far with it," the attorneys in the case brought by Jacob P. Miller, administrator of estate of late Jacob L. Miller against William K. Bixby and Edward B. Pryor, as receivers for the Wabash Railroad company, agreed to let the court hear the testimony. The jury was then excused and although it sat in court for two days, it did not pass on a single case.

About half an hour was required to hear the testimony in the Miller case, when a judgment for $1,500 was granted by the court. Miller, who was a fireman on the Wabash, was killed on April 5, 1914, when a bridge near Attica, Indiana, gave way as his train was passing over it. Judge Anderson said the testimony showed that nobody was particularly dependent on Miller and that his father was the only person who was really deprived of any financial assistance as a result of his son's death.

Judge Anderson and his staff left Wednesday evening for Indianapolis.

Representatives John B. Wyss, Joseph Tonkel and Michael Kinder left Thursday morning for Indianapolis for a conference with other legislators from different sections of the state. The conference will be held at the Denison hotel, at which time proposed laws to be brought up at the next session of the general assembly will be discussed.

TOO MUCH MEAT—APPENDICITIS.

New Jersey Health Authority Gives Theory Credence.

Cambridge, Mass., Dec. 10. Too much meat in the training diet of the Harvard football squad may have been responsible for the attack of appendicitis which kept Captain Brickley out of the game most of last season, in the opinion of Dr. Richard C. Newton, president of the New Jersey state board of health. In a letter to one of the university publications, Dr. Newton says that "the idea that meat eating may cause appendicitis is so prevalent that it would seem to have some foundation in fact." He suggests that "this extremely important matter deserves all the study and research necessary to elucidate the institution."

WHOLESALE FOOD PRICES SOARING

Washington, Dec. 10.—Rapid rise in the wholesale prices of food stuffs in the United States since the European war began is noted in a report today by the department of commerce. Wholesale prices of leading articles of factory consumption and many of the staple articles of food showed a downward trend during 1913 and 1914 until the outbreak of the war.

Between January 1 and October 31, this year, granulated sugar increased more than one and one-half cents a pound; wheat, 20 cents a bushel; family beef, $5 a barrel; tea, two and one-half cents a pound; corn, five cents a bushel; oats, eight cents a bushel, and native beef steers, $1.65. During the same period coffee prices decreased almost three cents a pound, and mess pork $2.25 a barrel.

FIRE AND PANIC IN COLLISION; TWO DIE

New York, Dec. 10.—Two men were killed and more than a hundred persons were injured here last night in a rear end collision between two crowded elevated railroad trains in upper Eighth avenue. Fire broke out in both trains after the crash and most of those hurt received their injuries in the ensuing scramble for safety by the passengers. Firemen fought the blaze in the trains, which were 75 feet above the street, said to have caused the collision.

The dead are: Joseph Collins, a guard, and Gottlieb Minich, a clerk. A defective controller of the local train, which failed to operate the brakes, is said to have caused the collision.

For a moment panic seized the passengers. Women and children were trampled under foot as they rushed, screaming, to windows or doors. They were soon calmed, however, and led in single file to the ends of the trains, whence they walked along the structure to the station. Fifteen of the more seriously hurt were taken to hospitals.

MRS. YOUNG RE-ELECTED.

Chicago, Dec. 10.—Mrs. Ella Flagg Young, superintendent of the Chicago schools, whose salary of $10,000 a year marks her among the highest salaried had been expected over the re-election, last night by a vote of 15 to 6. A fight had been expected over the re-election, but the open support of Mayor Harrison assured Mrs. Young the place.

The common council of the city of Fort Wayne met in the council chamber Tuesday evening, Dec. 8, A. D. 1914, in regular session, Vice President Eugene B. Smith in the chair, and Gustav W. Boerger, clerk, at the desk; present the following members, viz:

Agne, Deitchel, Hartman, John, Keller, Kinder, Korte, Lepper, Mills, Ofenloch, Rogge, Schlebecker, Smith, Welch.

Absent, one, viz: Councilman Bayer.

The minutes of the last regular session having been delivered to the council, were, on motion, approved as published.

MAYOR'S COMMUNCIATION.

Fort Wayne, Ind., Dec. 3, 1914.

Honorable Common Council:

Gentlemen: I have approved the following ordinances passed at your regular session November 24th, 1914:

Appropriation Ordinance No. 523—An ordinance appropriating $372.26 to the park fund.

Appropriation Ordinance No. 524—An ordinance appropriating $450.00 to the police station account.

Appropriation Ordinance No. 525—An ordinance appropriating $150.00 to the incidental account of the department of finance to pay expenses of representatives to the rivers and harbors congress.

Appropriation Ordinance No. 526—An ordinance appropriating $1,500.00 to the street cleaning account.

Respectfully submitted.

WM. J. HOSEY,
Mayor.

Received and spread on record.

COMMUNICATION FROM CITY ATTORNEY.

Fort Wayne, Ind., Dec. 8, 1914.

Mr. Wm. C. Baade, City Controller, City:

Dear Sir—Will you please arrange for the appropriation of ten hundred and twenty-three dollars $1,023.00) to the incidental fund of the legal department to pay the amount of the judgment over and above the amount allowed by the board of public works in favor of the Hohman heirs on account of the opening of Sherman street. The board of works in the condemnation proceedings awarded the heirs twenty-three hundred dollars ($2,300.00) on the theory that the Hohmans would retain the title to the residence on the property. The court awarded the Hohmans thirty-three hundred and twenty-three dollars ($3,323.00) but gave the building on the property to the city. It is, therefore, necessary for us to pay out of the general fund the excess so as to arrange for the sale of the buildings. Upon the sale of the buildings the city will be able to realize practically enough to protect it in the amount of the excess over and above the amount paid by the board of works.

Respectfully submitted,

GUY COLERICK,
City Attorney.

Received and spread on record.

COMMUNICATION FROM CONTROLLER.

To the Common Council:

Gentlemen—I have your communication from legal department requesting appropriation of $1,023. I recommend passage of an ordinance appropriating said amount.

W. C. BAADE,
Controller.

Received and spread on record.

COMMUNICATION FROM CONTROLLER.

Fort Wayne, Ind., Dec. 8, 1914.

To the Honorable Common Council, City:

Gentlemen:—I am sending you herewith an appropriation ordinance for ten dollars ($10.00) to the incidental account of the department of finance to cover a few incidental expenses for the balance of this year.

I would recommend that this appropriation be made.

Respectfully,

W. C. BAADE,
Controller.

Received and spread on record.

COMMUNICATION FROM CONTROLLER.

Fort Wayne, Ind., Dec. 3, 1914.

To the Common Council, City:

Gentlemen:—I am sending you herewith a communication from the Board of Public Works, requesting an appropriation of forty-five dollars ($45.00) to be placed to the "salaries of building inspector account."

I would recommend that this appropriation be made.

Respectfully,

W. C. BAADE,
Controller.

Received and spread on record.

COMMUNICATION FROM BOARD OF WORKS.

Fort Wayne, Ind., Dec. 3, 1914.

W. C. Baade, Controller.

Dear Sir:—Will you please arrange for an appropriation of $45.00 to the salaries of building inspector account? Said sum being necessary to meet the deficit caused by the increase of the salary of the clerk to the building inspector.

Respectfully yours,
FRANK E. SINGREY,
ROBERT E. KELLY,
HENRY HILGEMAN,
Board of public works.

Attest:
H. W. BECKER, Clerk.

Received and spread on record.

COMMUNICATION FROM BOARD OF HEALTH.

W. C. Baade, Controller, Fort Wayne, Indiana.

Dear Sir:—Will you please arrange for an appropriation for $300.00 to the sanitary officers' salary account, this amount being necessary to cover the increase in salary dating from September.

Very respectfully,

J. H. GILPIN,
Secretary.

H. O. BRUGGEMAN, President.

Received and spread on record.

GENERAL ORDINANCE NO. —

An ordinance approving a contract entered into by and between the city of Fort Wayne, Indiana, by and through its board of public works and the Walter Bledsoe and Company by and through its secretary, on the 1st day of December, 1914, relative to the purchase of part of the coal supply for the Fort Wayne municipal electric light and power works during the year of 1916.

Whereas, Heretofore on the 1st day of December, 1914, the city of Fort Wayne entered into a contract with the Walter Bledsoe and Company, providing for the purchase of coal by said city, which contract is as follows:

This agreement, made and entered into by and between the city of Fort Wayne, Indiana, by and through its board of public works, hereinafter called the "consumer" and Walter Bledsoe and Company of Indianapolis, Indiana, hereinafter called the "company," witnesseth, that

Whereas, it is desired by the parties hereto to enter into a contract of purchase and sale of coal as herein set forth:

Now, therefore, in consideration of the mutual covenants and agreements herein contained the parties hereto do hereby agree as follows:

The company agrees to sell to the consumer and the consumer hereby agrees to buy from the company coal for consumption, during the term of this contract, for the Fort Wayne Electric Light & Power works, located in the city of Fort Wayne, Indiana, the consumer agreeing to purchase not less than five thousand (5,000) tons and the company agreeing to furnish not more than seven thousand (7,000) tons; said coal to be delivered as ordered in equal weekly shipments estimated at two (2) cars per week; said delivery to continue until December 31, 1915, with the understanding that the city shall have the right to have said deliveries continue until April 1, 1916, or until December 31, 1916, provided that said city shall give to said company sixty (60) days' notice before the termination of this contract, of its desire to so extend the same.

The company further agrees to furnish coal herein contracted for, in the grade and in such quantities and delivered to the consumer f. o. b. their tracks, Fort Wayne, Indiana, at such times as ordered by the consumer from time to time during the term of this contract, of the kind of coal described below.

The kind of coal shall be 1¼ inch bar screenings, said coal to be mined from geological vein known as Harlan Straight Creek Seam. The coal originating on the L. & N. railroad in Harlan county, Kentucky.

The consumer hereby agrees to pay the said company on the 10th day of the calendar month for all shipments made to the consumer during the previous month, a price of fifty-five cents (.55) per net ton, f. o. b. mines, to which shall be added one dollar and sixty cents ($1.60), the present freight rate, subject to increase and decrease in freight rate as hereinafter stated. Said coal to be delivered by the company to the consumer on their tracks at Fort Wayne, Indiana. The coal heretofore described and to be furnished hereunder to be of the following analysis:

Moisture, 2 per cent.; ash, 6 per cent.; BTU (per pound dry) 13800 (specified analysis).

The company hereby agrees that for each unit of 200 BTU wherein the coal falls below the specified analysis, a reduction shall be made by the consumer at the rate of three (3) cents per ton, and for each unit of two (2) per cent. in which the coal contains more ash than specified, a reduction shall be made at the rate of three (3) cents per ton.

It is understood and agreed that all coal shipped on this contract shall be loaded in self-clearing hopper cars and the company hereby agrees to allow the consumer to make a reduction of ten cents per ton on any shipments made in other than hopper equipment.

It is agreed that when as a result of an act of Providence or of a strike or strikes at the mines or on the railroad, it is impossible for the company to deliver coal hereunder, the obligations of delivery and acceptance of coal shall cease until such strikes are over or delivery of coal can again be made, provided the company notifies the consumer in writing of such probable inability to deliver coal as soon as the company first has knowledge of such probable inability.

It is further agreed that whan such strikes are over or delivery of coal can again be made, the rights and duties of the parties hereto shall be the same as before cessation of deliveries occurred.

It is further agreed that if during the term of this contract there be an increase or decrease in either the miners' wage scale at the mine or mines from which the contract coal is being produced, or in the freight rate from the same mine or mines to the consumer's plant, the delivered value of the coal thereafter sold under this contract shall be correspondingly increased or decreased.

It is hereby understood and agreed that railroad weights shall govern all settlements made in accordance with the terms of this contract.

Should the company fail to deliver coal in accordance with the terms of this contract, the consumer may purchase on the open market such an amount or amounts of coal as the said company shall fail to deliver, in which event all costs hereunder of an equivalent amount of coal of corresponding grade, shall be borne and paid by said company.

The term of this contract shall be from January 1, 1915, to and including the 31st day of December, 1915, and said contract shall neither be effective nor binding upon the parties hereto, until the company shall execute to the consumer a bond to the amount of Three Thousand dollars, said bond to have approval of the consumer for the proper and faithful performance of the terms, conditions and agreements of the contract.

The said company agrees to execute, within ten (10) days hereafter, a bond with a surety company as surety thereon, in the sum of three thousand dollars to be approved by the board of public works of said city.

In witness whereof, the parties hereto have hereunto set their hands and seals at Fort Wayne, Indiana, this 1st day of December, 1914.

GENERAL ORDINANCE NO. —

An ordinance approving a contract entered into by and between the city of Fort Wayne, Indiana, by and through its board of public works and the Lindley, Schmid Company, by and through its secretary, on the 1st day of December, 1914, relative to the purchase of coal by said city, which contract is as follows:

This agreement, made and entered into by and between the city of Fort Wayne, Indiana, by and through its board of public works, hereinafter called the "consumer" and Lindley, Schmid Co., of Indianapolis, Indiana, hereinafter called the "company," witnesseth, that

Whereas, it is desired by the parties hereto to enter into a contract of purchase and sale of coal as herein set forth:

Now, therefore, in consideration of the mutual covenants and agreements herein contained, the parties hereto do hereby agree as follows:

The company hereby agrees to sell to the consumer and the consumer hereby agrees to buy from the company, coal for consumption, for the year 1915 at the Fort Wayne Municipal Electric Light and Power works, located in Fort Wayne, Indiana, the estimated quantity under contract of twelve thousand (12,000) tons, to be delivered as ordered in equal weekly shipments of approximately five (5) cars per week, said delivery to continue until December 31, 1915, with the understanding that the city shall have the right to have said deliveries continue until April 1, 1916, or until December 31, 1916, provided that said city shall give to said company sixty (60) days' notice before the termination of this contract, of its desire to so extend the same.

The company further agrees to furnish coal herein contracted for, in the grade and in such quantities and delivered to the consumer f. o. b. their tracks, Fort Wayne, Indiana, as such times as ordered by the consumer from time to time during the term of this contract, of the kind of coal described below:

The kind of coal shall be 1¼ inch bar screenings, said coal to be mined from geological vein number five from the Bicknell mine in Knox county, Indiana, on the Vandalia railroad.

The consumer hereby agrees to pay the said company on the 10th of the calendar month for all shipments made to the consumer during the previous month, a price of one dollar and eighty cents ($1.80) per net ton f. o. b. their tracks, Fort Wayne, Indiana, for the kind of coal as heretofore described and of an analysis equal to the following:

Moisture, 10 per cent.; ash, 11 per cent.; BTU (per pound dry) 12700 (specified analysis).

This analysis, based on the price of one dollar and eighty cents ($1.80) per ton is equal to 123,234 net British thermal units for one cent which is the contract guarantee.

The company hereby agrees that for each unit of two hundred (200) BTU wherein the coal falls below the specified analysis, a reduction shall be made by the consumer at the rate of three (3) cents per ton, and for each unit of two (2) per cent. in which the coal contains more ash than specified, a reduction shall be made at the rate of three (3) cents per ton.

It is understood and agreed that all coal shipped on this contract shall be loaded in self-clearing hopper cars and the company hereby agrees to allow the consumer to make a reduction of ten cents per ton on any shipments made in other than hopper equipment.

It is agreed that when as a result of an act of Providence or of a strike or strikes at the mines or on the railroad, it is impossible for the company to deliver coal hereunder, the obligations of delivery and acceptance of coal shall cease until such strikes are over, or delivery of coal can again be made, provided the company notifies the consumer in writing of such probable inability to deliver coal as soon as the company first has knowledge of such probable inability.

It is further agreed that when such strikes are over or delivery of coal can again be made, the rights and duties of the parties hereto shall be the same as before cessation of deliveries occurred.

It is further agreed that if during the term of this contract there be an increase or decrease in either the miners' wage scale at the mine or mines from which the contract coal is being produced, or in the freight rate from the same mine or mines to the consumer's plant, the delivered value of the coal thereafter sold under this contract shall be correspondingly increased or decreased.

It is hereby understood and agreed that railroad weights shall govern all settlements made in accordance with the terms of this contract.

Should the company fail to deliver coal in accordance with the terms of this contract, the consumer may purchase on the open market such an amount or amounts of coal as the said company shall fail to deliver, in which event all costs hereunder of an equivalent amount of coal of corresponding grade, shall be borne and paid by said company.

The term of this contract shall be from January 1, 1915, to and including the 31st day of December, 1915, and said contract shall neither be effective nor binding upon the parties hereto, until the company shall execute to the consumer a bond to the amount of Three Thousand dollars, said bond to have approval of the consumer for the proper and faithful performance of the terms, conditions and agreements of the contract.

The said company agrees to execute, within ten (10) days hereafter, a bond with a surety company as surety thereon, in the sum of three thousand dollars to be approved by the board of public works of said city.

Referred to committee on parks and public buildings.

To the Common Council of the City of Fort Wayne, Indiana:

We, the undersigned Edward B. Pryor, receiver of the Wabash Railroad company, the Wabash Railroad company, and the General Electric company, being the parties named in and who executed a lease for certain lands lying in the city of Fort Wayne, Indiana, which lease is dated April 1, 1914, do hereby accept and accede to and hereby agree to abide by all and singular the terms and conditions as set forth and provided in resolution No. 110, passed on October 27, 1914, by the common council of said city and approved on November 5, 1914, by the mayor of said city, by which resolution No. 110 the said common council ratified and approved the said lease subject to certain conditions therein provided.

Witness our hands and seals this 23rd day of November, 1914.

EDWARD B. PRYOR,
Receiver of the Wabash Railroad Co.
WABASH RAILROAD COMPANY,
By E. B. Pryor, its vice president.

Attest:
E. B. PRYOR, assistant secretary.
GENERAL ELECTRIC COMPANY,
By Henry M. Darling, treasurer.

Attest:
U. F. WESTOVER, secretary.

Introduced by Eugene B. Smith.
Adopted.

To the Common Council, City of Fort Wayne.

Gentlemen:—May we ask your body to give to the women of Fort Wayne, representation in form of one of their own sex, on our school board?

We will gladly furnish a petition, signed by thousands of our women, and men, too, if you so desire; also appoint a committee to wait upon the council at any time, to present in detail the advisability and justice of this request.

Hoping for a favorable reply,

Very respectfully,

EXECUTIVE COMMITTEE OF THE WOMAN'S LEAGUE.
MRS. W. S. MORRIS,
President.
MRS. JOHN G. SCHWARZ,
Corresponding secretary.

December 5th, 1914.

Introduced by Eugene B. Smith.
Made matter of record.

GENERAL ORDINANCE NO. 671.

An ordinance fixing the salary of the superintendent of streets.

Section 1. Be it ordained by the common council of the city of Fort Wayne, Indiana, that the superintendent of streets receive a salary at the rate of fifteen hundred dollars ($1,500.00) per annum.

Section 2. That this ordinance be in full force and effect on and after January 1, 1915, legal publication and approval of the mayor.

CHARLES E. WELCH.

The ordinance was read the third time in full and on motion was now passed by the following vote:

Ayes, thirteen, viz: Agne, Deitchel, Hartman, John, Keller, Kinder, Lepper, Mills, Ofenloch, Rogge, Schlebecker, Smith, Welch.

Nays, one, viz: Korte.

Mr. Korte explained his vote, stating he would support an increase to $1,350, but not to $1,500.

GENERAL ORDINANCE NO. 672.

An Ordinance Fixing the Salary of the Clerk of the Health Department.

Section 1. Be it ordained by the Common Council of the City of Fort Wayne, Indiana, that the salary of the clerk of the health department be fixed at the sum of fifty-five dollars ($55.00) per month, and that the department of health be and is hereby authorized to pay the same.

Sec. 2. This ordinance shall repeal all parts of any ordinance in conflict herewith.

Sec. 3. That this ordinance be in full force and take effect from and after its passage and approval by the Mayor and legal publication.

A. H. KELLER.

The ordinance was read the third time in full and on motion was now passed by the following vote:

Ayes, fourteen, viz: Agne, Deitchel, Hartman, John, Keller, Kinder, Korte, Lepper, Mills, Ofenloch, Rogge, Schlebecker, Smith, Welch.

Nays, none.

The council then adjourned.

CHECKS CROUP INSTANTLY.

You know croup is dangerous. And you should also know the sense of security that comes from always having Foley's Honey and Tar Compound in the house. It cuts the thick mucous and clears away the phlegm, stops the strangling cough and gives easy breathing and quiet sleep. Take it for coughs, colds, tickling throat, hoarseness and for bronchial and la grippe coughs. Contains no opiates. Every user is a friend. For sale by Dreier Drug Co.

CHICAGO GRAIN AND PROVISIONS.

Chicago, Dec. 10.—Wheat suffered a material decline in price today largely as a result of the British victory in the South Atlantic removing most, if not all, danger of German interference with expected big Argentina shipments to Liverpool. There were also advices that other conditions had improved. After opening ¼@1½c lower to ½c higher, the market rallied a little but then slid down grade.

The close was unsettled, ⅛@¼c to ⅜c above last night.

Corn developed strength owing to rough weather that diminished receipts. The opening, which varied from a shade off to a like advance, was followed by a moderate general advance.

The close was steady at ¼@⅝c to ⅜c net advance.

Shorts and exporters buying steadied the oats market. Trade as a whole, however, lacked volume.

Lower prices for hogs weakened provisions. Buyers were scarce.

THE DAY ON WALL STREET.

New York, Dec. 10.—Out of the ten different bond issues traded in during the opening ten minutes of today's market the only two showing any change whatever were St. Paul convertibles and American Telephone convertible 4½s, which gained slight fractions. All the early transactions were in small lots, with the exception of U. S. Steel 5s, in which a block of $21,000, face value, changed hands.

The forenoon's trading was much below yesterday's both as to volume and number of issues traded in. The trend was again reactionary. Declines included five points in Erie convertible 4s, series A; 3¾ in Denver and Rio Grande refunding 5s; 2¾ in Atchison adjustments and 2½ in Cuba 5s. Rock Island collateral 4s showed further heaviness and Consolidated Gas 6s were lower. Missouri, Kansas and Texas seconds gained 1½ and Chesapeake and Ohio convertible 4½s gained 1½.

The chief feature of the afternoon bond market was its irregularity with a similar undertone in stocks. New York Central was heavy, probably in connection with yesterday's dividend action.

MONEY MARKET.

New York, Dec. 10.—Mercantile paper, 4½@4¾ per cent.; sterling exchange, steady; 60 day bills, 4.8475; for cables, 4.88; for demand, 4.8750; bar silver, 49⅞c.

New York, Dec. 10.—Call money was steady; high, 4 per cent.; low, 3½ per cent.; ruling rate, 3½ per cent.; last loan, 4 per cent.; closing bid, 3½ per cent.; offered at 4 per cent.

SETS UP BOGEY MAN OF STRAW

(Continued from Page 1.)

and for the coast defense guns three-quarters of an hour.

What Is Lacking.

"In short, then, our officers and officials have told us that we lack men for our navy, men for our coast defense and men for our army; that we lack artillery and the ammunition with which to charge the artillery; that we lack great warships to sail the seas and little scouts to act as their messengers and their eyes; that we have a sadly deficient under sea navy and practically no overhead fleet at all.

"I have proposed that an independent commission be appointed to investigate all these things, to recommend to us a definite policy for our future guidance.

"For the first time in the history of this country, so far as I know, a committee of this house has refused a hearing to one of the house's members.

Calls Arbitration Futile.

"Arbitration! What a grand word! All that Carnegie has to show for his money is an unprepared England and unprepared Belgium. Possibly I ought to accord him one other scalp to his tomahawk, although that scalp is made of imitation hair. The pacificists boast that their efforts have at least made every nation disclaim the responsibility for the war. Had Belgium, like Switzerland and Holland, put more confidence in her troops and less in abstraction and scraps of paper she might today be free from the agonies of invasion.

"Yet every scrap of paper to which America puts her signature must be scrupulously redeemed. Come what may, we must fulfill our treaty obligations, even if every other nation on earth is false. But suppose that at some future time we found our path beset with nations with smaller consciences and larger howitzers, what then? Shall we defend ourselves with mammoth rolls of Sunday school signatures or shall we place our dependence in Chautauqua lectures?

"Pending that day I should like a few more dogs of war and I promise not to sick them onto the passers by. I can dream of a day when society will be so well organized that there will be no more burglars."

Representative Gardner issued a dramatic challenge to Chairman Hay, of the military committee, to summon former Chief of Staff Maj. Gen. Wotherspoon and question him about the report in which he commented on the lack of military preparation. Chairman Hay in reply said it was not usual for the committee to examine officers no longer connected with the service.

"I challenge you to summon him," shouted Representative Gardner. "Will you do it?"

"I'll do it if I think it is necessary," replied Chairman Hay quietly and the incident ended.

They are saving from $2 to $4 per ton. Tecumseh coal comes to you direct from the mines. You buy from the mine owners and eliminate all middlemen. You get guaranteed coal at better than wholesale prices. We guarantee the weight and quality of Tecumseh under deposit bond.

Tecumseh Coal analyzes 13,400 B. T. U.'s to the pound, with only 9% moisture and 8% ash. Every pound of Tecumseh Coal is run over our giant Marcus Picking Table before it leaves the mines. And you get it clean as a "hound's tooth." Our mines, located near Vincennes, Ind., are close at hand and save you the expense of long, costly freight hauls from eastern mines.

Tecumseh Coal Is Guaranteed

The high pressure area with its accompanying cold weather is spreading southward from the northwest, and has overspread the plains states, giving freezing weather as far south as San Antonio, Tex., while zero weather is reported from Minnesota and the Dakotas. While somewhat cooler weather is general throughout the central states, no very cold weather is reported from any of the states east of the Mississippi.

Another storm on the Pacific coast is giving heavy rains over central California, San Francisco reporting more than an inch of rain.

Cloudy weather will continue in this section tonight and Friday and snow will continue tonight. While it may be slightly colder, no very cold weather is indicated for the next day or two. The lowest temperature tonight will be about 20 degrees.

BIGGEST JUDGMENT UP.

Supreme Court Considers Danbury Hatters' Case.

Washington, Dec. 10.—The biggest judgment for damages ever rendered under the Sherman anti-trust law was up for consideration today before the supreme court in the Danbury hatters' case. About 180 union men, mostly day laborers in hat manufacturing centers in Connecticut, were appealing from the judgment of the New York federal court's decree that they should pay D. E. Lowe & Co., Danbury, Conn., hat manufacturers, $252,000 damages for a boycott against that concern's hats during a strike of their workmen more than ten years ago.

PLEADS WATERWAYS AS REAL NECESSITY

P. A. Randall in Address Before Rivers and Harbors Congress.

Washington, Dec. 10.—Pleading the necessity of waterways to the growth and development of the country, P. A. Randall, of Fort Wayne, president of the Erie and Michigan Deep Waterway association, addressed the National Rivers and Harbors Congress this afternoon. After discussing the lines of transportation between the various sections of the country Mr. Randall said:

"The one place where there exists the greatest danger of a break-down is in the transportation business between New York and Chicago. Here is the greatest stream of traffic in the country. There is no place where traffic is so congested, today, and no place where it is increasing by such leaps and bounds. Even today there is an embargo on hay, on the Erie and New York Central lines. The terminals of all eastern roads are clogged with cars. There are 4,500 carloads of wheat at Baltimore. Most of them have been there for a month. There are double that number in New York and the Toledo shipments have been delayed for more than a month, and this is not even normal times of shipping. There must be adequate shipping facilities between New York and Chicago. Chicago is the greatest inland distributing center in the world. Over thirty trunk line railroads have their terminals there. It is the heart of the middle west. A thousand miles to the east is New York city, the greatest ocean port in the world, with a population of eight million people within a radius of twenty-five miles. They are all busy people. If the people of New York live they must have the products from the rich land of the middle west. If they live then the west must take their products as well. There are eleven trunk line railroads now connecting these cities which are now in any normal times working to their full capacity. You cannot add another railroad to this list.

Waterway Only Relief.

"The only relief that can be had for this stream of traffic between these cities is a waterway. This waterway must be a through waterway; one that does not compel the breaking of bulk in transit. Such a waterway can be furnished by extending the Erie canal through to Chicago. This can be done by connecting the headwaters of Lake Erie with the headwaters of Lake Michigan, by a waterway that will cost from thirty to forty million dollars. Such a waterway would be the spinal column for the business between the east and the west. This waterway will be known as the New York and Chicago barge canal. The extension will correspond, at first, in size and capacity, with the Erie canal, but the army engineers who have made the survey say that all plans should be made now to increase the size to a thirty-foot canal, from Chicago clear through to New York city, within a period of twenty-five years. Other waterways are perhaps as important, but unless this waterway is built there will be a complete break-down of the business between the east and west and that very soon. One cannot conceive of a more important project. It will be worth infinitely more to the people of this nation than is the Panama canal.

Better Business Coming.

"We have not had a normal year of railroad business since 1907. We have had for a few months, each year, during the past four or five years a swinging back into the normal, but for the most of the time there have been plenty of empties to accommodate the shipper.

"The conditions we have had, for the past seven years, will not continue forever. Everybody is looking forward to and hoping for bumper business. We expect it to come upon us, at the close of this present war. The next ten years after the close of the European war ought to be the fattest years for business this country has ever had. There will be, too, unless our transportation system breaks down, as it did seven years ago. There is nothing to prevent these years being golden with opportunities for us, if we have transportation facilities for taking advantage of them. We should at once turn our attention to this question. We should study the needs of our railroads and give them every help within our power. Above all things give them such increase in rates that they can pay liberal dividends and thus attract money for their needs. In addition we must improve our waterways, not in a niggardly way, but in a munificent way. We should do in the next five years more for our waterways than we have done in the last twenty. We know that the railroads unaided by waterways, cannot do the business of this country on the large scale in which it will come to us. To depend upon them alone will be inviting bankruptcy and ruin to every class of our citizens.

"Waterways will not hurt the railroads; they will aid them; they will take from them the heavy and bulky freight that clogs their terminals and make them no money. Waterways will leave to them the quick freight, the passenger business, the express and mail. The terminals will be sufficient to do this business and they will make out of it more than they do now, by trying to do it all.

"There are certain things business men do, because they have to, not by choice, but by compulsion. A large retail grocer said recently, I sell thousands of tons of sugar every year and lose money on every pound of it. I am compelled to sell sugar or quit the grocery business. The railroads of today are in the same shape as to heavy and bulky freight. They are better off by far without it.

"We ought, as business men and legislators, study what France and Germany have done and Canada has done and is doing with her waterways. If we had spent as much money on our waterways as Canada, in proportion to our population, we would have spent to the present time five billion dollars instead of seven hundred million dollars. If we had spent as much on transportation as Canada has, in proportion to our population, we would have spent, at this time, twelve billion dollars.

"We have heretofore spent seventy per cent. of all our national revenue, outside of our postal receipts, for wars past, present and to come and five to seven per cent. for commerce. These proportions must be reversed.

"When this terrible war is ended, big armies and big armaments and big gun boats will be ended as well. Murderous war, between civilized nations, will never be again. The future contest between civilized nations will henceforth and forever hereafter be commercial, and those nations will win in these contests that have the best and completest transportation facilities."

HOW SHE DISCARDED UNSIGHTLY COMPLEXION.

How often I exclaimed as I beheld my ugly complexion in the mirror, "If I only could tear off this old skin!" And, do you know, I've learned how to do that very thing? Not to actually remove the entire skin all of a sudden; that would be too heroic a method and painful, too, I imagine. The worn-out cuticle comes off in such tiny particles, and so gradually—requiring about ten days to complete the transformation—it doesn't hurt a bit. Day by day the beautiful complexion underneath comes forth. Marvelous! No matter how muddy, rough, blotchy or aged your complexion, you can surely discard it by this simple process. Just get an ounce of ordinary mercolized wax at your druggist's, apply nightly like cold cream, washing it off mornings.

My wrinkles I got rid of by an equally simple method. By dissolving an ounce of powdered saxolite in a half pint witch hazel and bathing my face in the solution, every line completely disappeared. First the finer lines, finally even the deep crow's feet, vanished entirely.—Mona Morrow in Town Tattler.

Quick Relief for Rheumatic Pains

No more blistery, mustard-smelling ointments. No more opiates. The new treatment, MEN-THO-EZE, is a revelation. Applied to sore, inflamed joints and muscles, it gets the congestion right out. MEN-THO-EZE is an ointment and liniment combined. It quickly relieves rheumatic pains, catarrh, backache, lumbago, stiff and sore muscles, pains in joints, neuralgia, headaches, chilblains, earache, croup, sprains, burns and bruises. Contains no injurious ingredients.

MEN-THO-EZE

The Liniment & Ointment In One

MEN-THO-EZE is sold at all drug stores, 25c a box, or sent direct by Lero Medical Co., Fort Dodge, Ia.

For sale and recommended in Fort Wayne by Dreier Drug Co., D. & N. Pharmacy, Meyer Bros. Co. (four stores), Geo. F. Miller.

Storm Enforces 3,000-Mile Voyage on Liverpool Pilot.

New York, Dec. 10.—Because a storm was raging at Liverpool when the steamer Magantic sailed for New York, J. Ankers reached here today, completing half of a 6,000 mile voyage across the Atlantic and back, which he had no intention taking. Ankers is a Liverpool pilot. He could not be landed when the Megantic left Liverpool because of the storm and had to remain aboard the ship.
